**€10,000,000,000**  
**Euro Medium Term Note programme**

**Benefiting from first demand guarantee mechanism granted by Agence France Locale – Société Territoriale and by the Members of the Agence France Locale Group**

Under the **Euro Medium Term Note Programme** (the *Programme*) described in this base prospectus (the **Base Prospectus**), Agence France Locale (the **Issuer**) may, at any time, in compliance with all applicable laws, regulations and directives, issue notes (the **Notes**). Payment of all amounts due under the Notes will benefit from (i) a first demand guarantee (*garantie autonome à première demande*) by Agence France Locale – Société Territoriale (**ST**) (the **ST Guarantee**), and (ii) first demand guarantees by local authorities (*collectivités territoriales*), their groupings and the *établissements publics locaux* which have completed the membership process and have consequently become shareholders of ST (the **Members**), equal to the outstanding amount of the loans of an initial term of more than 364 days for which they will have subscribed with the Issuer (together with ST, the **Guarantors**) (the **Member Guarantees**, together with the ST Guarantee, the **Guarantees**). The terms of the Guarantees and the provisions for determining their limits are set out in this Base Prospectus in section "Description of the Guarantors and the Guarantee mechanism".

The aggregate nominal amount of Notes outstanding at any one time may not exceed 10,000,000,000 euro (or the equivalent thereof in any other currency, calculated as of the issue date). The Notes constitute bonds (obligations) as defined under French law.

The Base Prospectus has been approved by the French financial markets authority, Autorité des Marchés Financiers (**AMF**) which has assigned approval no. 23-217 on 14 June 2023 in its capacity as competent authority pursuant to Regulation (EU) 2017/1129 (the **Prospectus Regulation**). The AMF has approved the Base Prospectus having verified that the information contained therein is complete, coherent and comprehensible within the meaning of the Prospectus Regulation. Such approval should not be considered as a favourable opinion on the Issuer or on the quality of the Notes issued under the Base Prospectus. Investors are invited to make their own assessment of the appropriateness of investing in the relevant notes.

The Base Prospectus is valid for a period of 12 months after its approval, namely until 14 June 2024 and shall, during such period and in accordance with Article 23 of Regulation (EU) 2017/1129, be completed by a supplement to the Base Prospectus in the event of material new facts or substantial errors or inaccuracies. The obligation to publish a supplement to the Base Prospectus in the event of material new facts or substantial errors or inaccuracies does not apply once the Base Prospectus is no longer valid.

The Base Prospectus replaces the base prospectus dated 23 June 2022, as updated by its supplements.

Application may, under certain circumstances be made for Notes to be admitted to trading on Euronext in Paris (**Euronext Paris**). Euronext Paris is a regulated market as defined in Directive 2014/65/EU dated 15 May 2014 as amended, (a **Regulated Market**). Notes may also be admitted to trading on another Regulated Market of a member State of the European Economic Area (**EEA**) or on a non-regulated market or not admitted to trading on any market. The final terms prepared for an issue of Notes (the **Final Terms**), based on the form set out in this Base Prospectus, shall specify whether or not such Notes shall be admitted to trading on a regulated market and shall list, if applicable, the relevant Regulated Market(s). The relevant Final Terms shall also specify whether or not the Notes shall be offered as non-exempt offer to the public under Article 1, Paragraph 4, of the Prospectus Regulation in one or more member states of the EEA.

The Notes may be issued in dematerialised form (**Dematerialised Notes**) or materialised form (**Materialised Notes**), as more fully described in the Base Prospectus. Dematerialised Notes will be entered in an account in accordance with articles L.211-3 et seq. of the French Code monétaire et financier. No physical document of title shall be issued in respect of Dematerialised Notes.

Dematerialised Notes may be issued, at the option of the Issuer, either (a) in bearer form, registered on their date of issue in the books of Euroclear France (acting as central depository), which shall credit the accounts of the Account Holders (as defined in "Terms of the Notes - Form, denomination, title, redenomination and consolidation") including Euroclear Bank SA/NV (**Euroclear**) and the depository bank for Clearstream Banking, S.A. (**Clearstream**) or (b) in registered form, in this event, at the option of the relevant Noteholder (as defined under "Terms of the Notes - Form, denomination, title, redenomination and consolidation"), either in pure registered form (*au nominatif pur*), in which case they shall be entered in an account maintained by the Issuer or any registration agent (as specified in the relevant Final Terms) on behalf of the Issuer, or in administered registered form (*au nominatif administré*), in which case they shall be entered in the accounts of the Account Holder nominated by the relevant Noteholder.

Materialised Notes shall be issued in bearer form only and may only be issued outside France. A temporary global certificate in bearer form without interest coupons attached (**Temporary Global Certificate**) shall be issued initially in respect of the Materialised Notes. Such a Temporary Global Certificate shall subsequently be exchanged for Materialised Notes represented by physical notes (**Physical Notes**) together with, if applicable, interest coupons, on a date falling at the earliest approximately forty (40) calendar days after the issue date of the Notes (unless postponed, as described in section "Temporary Global Certificates in respect of Materialised Notes") upon certification that the Notes are not being held by U.S. Persons in accordance with U.S. Treasury regulations, as more fully described in this Base Prospectus. The Temporary Global Certificates shall be deposited (a) in the case of a Tranche (as defined in the section "Terms and Conditions of the Notes") intended to be cleared through Euroclear and/or Clearstream, on the issue date with a common depository on behalf of Euroclear and Clearstream, or (b) in the case of a Tranche intended to be cleared through a clearing system other than, or in addition to, Euroclear and/or Clearstream or delivered outside any clearing system, in the manner agreed between the Issuer and the relevant Dealer (as defined below).

The Issuer has been assigned an Aa3 rating with a stable outlook by Moody's France S.A.S. (**Moody's**) and a rating AA-, stable outlook by S&P Global Ratings Europe Limited (**S&P**). The Programme has an Aa3 rating assigned by Moody's and a rating AA- by S&P. Notes issued under the Programme may or may not be attributed a rating. The rating attributed to the Notes, if any, shall be specified in the relevant Final Terms. The rating of the Notes

may not necessarily be the same as that of the Programme. A rating is not a recommendation to buy, sell or hold Notes and may be suspended, amended or withdrawn at any time by the relevant rating agency. On the date of this Base Prospectus, Moody's and S&P are rating agencies established in the European Union and registered in accordance with Regulation (EC) No. 1060/2009 of the European Parliament and of the Council of 16 September 2009 on credit rating agencies as amended (the CRA Regulation) and are included on the list of rating agencies published on the European Securities and Markets Authority website (<https://www.esma.europa.eu/supervision/credit-rating-agencies/risk>) in accordance with the CRA Regulation. The ratings issued by Moody's and S&P are, as appropriate, confirmed by rating agencies based in the United Kingdom and registered in accordance with the CRA Regulation which is part of the applicable law in the United Kingdom pursuant to the 2018 European Union (Withdrawal) Act, (the **UK CRA Regulation**) or certified under the UK CRA Regulation.

**In connection with the issue or sale of any Notes, no person has been authorised to provide any information or make any representations other than as set forth in this Base Prospectus. No such information or representation may be treated as having been authorised by the Issuer, the Arrangers or any of the Dealers. Neither the delivery of this Base Prospectus nor any sale made on the basis of this document shall under any circumstances imply that there has been no adverse change in the situation, in particular the financial situation, of the Issuer or the Guarantors since the date of this Base Prospectus or since the date of the most recent supplement to this document, or that any other information provided in connection with this Programme is accurate on any date subsequent to the date on which it was provided or, if different, the date indicated on the document containing such information.**

**The distribution of this Base Prospectus and the offering or sale of any Notes may be restricted by law in certain countries.**

**The section "Subscription and Sale" of this Base Prospectus contains a description of certain restrictions applicable to the offer, sale and transfer of Notes and the distribution of this Base Prospectus.**

**MiFID II Product Governance / Target Market – The Final Terms relating to the Notes may include a paragraph entitled "MiFID II Product Governance" which will highlight the Notes target market assessment by taking into account the five categories mentioned in paragraph 18 of the guidelines published by the European Securities and Markets Authority (ESMA) on 5 February 2018, as well as the appropriate distribution channels. Any person who subsequently offers, sells or recommends the Notes (a distributor) should take into consideration the assessment of the target market; however, a distributor subject to Directive 2014/65/EU (as amended, MIFID II) is responsible for undertaking its own target market assessment in respect of the Notes (and either adopting or refining the target market assessment) and determining the appropriate distribution channels.**

**For each issue of Notes, each Dealer shall determine whether, for the purposes of the product governance rules under delegated Directive EU 2017/593 (the MIFID II Product Governance Rules), they are a manufacturer of such Notes. However, for purposes other than issuing Notes, neither the Arrangers, nor the Dealers nor any of their affiliates shall be considered as manufacturers for the purposes of the MIFID II Product Governance Rules.**

**UK MiFIR Product Governance / Target Market – The Final Terms relating to the Notes may include a paragraph entitled "UK MiFIR Product Governance" which will highlight the Notes target market**

assessment by taking into account the five categories mentioned in paragraph 18 of the guidelines published by the ESMA on 5 February 2018 (in accordance with the guidance from the UK's Financial Conduct Authority entitled "Brexit: our approach to EU non-legislative materials"), as well as the appropriate distribution channels in the UK. Any person who subsequently offers, sells or recommends the Notes (a distributor in the UK) shall be required to consider the target market assessment. However, a distributor in the UK subject to the FCA Handbook Product Intervention and Product Governance Sourcebook) (the UK MiFIR Product Governance Rules) is required to perform its own Notes target market assessment in the UK (by retaining or improving the target market assessment) and determining the appropriate distribution channels.

For each issue of Notes, each Dealer shall determine whether, for the purposes of the UK MiFIR Product Governance Rules, they are a manufacturer of such Notes. However, for purposes other than issuing Notes, neither the Arrangers, nor the Dealers nor any of their affiliates shall be considered as manufacturers for the purposes of the UK MiFIR Product Governance Rules.

This Base Prospectus constitutes neither an invitation nor an offer by or on behalf of the Issuer, the Guarantors, the Dealers or the Arrangers to subscribe for or purchase Notes.

Neither the Issuer nor any Dealer makes any representation to any prospective investor in the Notes as to the lawfulness of their investment under applicable laws. Any prospective investor in the Notes must be capable of assuming the economic risks implied by its investment in the Notes for an unlimited period of time.

Neither the Arrangers nor any of the Dealers has verified the information contained in this Base Prospectus. Neither the Arrangers nor any of the Dealers makes any express or implied representation, nor accepts any liability, as to the accuracy or completeness of any information contained in this Base Prospectus. The Base Prospectus is not intended to provide the basis of any credit or other evaluation and must not be treated as a recommendation by the Issuer, the Guarantors the Arrangers or any of the Dealers to any recipients of this Base Prospectus to buy Notes. Each prospective investor in Notes must make his own assessment of the relevance of the information contained in this Base Prospectus and his decision to purchase Notes must be based on such research as he deems necessary. Neither the Arrangers nor any of the Dealers undertake to review the financial situation or affairs of the Issuer or the Guarantors during the life of this Base Prospectus, and do not undertake to pass on to any investor or prospective investor any information of which they become aware.

In this Base Prospectus, unless otherwise provided or the context requires otherwise, any reference to "€", "Euro", "EUR" and "euro" refers to the lawful currency in the Member states of the European Union that have adopted the single currency introduced in accordance with the Treaty establishing the European Economic Community, any reference to "£", "pound sterling" and "Sterling" refers to the lawful currency in the United Kingdom, any reference to "\$", "USD", "U.S. dollar" and "American dollar" refers to the lawful currency in the United States of America, any reference to "¥", "JPY" and "yen" refers to the lawful currency in Japan and any reference to "CHF" and "Swiss francs" refers to the lawful currency in the Swiss Confederation.

The Guarantors, other than ST, have not reviewed this Base Prospectus (or any supplements thereto) or verified the information contained or incorporated by reference herein. The Guarantors, other than ST, do not therefore express, imply, represent or accept any responsibility for the accuracy or completeness of any information, including information relating to the Guarantors themselves, contained in this Base Prospectus or any statement made on their behalf by the Issuer in this Base Prospectus or the offering or issue of any Notes. They shall, therefore, be in no way liable, whether through contract or tort, for the content of this Base Prospectus, any supplement hereto, or any statement herein.

The Notes may not be a suitable investment for all investors.

A prospective investor should not invest in Notes unless it has the expertise (either alone or with the assistance of its financial adviser) to assess how the value of the Notes will perform under changing conditions and the impact of such an investment will have on its overall investment portfolio.

Each prospective investor must determine, based on his own assessment and with the assistance of any adviser he may consider appropriate depending on the circumstances, the suitability of an investment in the Notes in light of his personal circumstances. In particular, each prospective investor should:

- (i) have sufficient knowledge and experience to make a meaningful evaluation of the relevant Notes, the merits and risks of investing in the relevant Notes and the information contained in this Base Prospectus or any applicable supplement with respect thereto and in the relevant Final Terms;
- (ii) have access to, and knowledge of, appropriate analytical tools to assess, in the context of its particular financial situation and sensitivity to risk, an investment in the relevant Notes and the impact such Notes might have on its overall investment portfolio;
- (iii) have sufficient financial resources and liquidity to bear all of the risks of an investment in Notes;
- (iv) understand thoroughly the terms of the relevant Notes and be familiar with the behaviour of any relevant reference rates and financial markets; and
- (v) be able to assess (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the relevant risks.

#### **Laws and regulations on investment may restrict some investments**

The investment activities of some investors are subject to investment laws and regulations, or to control or regulation by certain authorities. Each prospective investor should consult its legal advisers to determine whether and to what extent (i) the Notes are investments that are appropriate, (ii) Notes can be used as collateral for other types of loans, (iii) if other purchase restrictions or pledge of any Notes are applicable to them, (iv) the Notes are eligible as regulated assets (if any) or (v) the Notes represent an investment that is appropriate from a prudential point of view. Financial institutions should consult their legal advisors and / or their financial advisors and / or the supervisory authorities to determine the treatment to be applied to the Notes for weighted capital ratios based on risk and similar rules. Neither the Issuer nor (the) Dealer(s), nor any of their respective affiliates has assumed or assumes responsibility for the legality of the acquisition of the Notes by a potential investor, either under the laws of the jurisdiction where they are registered or the one in which they operate (if different), or the compliance by a potential investor with any law, regulation or rule made by a regulator that may apply to it.

#### **Canada**

The Notes may be sold only to purchasers purchasing, or deemed to be purchasing, as (i) accredited investors, as defined in National Instrument 45-106 Prospectus Exemptions or paragraph 73.3(1) of the Securities Act (Ontario), and (ii) permitted clients, as defined in National Instrument 31-103 Registration Requirements, Exemptions and Ongoing Registrant Obligations. Any resale of the Notes must be made in accordance with an exemption from, or in a transaction not subject to, the prospectus requirements of applicable securities laws.

Securities legislation in certain provinces or territories of Canada may provide a purchaser with remedies for rescission or damages if this Base Prospectus (including any amendment thereto) contains a misrepresentation, provided that the remedies for rescission or damages are exercised by the purchaser within the time limit prescribed by the securities legislation of the purchaser's province or territory. The purchaser should refer to

any applicable provisions of the securities legislation of the purchaser's province or territory for particulars of these rights or consult with a legal adviser.

Pursuant to section 3A.3 (or, in the case of securities issued or guaranteed by the government of a non-Canadian jurisdiction, section 3A.4) of National Instrument 33-105 Underwriting Conflicts (NI 33-105), the Dealers are not required to comply with the disclosure requirements of NI 33-105 regarding underwriter conflicts of interest in connection with an offering of Notes.

### **Potential Conflicts of Interest**

All or some of the Dealers and their affiliates have and/or may in the future engage, in investment banking, commercial banking and other financial advisory and commercial dealings with the Issuer and its affiliates and in relation to securities issued by any entity in the group. They have or may (i) engage in investment banking, trading or hedging activities including activities that may include prime brokerage business, financing transactions or entry into derivative transactions, (ii) act as underwriters in connection with the offering of shares or other securities issued by any entity in the group or (iii) act as financial advisers to the Issuer or other companies in the group. In the context of these transactions, certain Dealers have or may hold shares or other securities issued by entities in the group. Where applicable, they have or will receive customary fees and commissions for these transactions.

The Issuer may occasionally be engaged in transactions involving an index, or derivatives that can affect the market price, liquidity or value of Notes that could be considered contrary to the interests of Noteholders.

Potential conflicts of interest can arise between the Calculation Agent, where relevant, for a Tranche of Notes and Noteholders, including towards some decisions and some discretionary judgments that the Calculation Agent may have to make pursuant to the Terms of the Notes, which can affect the amount to be received upon redemption of the Notes.

### **Sustainable Bonds**

This paragraph applies if the relevant Final Terms specify that the Notes are Sustainable Bonds:

Prospective investors are invited to refer to the information set forth in the section "Use of Proceeds" of this Base Prospectus and must determine to what extent the proposed use of proceeds and the information presented is acceptable to them. In particular, no assurance can be given to any prospective investor by the Issuer, the Arranger or the Dealers that the use of such proceeds for any Eligible Categories presented will satisfy, whether in whole or in part, such investor's expectations in terms of environmental and/or social performance, or the expectations or requirements as regards any investment criteria with which it is required to comply in accordance with the regulations by which it is governed or under its articles of association, bylaws or mandate pursuant to which it acts, in particular as regards the direct or indirect environmental and/or social impact of the assets financed by expenditure falling in the Eligible Categories. Nor is it certain that no adverse environmental and/or social impact associated with the assets financed in connection with Eligible Categories will occur.

Furthermore, there is currently no legal definition or market consensus on what constitutes a "social" or equivalently labelled project or on the attributes any such project should have. The definition (legal, regulatory or other) of a "green" project or equivalently labelled project, and the market consensus on defining a particular project as a "green" or equivalently labelled project are currently under development. However, on 18 June 2020, the European Council and the European Parliament adopted Regulation (EU) 2020/852 on the establishment of a framework to facilitate sustainable investment (the **Taxonomy Regulation**). The Taxonomy Regulation establishes a single, EU-wide classification system, or "taxonomy", which provides companies and investors with a common language to identify which economic activities can be considered environmentally sustainable. On 1 January 2022 Commission Delegated Regulation (EU) 2021/2139 dated 4 June 2021 supplementing Regulation (EU) 2020/852 by establishing the technical screening criteria for determining the conditions under which an economic activity qualifies as contributing substantially to climate change mitigation or climate change adaptation and for determining whether that economic activity causes no

significant harm to any of the other environmental objectives. However the Taxonomy Regulation and Delegated Regulation (EU) 2021/2139 remain subject to further development with regard to certain specific economic activities and other environmental objectives.

No representation is given by the Arranger or the Dealers as to the relevance of the opinions or certifications emanating from third-party organisations (whether or not requested by the Issuer) relating to Sustainable Bonds or whether the Eligible Categories satisfy any environmental and/or social criteria. Such opinions or certifications are not under any circumstances incorporated by reference in this Base Prospectus.

No assurance can be given to prospective investors as to whether the Sustainability Bonds will satisfy the environmental, social or sustainability criteria required by prospective investors or specified under the Taxonomy Regulation, the principles applicable to green bonds, social bonds or the guidelines applicable to sustainability bonds as published by the International Capital Markets Association. Neither the Arrangers nor the Dealers have any duty or responsibility to assess the eligibility criteria, or to verify the compliance of the Sustainability Bonds with the Taxonomy Regulation, with such eligibility criteria or with such principles or guidelines of the International Capital Markets Association. Furthermore, neither the Arrangers nor the Dealers have any duty or responsibility to monitor any use made of the amount equivalent to the net proceeds of issue. In this regard, prospective investors are invited to consult the Issuer's website or to contact their own advisers.

The Notes may bear interest at varying rates within the same interest period by use of interest accrual periods. All such information shall be set forth in the relevant Final Terms.

**Fixed Rate Notes:**

Fixed interest shall be payable in arrears on the date or dates for each period specified in the relevant Final Terms.

**Floating Rate Notes :**

Floating Rate Notes shall bear interest at the rate determined for each Series as follows:

| <b>Early Redemption:</b>  | Subject as provided in paragraph "Optional Redemption" above, the Notes shall not be redeemable early at the option of the Issuer except for tax reasons and/or illegality.   |
| <b>Withholding Tax:</b>   | All payments of principal, interest and other similar income in respect of Notes, Receipts or Coupons by or on behalf of the Issuer shall be made without any withholding or deduction in respect of any tax or duty of any kind, imposed, levied or collected by or on behalf of France, or any authority thereof with the power to levy tax, unless such withholding or deduction is required by law.   |

If pursuant to French law, payments of principal, interest or other similar income on any Note, Receipt or Coupon become subject to a withholding at source or deduction by reason of any kind of tax or duty, present or future, the Issuer undertakes, to the fullest extent permitted by law, to increase the amount of such payment so that the Noteholders, Receiptholders and Couponholders receive the full amount that would have been paid to them in the absence of such withholding at source or deduction, subject to various exceptions, described in the section "Terms of the Notes" of this Base Prospectus.

### **1. RISK FACTORS RELATING TO THE ISSUER**

#### **1.1 Strategic risks**

***A. The economic, financial and political environment of the markets in which the Issuer operates or raises finance could have a significant impact on the Issuer's financial situation and results.***

The Issuer, which is a specialist credit institution dedicated exclusively to financing French local authorities, may be heavily impacted by a significant deterioration in the economic, financial, political or geostrategic environment in the countries and markets in which it operates, raises finance or invests its cash.

Since February 2022, Russia has been at war against Ukraine. This war is having a significant impact on global geopolitical balance and the economic and political situations in numerous countries.

Being mainly invested in sovereign debt, supranational entity debt or State agency securities of very high credit quality, the Issuer's diversified liquidity portfolio has no exposure to

Russian or Ukrainian issuers and less than 25 million euros in positions on issuers in countries bordering on Russia or Ukraine. The Issuer's liquidity position is also satisfactory: the liquidity reserve amounts to more than 2.1 billion euros, of which 1.1 billion euros solely in deposits as of 31 December 2022, easily sufficient to cover operations for up to 10 months without the need to tap the markets.

In 2022, many countries experienced high inflation linked simultaneously to the resumption of supply chains following the Covid health crisis and the Russian-Ukrainian war. In order to prevent a spiralling of wages and prices, central banks raised their key rates and began to normalise the existing non-conventional monetary policy measures. This background has led to a general rise in yield curves. At the same time, a number of measures have been put in place by States - including France - to protect economic actors, and in particular consumers, from the immediate effects of rising energy prices. It has dampened the anticipated return to growth and increased the debt levels of numerous States – including France – already impacted by the Covid crisis.

This has had various impacts in terms of risk for the Issuer:

The effect of inflation is to increase the operating costs of economic actors – States, local authorities and the Issuer - and depresses their financial situation and profitability; if a wage-price spiral takes off, inflation may continue to have this effect and may impact on their financial position and – as regards the Issuer – its profitability.

- Due to the residual exposure of its balance sheet to interest rates, the Issuer's results benefited from the increase in interest rates seen over the year. If interest rates fall, such exposure, should it continue, may adversely affect the Issuer's results.
- Interest rate movements combined with increasing public debt and deficits have helped generate an increase in the spreads on French sovereign and quasi-sovereign issuers. The gradual phasing out of central bank asset purchase programmes, including by the European Central Bank, may continue to tighten the spread on sovereign issuers and consequently that of the Issuer.
- This situation has led to an increase in the cost of financing for the Issuer, which depends solely on the financial markets. The Issuer, whose activity of granting Medium-Long Term Loans to Local Authorities depends on its ability to secure financing on the capital markets, could be heavily impacted by circumstances that drive up the cost of the Medium-Long Term Loans granted to Members, thereby damaging its competitive position, which may adversely affect its financial position and results.
- The widening of spreads on sovereign debt, should it continue, could increase the amount of unrealised losses in the portfolio and weigh on the Issuer's regulatory capital.
- Due to France's high level of indebtedness, the rating agency Standard & Poor's has placed its rating on negative watch. A downgrade cannot be ruled out, which may make the Issuer's rating vulnerable and therefore increase the cost of its access to finance.

As of today, it is difficult to predict how the situation will evolve.

In the 2022 financial year, given how the environment has deteriorated, the Issuer's cost-of-risk stands at 404 K€, an increase of 309K€ compared to the 2021 financial year, against total provisions of 1 275K€ on all outstanding amounts and represents 1.7 basis points of its exposure. This increase, which is mainly the result of the huge uncertainties surrounding the war in Ukraine, remains limited due to the quality of the Issuer's exposures. The cost-of-risk, which is calculated using a macro-economic outlook based forecast model, may increase once again in 2023.

As regards the financial situation of local authorities, the initial indicators communicated by the Finance Ministry suggest that local government public finances are holding up well overall in 2022. It would appear nevertheless that the position is different depending on the local authority segment and that there are differences even within each such segment. In terms of outlook for the 2023 financial year, budgetary constraints linked to the increase in the index point for civil servants' remuneration and inflation will persist but will be offset - at least partially - by the robustness of certain direct and indirect taxes linked to this same inflation (record increase in real estate tax bases and dynamic VAT revenues).

Many uncertainties remain in 2023, particularly concerning the anticipated budgetary contribution by local authorities. The draft public finances programming law 2023-2027 presented in Autumn 2022, which has yet to be adopted, demonstrates the desire to control local authority operating expenditure by limiting increases to the level of inflation -0.5%, without however attaching any penalties. More generally, the Issuer's exposure to the French local public sector subjects it to risks stemming from the economic and social situation in France, which can put pressure on Member Local Authority budgets, and the risks associated with changes in public policies (local or national) relating to Member Local Authority financing, which are likely to limit Member Local Authorities' borrowing capacity and reduce their budget, both of these factors having a potentially significant effect on the Issuer's loan production and results.

***B. The competitive environment could affect the Issuer's activities and it may not generate the expected interest amongst Local Authorities. Furthermore, the Issuer conducts these activities for the sole benefit of Member Local Authorities and therefore has no prospect of diversification.***

Existing and/or growing competition in the local public sector financing market coming in particular from operators such as the LBP-SFIL-CAFFIL group, CDC, the EIB, the BPCE group or the Crédit Agricole group (refer to paragraph 2.4 "The Issuer's competitive position" of Section 2 "Business Overview" in the "Description of the Issuer" part of the Base Prospectus) could lead to (i) a sharp reduction in the Issuer's profit margins and (ii) very limited production of new Issuer loans, which would adversely affect the Issuer's net banking income.

Although the formation of the Issuer derives from the law and meets a robust and constant desire expressed in recent years by a significant number of Local Authorities, the development of the Issuer's activities depends on Local Authority interest in the model deployed by the Issuer. In 2022, the Issuer represented an estimated market share of nearly 51% of the financing needs of its Members.

Development could be affected by the reluctance of Local Authorities to join Agence France Locale Group, which involves Local Authorities becoming shareholders of ST, paying ICCs

and acting as guarantors under the Member Guarantee, or by the restrictions on raising debt to which they may be subject.

A lack of interest from Local Authorities could delay the build up by the Issuer of the capital necessary to grow its business, and in the absence of sufficient ICC payments, compromise its long-term future.

Under Article L. 1611-3-2 of the CGCT, the Issuer operates for the exclusive benefit of the Member Local Authorities; it therefore has no prospect of diversification. Although today the number of Local Authorities joining the Agence France Locale Group is progressing consistently, if the Local Authority financing market becomes less attractive, the Issuer will not be able to develop an alternative business, which would undermine its sustainability.

***C. The Issuer is supervised by the prudential supervisory authority (Autorité de Contrôle Prudentiel) and subject to an ever-changing regulatory framework, which could have an impact on its financial position.***

The Issuer has been approved by the Autorité de Contrôle Prudentiel et de Résolution (“ACPR”) since 12 January 2015 as a specialist credit institution. This approval is essential for the conduct of the Issuer’s business. This approval imposes a number of regulatory requirements on the Issuer, including the requirement to comply with specific legal provisions and prudential ratios.

Changes in the regulatory framework are likely to disrupt the Issuer’s forecasts in the context of its business plan, reinforce some of its obligations and negatively impact its results.

The Directive 2014/59/EU of 15 May 2014, as amended (the “RRD”), and Regulation no. 806/2014 of 15 July 2014 as amended by the Regulation (EU) 2019/877 of 20 May 2019 on the Single Resolution Mechanism (the “SRM”), establish a framework for the recovery and resolution of credit institutions and investment firms which aims to enable a wide range of actions that can be taken by the relevant regulators in relation to credit institutions and investment firms that are considered to be at risk of default. The aim of the RRD is to equip the resolution authorities, including the ACPR in France, with common and effective instruments and powers to re-emptively tackle banking crises, preserve financial stability and minimize taxpayers’ exposure to losses.

The SRM regulation establishes several resolution instruments which can be implemented (a) in the event of actual or foreseeable failure of the Issuer or the Agence France Locale Group, (b) if there is no reasonable likelihood that a measure, other than of a private nature or a supervisory action, could prevent the failure and (c) a resolution measure is necessary in the public interest:

Article 22 of the SRM regulation lists the following resolution mechanisms:

- transfer on normal terms either of the establishment itself, or of all or part of its activity, without the consent of the shareholders;
- bridge institutions – allows resolution authorities to transfer all or part of the activities of the institution to a “bridge institution” (an entity under public control);

- separation of assets – allows resolution authorities to transfer impaired or toxic assets into a structure that can manage and, in time, reorganise such assets; and
- bail-in – allows resolution authorities to depreciate some subordinated and unsubordinated debt (including principal and interest on the Notes) of a failing institution and/or to convert it into equity securities, which can then be further depreciated or reduced.

The minimum requirement for own funds and eligible liabilities of each credit institution is determined by the resolution board, in particular by reference to the following criteria: the requirement for the adopted resolution measures to fully satisfy the resolution objectives; the need, where appropriate, for the credit institution to have a sufficient level of eligible liabilities to ensure that losses can be absorbed and that the minimum own funds requirement of the credit institution, the subject of a resolution procedure, may be brought to the level necessary for it to continue to fulfill the conditions of its approval and to carry on the activities for which it has been approved and for the market to remain sufficiently confident in such credit institution; The size, business model, financing model and risk profile of the credit institution; The negative effects of the failure by the credit institution in question on financial stability, in particular as a result of the contagion effect due to its inter-relationship with other institutions or with the financial system as a whole.

The Agence France Locale Group has already self imposes, and has done since it was created, an internal solvency ratio limit of 12.5%.

On 21 December 2022, the ACPR confirmed Agence France Locale Group's obligation to hold sufficient capital to comply with an overall prudential capital requirement of 9.25% including:

- the minimum capital requirement of 8%; and
- an additional, so-called Pillar 2, capital requirement of 1.25%.

Furthermore, the AFL Group is bound in principle to hold sufficient capital to comply with the capital conservation buffer requirement of 2.5%.

The counter cyclical buffer rate applicable since 7 April 2023 to French exposures is 0.5%.

Due in particular to its risk profile and business, the AFL Group has adopted the liquidation strategy as its resolution strategy, and therefore its minimum requirement for own funds and eligible liabilities (MREL) is 11.75%, limited to the loss absorption amount, which is calculated as the sum of the capital requirements. As of 31 December 2022, prudential capital amounts to 185.7 M€. Given the credit quality of the assets held by the Agence France Locale Group, its solvency ratio is 15.57% on a consolidated basis.

The powers conferred on the resolution authorities, or the Issuer's failure to comply with the minimum requirement for own funds and eligible liabilities, could have an impact on the way it is managed, as well as on its financial situation and business plan.

Failure to comply with regulatory requirements could also force the Issuer to implement one or more recovery measures, or even result in the revocation of the Issuer's accreditation and jeopardize the ongoing existence of the Issuer.

## 1.2 Financial risks

### A. *The Issuer is exposed to the three dimensions of liquidity risk*

- Liquidity price risk: this is the risk of a deterioration in the refinancing terms of certain assets that may generate a loss in net banking income given the mis-match between the maturities of the refinanced assets and liabilities; this mis-match is most commonly found in assets with a longer maturity than liabilities.

On 31 December 2022, the difference in average maturity between the Issuer's assets and its liabilities was 1.27 years and the NSFR ratio was 144%.

- Financing risk: this is the risk for the Issuer of being unable to raise the liquidity necessary to meet its commitments and financing needs related to its development.

As at 31 December 2022, the Issuer had a liquidity reserve of €2,192 million enabling it to meet its cash flow requirements for more than 10 months (estimated by the Issuer on the basis of the central scenario of its business plan). The 30-day regulatory liquidity coverage ratio (LCR) is 500%.

- Illiquidity risk: this is the risk of a short-term cash shortfall, particularly associated with the risk for the Issuer of being unable to sell an asset in a market without suffering a loss of value.

As at 31 December 2022, solely for the portfolio of financial assets measured at fair value through own funds, the net balance sheet value of which was 707 million euros, the amount of gains and losses accounted for directly in own funds net of deferred tax was -1,546 K€.

It should be noted that the Issuer's liabilities do not consist of sight deposits but of market resources.

The Issuer has had access to TRiCP (*TRaitement Informatique des Créances Privées*), the French private debt electronic processing system, which provides it with a standing credit facility at Banque de France in the form of medium-long term loans. However, if the Issuer were, for example, to suffer an unforeseen event relating to its treasury or collateral (for example from assets placed as collateral for its exchange or interest rate derivative transactions), and/or if it were unable to access the debt market under reasonable conditions for an extended period, its financial situation could be adversely affected.

A deterioration in macroeconomic conditions (see the risk factor "*The economic, financial and political environment in the markets in which the Issuer operates or raises finance could have a significant impact on the Issuer's financial situation and results*" above) or a lack of interest by local authorities in the products offered by the Issuer (see the risk factor "*The competitive environment could affect the Issuer's activities and it may not generate the expected interest amongst Local Authorities. Furthermore, the Issuer conducts these activities for the sole benefit of Member Local Authorities and therefore has no prospect of diversification*" above), or an operational loss could also result in a downgrading of the

Issuer's rating affecting its access to financing, which would have an impact on its financial position.

***B. Changes in interest rates and exchange rates are likely to negatively affect the Issuer's financial position.***

*Interest rate risk*

Interest rate risk covers the risk that the Issuer suffers loss caused by an adverse change in interest rates, due to its balance sheet and off-balance sheet transactions, particularly in cases where there is an imbalance between interest rates generated by its assets and those due under its liabilities.

In order to guard against interest rate risk, the issuer enters into hedging contracts.

The Issuer's interest rate risk hedging policy involves a micro-hedging or almost systematic macro-hedging of the Issuer's debts, the loans granted by the Issuer and the securities held in the liquidity reserve to convert them into floating rate instruments indexed to the Euribor 3-month benchmark, or debt issued by the Issuer convertible into €STR-linked floating rate instruments, using interest rate swaps. Depending on rate variations, the hedging put in place protects the Issuer against a uniform increase in the rate curve and generates liquidity risk due to margin calls as well as credit risk on swap counterparty banks or the clearing house LCH Clearent.

As at 31 December 2022, the interest rate risk hedging strategy resulted in outstanding notional swaps of €12.9 billion. The amount of margin calls received, net of margin calls paid, in respect of interest rate derivatives was €62.4 million.

However, there is still an exposure to interest rate risk that may result, in particular, from (i) employing a portion of the Issuer's own funds in loans, interest rate hedged or not, granted to local authorities or (ii) certain short-term positions and (iii) a difference in indexation between certain assets – in particular the deposits placed by the Issuer with the Banque de France at overnight rates and which on 31 December 2022 totalled 1,135 M€ - and liabilities of the bank.

Accordingly, a change in interest rates could have a negative impact on the Issuer's future results or net present value.

As at 31 December 2022, the sensitivity of the net present value (NPV) of the Issuer's own funds amounted to 0% assuming a parallel movement of +100 basis points, and 0.20% assuming a movement of +200 basis points in the rate curve.

The Issuer has implemented scenarios to calculate the sensitivity of the net present value (NPV) of its own funds to assumptions of a non-linear variation in the yield curve (IRRBB). As at 31 December 2022, the NPV sensitivity to these various scenarios is shown in the table below.

#### 6 Shocks - BCBS IRRBB (as % of prud. capital)

| Rate scenario             | 31/12/2022 | 31/12/2021 | Limit  |
|---------------------------|------------|------------|--------|
| Parallel increase +200 bp | 0.20%      | 4.40%      | 15.00% |
| Parallel decrease +100 bp | 0.73%      | -4.33%     | 15.00% |
| Increase in ST rates      | 4.12%      | 6.08%      | 15.00% |
| Decrease in ST rates      | -4.24%     | -6.27%     | 15.00% |
| Steepening                | -4.28%     | -4.30%     | 15.00% |
| Flattening                | 4.40%      | 5.06%      | 15.00% |

Throughout the 2022 financial year, the sensitivity of the Issuer's net present value to the various rate variation scenarios remained below 15% of its own funds.

Due to the sensitivity of the IFRS valuation of the Issuer's exposure to interest rate levels, a fall in long term rates could adversely affect the Issuer's solvency ratio.

#### *Currency risk*

Currency risk covers the risk that the Issuer generates a loss due to borrowed or lent funds in currencies other than euro.

In order to protect against foreign exchange risk, the Issuer enters into hedging contracts. The Issuer's policy aims to systematically cover foreign exchange risk by entering into currency micro-hedging swaps. Thus, assets and liabilities denominated in currencies other than the euro are systematically hedged in euros from the moment they enter the balance sheet until their final maturity.

As at 31 December 2022, outstanding notional currency swaps totalled €1.18 billion. The hedging put in place generates liquidity risk due to the sensitivity of margin calls to exchange rate fluctuations as well as credit risk on swap counterparty banks. The amount of margin calls paid, net of margin calls received, under these hedging instruments was €137.3 million as at 31 December 2022.

#### ***C. The Issuer is exposed to the credit risk of its borrowers and counterparties.***

##### *Borrower credit risk*

Under Article L. 1611-3-2 of the CGCT, the Issuer operates for the exclusive benefit of the Member Local Authorities shareholders of ST, the Issuer's parent company, and guarantors of the debt instruments issued by the latter up to the amounts outstanding under their respective Medium-Long Term Loans. As at 31 December 2022, the total outstanding

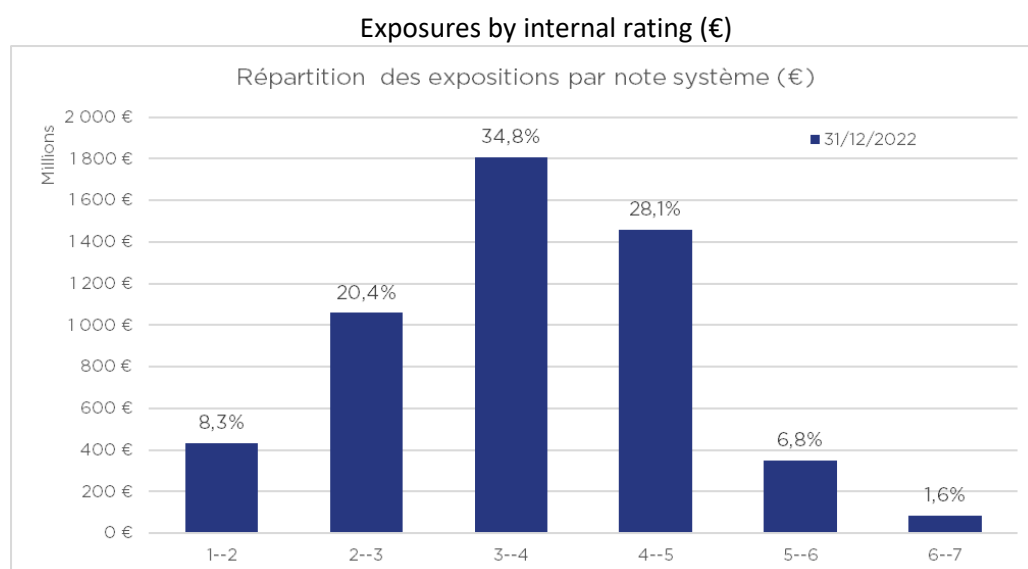

amount of medium-long term loans, under IFRS standards, granted by the Issuer to Member Local Authorities totalled €4,690 million.

In accordance with the Engagement and Proximity Law, the Member Local Authorities are all local authorities, their groupings and local public institutions.

The breakdown by rating of the Issuer's portfolio of loans to Member Local Authorities highlights the granular and high quality nature of its portfolio.

As at 31 December 2022, 29% of this portfolio's exposure was to Local Authorities with ratings of between 1 and 2.99. The five largest exposures represent 16% of the portfolio. The largest exposure represents 3.45% of the portfolio and the fifth largest, 2.96%. As at 31 December 2022, the average rating of the loans granted by the Issuer to its Members, weighted by outstanding amount, was 3.58 on a scale of 1 to 7 (1 representing the best rating and 7 the worst). This rating has improved over one year as a result of incorporating financial data from the Member Local Authorities at the end of 2021, the pre-Covid crisis level.

The following chart shows the rating breakdown of the portfolio of loans granted by the Issuer to its Members at 31 December 2022:

Local Authorities, as current or future Members, have a very limited risk profile due to the institutional rules governing their operations, which are similar from one Member Local Authority category to another; consequently the lending activities granted by the Issuer benefit from this same profile. However, the failure of a Member to meet its obligations to the Issuer or under a Member Guarantee cannot be ruled out.

As at 31 December 2022, the Issuer's doubtful debts totalled €3.9 million, i.e. 0.8% of the Issuer's credit portfolio. This level has remained stable.

Since the Issuer can only grant loans to Member Local Authorities, the Issuer has by nature a high concentration of its credit risk on a single type of actor. The Issuer is therefore exposed to the possible deterioration in the situation of this sector (see also the risk factor *"The economic, financial and political environment in the markets in which the Issuer*

*operates or raises finance could have a significant impact on the Issuer's financial situation and results").*

The materialisation of such risks could result in a loss of value for the Issuer.

#### *Counterparty credit risk*

As a result of its cash investments, the Issuer carries credit risk on the issuers of the securities in its treasury portfolio. Although the Issuer's investment policy is prudent, it remains exposed to the risk that the issuers of the securities in which it invests may be unable to meet their financial obligations, an increased risk in the context of a deteriorated economic and financial situation such as the war in Ukraine. The occurrence of such an event may generate a loss of income and/or weigh on the Issuer's own funds.

As at 31 December 2022, the ratings of the Issuer's exposures were of very high quality, with almost 80% of exposures rated Aa2 or higher on the Moody's scale. The average risk weighting of this portfolio is 4.8%.

In addition, the Issuer clears almost all of its interest rate derivatives through clearing houses, and its exchange rate derivatives bilaterally. The Issuer is not in a position to ensure that its counterparties under the hedging contracts put in place, whether clearing houses or banking establishments, will be able to satisfy their obligations. A failure on their part could affect the Issuer's financial situation.

### **1.3 Non-financial risks**

#### ***A. The Issuer is exposed to human resources risk***

As a result of its structure, the Issuer relies on a limited number of individuals (i.e. at 31 December 2022, 42 employees including 34 permanent staff, 3 on fixed term contracts, 5 on work/study placements, and one non-salaried corporate officer) for its operational requirements. The loss of one or more essential individuals, either through poaching or temporary or permanent unavailability (through accident or illness) may therefore have a significant impact on its continued activity or compromise its long-term survival.

#### ***B. An operational failure, interruption or operational incident affecting the Issuer's partners, or a failure or violation of the Issuer's information systems could result in loss.***

The capital requirement for operational risk totalled €3.4 million as at 31 December 2022 for the Agence France Locale Group.

As a credit institution, communication and information systems are essential to the activity and operations of the Issuer. The Issuer has chosen to make extensive use of outsourcing of these aspects. Any breakdown, malfunction, interruption or violation of its systems or those of its external providers (including cyber risk) or those of other market operators (such as clearing houses, brokers and financial service providers), even brief and temporary, could result in significant disruption to the Issuer's activities.

Such incidents could have a significant impact on the ability of the Issuer to conduct its business and may result in significant direct or indirect operating loss and thereby damage the reputation of the Issuer.

There were no significant operating losses during the past financial year.

These risks are increased in the context of the outbreak of cyber attacks linked to the war situation in Ukraine – refer to the risk factor *"The economic, financial and political environment in the markets in which the Issuer operates or raises finance could have a significant impact on the Issuer's financial situation and results"*.

***C. Failure of the Issuer to comply with applicable regulations could result in loss.***

Given its activity as a credit institution, the Issuer must comply with multiple laws and regulations, such as the regulations applicable to credit institutions and issuers of listed securities, data privacy rules, European and US laws and regulations on money laundering, corruption and sanctions. As such, the Issuer is exposed to the risk of judicial, administrative or disciplinary sanctions in the event of non-compliance with these various regulations. The compliance control system that the Issuer has put in place cannot fully guarantee that such a risk will not materialise. Also, the Issuer does not control the Members' use of the loans granted to them, and it could therefore indirectly, as a result of the activities conducted by Members, find itself in breach of certain regulations applicable to it. The occurrence of such a risk could result in a loss of value or damage to the Issuer's reputation, or even the withdrawal of its approval as a specialized credit institution or its authorisation to issue listed securities, resulting in it being unable to conduct its business.

***D. The risk of litigation between the Issuer and any of these counterparties could result in loss***

The Issuer was not involved in any significant litigation with any of its counterparties in the financial year ended 31 December 2022. Nevertheless, it cannot be ruled out that a dispute may arise in the course of its business, in particular with a Member Local Authority, which would harm the Issuer's reputation and could result in a loss of value for the Issuer.

**2. RISKS RELATING TO ST**

The ST's activity consists mainly of holding almost all of the Issuer's share capital (this holding represented 95% of its non-consolidated balance sheet as at 31 December 2022), overseeing the implementation of the guarantee mechanism and managing, in conjunction with the Issuer, the process for Local Authorities to become members of the Agence France Locale Group and promoting the Agence France Locale Group model. In addition, ST has a limited portfolio of securities. As a result of its activities, the risks to which it is exposed are of the same nature as those that may affect the Issuer (described above) and, were they to materialize, their effects would be identical to those that may affect the Issuer.

**3. RISKS RELATING TO THE GUARANTEE MECHANISM**

The Notes issued under the Programme are supported by two first demand guarantees, the ST Guarantee and the Member Guarantee (for a description of the ST Guarantee and the Member Guarantee, see the *"Description of the Guarantors and Guarantee Mechanism"* section of this Base Prospectus).

***A. The amount guaranteed by each Member is limited to the aggregate outstanding amount it owes to the Issuer under Medium-Long Term Loans.***

The Notes issued under the Programme have the benefit of the Member Guarantee (for a description of the Member Guarantee, refer to the section “*Description of the Guarantors and the Guarantee Mechanism*” of this Base Prospectus). However, the amount of each Member Guarantee is capped at the total outstanding amount of Medium-Long Term Loans of the Member granting such Member Guarantee vis-à-vis the Issuer on a given date. The amount of the relevant Member Guarantee changes in accordance with the amortisation schedule of the Member’s Medium-Long Term Loans.

Moreover, the Issuer does not expect to allocate the entire proceeds of the issues made under the Programme to grant Medium-Long Term Loans to Members; part of the proceeds is intended to be retained in order to provide the Issuer with the cash required for its business and another part is used to fund the granting of Liquidity Facilities to Members, which do not provide any guarantee undertaking in relation to such facilities.

Consequently, as the amounts borrowed by the Issuer are higher than the total amount of Medium-Long Term Loans granted to Members and the total amount of Member Guarantees on any given date does not cover the total outstanding under Notes issued under the Programme. Therefore, in the event of failure of the Issuer, the total amount of Member Guarantees being less than the total amount of the Issuer’s potential obligations to Noteholders, the Noteholders may suffer a financial loss. This may result in a decrease in the market value of the Notes, which may result in Noteholders losing all or part of their investment in the Notes. This risk is mitigated by the quality of the securities held in the liquidity reserve which is mainly invested in rated bonds and money market instruments of issuers in the sovereign, supranational, public agency and local authority sector in the European Economic Area and North America.

***B. ST does not have the cash and assets to pay the full amount for which it may be liable were it to meet all of its liabilities under the ST Guarantee.***

The Notes issued under the Programme have the benefit of the ST Guarantee (for a description of the ST Guarantee, refer to the section “*Description of the Guarantors and the Guarantee Mechanism*” of this Base Prospectus). The maximum cap of the ST Guarantee was set at 15,000,000,000 euros by the ST Board of Directors meeting held on 13 June 2022.

ST has neither the cash nor the necessary assets to pay the amounts which it could be liable if all of its commitments under the ST Guarantee should be called. In such a case, it might be called on the Member Guarantees on behalf of Beneficiaries and the Members therefore would replace ST in the payment of amounts due to Beneficiaries within the limits of their respective outstanding debt under Medium-Long Term Loans owed to the Issuer.

ST could therefore be dependent on the proper execution of their obligations by Members under the Member Guarantees.

***C. Noteholders are not preferred creditors of ST or Members.***

*Competition from other creditors*

Other financial commitments than those made by the Issuer under the Programme could benefit from the ST Guarantee or Member Guarantees.

Since ST does not have the cash or assets to pay the sums it could be liable for if all of its ST Guarantee liabilities were to be called, and with the total amount guaranteed under Member Guarantees being capped at the total outstanding under the Medium-Long Term Loans granted to Members, Noteholders could thus face competition from other creditors in the event that the Guarantees are called and may not receive the full amount owed to them under their guarantee.

*Amounts placed in an escrow account held with the Caisse des Dépôts et Consignations for the benefit of the Beneficiaries*

The Issuer is able to call upon the ST Guarantee on behalf of the Beneficiaries. Amounts issued from the guarantee calls are placed in an escrow account opened with the Caisse des Dépôts et Consignations in the name of ST and must be used exclusively to pay the Beneficiaries upon the date of maturity of their debt.

Similarly, under Member Guarantees, the sums derived from calls by ST are placed in an escrow account opened with the Caisse des Dépôts et Consignations in the name of ST and must be used exclusively to pay the Beneficiaries upon the date of maturity of their debt.

The placing of such amounts in an escrow account does not create collateral in favour of the Beneficiaries. In the event that collective insolvency proceedings are brought against ST in accordance with Book VI of the French Code de commerce, the Beneficiaries' claims to the amounts placed in the escrow accounts shall constitute unsecured claims ranking *pari passu* with the unsecured claims of other creditors of ST.

Moreover, payment to the Beneficiaries of amounts deposited in the escrow accounts depends on the instructions given by the Issuer or ST to the Caisse des Dépôts et Consignations in accordance with the ST Guarantee or the Member Guarantee to pay such amounts to the Beneficiaries. If the Issuer or ST were to fail to give such instructions to the Caisse des dépôts et consignations, the Beneficiaries might not receive the amounts paid into the escrow accounts.

***D. The validity of acts under which Members grant Member Guarantees may be subject to appeal before the administrative judge***

In connection with Member Guarantees, Noteholders are exposed to risk regarding the legal validity of acts and the irregularity of decisions taken by Members when granting a Member Guarantee. Any such act could be held invalid or irregular resulting in the annulment of the relevant Member Guarantees by the administrative judge to whom the matter is submitted under a prefectural referral or appeal brought by a third party against such decision or act.

Although it has never occurred, if such a situation arose, a Noteholder wishing to call upon the relevant Member Guarantee could lose the benefit of such Member Guarantee, which would result in the loss of all or part of the principal amount of the relevant Notes.

***E. Public entities are not subject to insolvency procedures under the Commercial Code and their assets are immune from general law enforcement measures***

Upon the calling of a Member Guarantee, a Member could refuse to perform its obligations. As legal bodies governed by public law, Members are not subject to the ordinary methods of enforcement of debts and their assets are exempt from seizure. Like all public law legal entities, Members are also not subject to the insolvency procedures specified in the Commercial Code.

If a Member fails to perform its obligations under the Member Guarantee, a Noteholder may never recover the amounts called under the Guarantee which could result in the loss of all or part of the principal amount of the relevant Notes.

***F. Changes in local government organisation could render some Members unable to satisfy their obligations under the Member Guarantee.***

Although the Issuer's constitutive documents have anticipated such developments, there is a possibility that laws and regulations relating to changes in local government organisation may not allow, or may impede the application of, relevant contractual provisions and therefore create legal uncertainty relating to the ability of a Member to satisfy its obligations under the Member Guarantee, which could result in a fall in the market value of the Notes and a loss for the relevant Noteholders of all or part of their investment.

## **4. RISKS RELATING TO THE NOTES**

### **4.1 Risks for Noteholders as creditors of the Issuer and ST and Members**

***A. An investment in the Notes exposes Noteholders to credit risk on the Issuer who may not be covered under the ST Guarantee and the Member Guarantee and consequently to a risk of capital loss.***

The Issuer has been assigned an Aa3, stable outlook, rating by Moody's and an AA-, stable outlook, rating by S&P, which testifies to the very remote likelihood of default and its very robust ability to meet its financial obligations. Nevertheless, Noteholders remain exposed to credit risk on the Issuer, i.e. to the risk that the Issuer will be unable to meet its financial obligations under the Notes. With the exception of the ST Guarantee (refer to Condition 4.1 "*ST Guarantee*") and the Member Guarantee (refer to Condition 4.2 "*Member Guarantee*"), the Noteholders enjoy no capital protection or guarantee in respect of their investment in the Notes, which are senior preferred (within the meaning of Article L. 613-30-3-I-3 of the French Monetary and Financial Code) unsecured obligations of the Issuer ranking equally amongst themselves (subject to mandatory exceptions under French law) and equally with all other senior preferred unsecured obligations of the Issuer (see Condition 3 "*Status and Ranking*"). If the Issuer's solvency deteriorates, if ST is unable to meet its ST Guarantee obligations (see the risk factor "*ST does not have the cash and assets to pay the full amount for which it may be liable were it to meet all of its liabilities under the ST Guarantee*"), and if the outstanding Member Guarantees do not cover all of the obligations that the Issuer is unable to satisfy (see the risk factor "*The amount guaranteed by each Member is limited to*

*the aggregate outstanding amount it owes to the Issuer under Medium-/Long-Term Loans"), the negative impact on Noteholders would be very significant, insofar as this may lead to the credit risk materialising, which would result in a decrease in the market value of the Notes and Noteholders losing all or part of their investment in the Notes.*

***B. During a resolution procedure, the terms of the Notes could be amended and the Notes could be converted into ordinary shares to absorb losses.***

As part of their resolution powers (see the risk factor "*The Issuer is supervised by the ACPR and subject to an ever-changing regulatory framework, which could have an impact on its financial position*"), the resolution authorities will place the initial burden for losses upon the Issuer's shareholders and then upon the holders of equity instruments issued by the Issuer, if any, and then upon ordinary creditors such as the Noteholders, which are senior preferred creditors within the meaning of Article L. 613-30-3-I-3 of the French Monetary and Financial Code (see Condition 3 "*Status and Ranking*"), as in a typical insolvency procedure. Although the Notes benefit from the ST Guarantee and Member Guarantees, their principal amount could be reduced, even to zero, the Notes could be converted into ordinary shares, or cancelled or their terms could be amended (their maturity may for example be extended).

The commencement of a resolution procedure could have a very significant negative impact on the market value of the Notes and the Noteholders could therefore lose all or part of their investment.

***C. In insolvency proceedings, the rights of the Noteholders could be affected.***

The Issuer is a company (*société anonyme*) whose registered office is located in France. Were the Issuer to become insolvent, the insolvency proceedings would generally be governed by French insolvency law insofar as the "centre of main interests" (as defined in Regulation (EU) 2015/848, as amended) of the Issuer is located in France.

Directive (EU) 2019/1023 on preventive restructuring frameworks, on discharge of debt and disqualifications, and on measures to increase the efficiency of procedures concerning restructuring, insolvency and discharge of debt, and amending Directive (EU) 2017/1132 (Directive on restructuring and insolvency) has been incorporated in French law by *ordonnance* n°2021-1193 of 15 September 2021.

This *ordonnance*, in force since 1 October 2021, amends French law on insolvency procedures in particular as regards the process for adopting restructuring plans as part of insolvency proceedings. Under this *ordonnance*, the "affected parties" (including creditors, and therefore Noteholders) must be treated as separate categories for the purposes of adopting a restructuring plan. The composition of the categories of affected parties is determined with regard to claims and rights arising prior to the date of the judgement commencing the insolvency proceedings which reflect a sufficient community of economic interest based on verifiable objective criteria. Accordingly Noteholders will no longer deliberate on the proposed restructuring plan in a separate assembly which means that they no longer enjoy a specific right of veto over the plan. Like all other affected parties, the Noteholders shall be grouped together in one or more categories (potentially with other types of creditors). They are bound by the majority vote of the category and their vote against could potentially be dismissed by forced inter-category application.

Each category's decision is taken by two thirds majority of the votes held by members expressing a vote; no quorum is required.

If the plan is not approved by all categories of affected party, it may be ordered by the tribunal upon request by the debtor, by the judicial administrator with the consent of the debtor, or by an affected party. It may be imposed subject to certain conditions on categories that voted against the proposed plan.

Financial institutions do not fall within the scope of application of Directive (EU) 2019/1023 or *ordonnance* n°2021-1193, unless the competent authority decides to render them applicable. In such case, the application of French insolvency proceedings law to a specialist credit institution such as the Issuer is also subject to the prior consent of the ACPR prior to the opening of any safeguard or judicial reorganisation or liquidation proceedings. This restriction would affect the ability of Noteholders to recover their investment in the Notes.

## **4.2 Securities market and rating risks**

### ***A. The market for the Notes may be volatile and the market value of the Notes may be adversely affected by various events***

The market for the Notes is affected by economic and market conditions and, to varying degrees, by interest rates, exchange rates and inflation in other European and industrialised countries. No assurance can be given that events in France, Europe or elsewhere will not cause market volatility or that such market volatility will not adversely affect the value of the Notes or that economic and market conditions will not have other adverse effects. Such volatility can have a significant negative impact on the market value of the Notes and result in Noteholders losing their investment.

In addition, Noteholders may suffer a capital loss when a Note is sold at a price lower than that paid when it was acquired or subscribed for. The capital initially invested is exposed to the vagaries of the market and may therefore, in the event of adverse market developments, not be returned. The impact for Noteholders can be significant because they may lose all or part, depending on the circumstances, of the value of their investment.

### ***B. An active secondary market in the Notes may not develop or be sustained***

Although certain Series of Notes may be admitted to trading on a regulated market, such as Euronext Paris, no assurance can be given that an active market in the Notes will develop or, if such market does develop, that it will be sustained or offer sufficient liquidity. If an active market in the Notes does not develop or is not sustained, the market value or price and liquidity of the Notes may be adversely affected. Therefore, Noteholders may not be in a position to easily sell their Notes or to sell them at a price offering a yield comparable to similar products for which an active market would have otherwise developed.

The Issuer has the right to purchase Notes under the terms set forth in Condition 6.7 ("*Purchases*"), and the Issuer may issue new Notes under the terms set forth in Condition 13 ("*Fungible Issues*"). Such actions may adversely affect the development of a market for the Notes and their market value. If additional or competing products are brought on to the markets, this may also adversely affect the market value of the Notes.

***C. The rating of the Notes may not reflect the risk factors applicable to the Notes and may affect the market value of the Notes.***

As described in the section "*General Description of the Programme*", the Issuer has been assigned an Aa3 rating with a stable outlook by Moody's, and an AA- rating with a stable outlook by S&P. The Programme has an Aa3 rating assigned by Moody's and an AA- rating by S&P. Notes issued under the Programme may or may not be assigned a rating. This will be stated, if applicable, in the relevant Final Terms. This rating may differ from the rating assigned to the Issuer or the Programme and may not reflect the potential impact of the risk factors described in this section and may therefore affect the market value and liquidity of the Notes. The rating of the Issuer, the Programme or, if relevant, the Notes, may be revised, downgraded, suspended withdrawn by one or more rating agencies at any time whilst the Notes are in existence and thus also affect the market value and liquidity of the Notes.

***D. Exchange rate and exchange control risks.***

The Issuer pays the principal and interest on the Notes in the Specified Currency (as defined in the Terms of the Notes). This presents certain currency conversion risks if an investor's financial activities are principally conducted in a currency or monetary unit (the **Investor's Currency**) other than the Specified Currency. Such risks include the risk that exchange rates may fluctuate significantly (including fluctuations due to devaluation of the Specified Currency or revaluation of the Investor's Currency) and the risk that the authorities with jurisdiction over the Investor's Currency may impose or modify exchange controls. An increase in the value of the Investor's Currency compared to the Specified Currency would reduce (i) the equivalent yield of the Notes in the Investor's Currency, (ii) the equivalent value in the Investor's Currency of the principal payable on the Notes and (iii) the equivalent market value in the Investor's Currency of the Notes.

The Government and the monetary authorities could impose (as has happened in the past) exchange control measures that may adversely affect exchange rates. As a result of these measures, Noteholders could receive a payment in principal or interest that is lower than expected, or even receive neither interest nor principal. If these events were to occur, this would result in a loss of invested capital for Noteholders whose local currency is not the Specified Currency.

#### **4.3 Legal risks relating to the Notes**

***A. No event of default relating to Guarantees or default by a Guarantor***

The Terms and Conditions of the Notes do not contain any event of default in relation to default by a Guarantor under the relevant Guarantee or in relation to the cancellation, nullity or invalidity of a Guarantee (see Condition 9 "*Events of Default*"). Consequently, Early Redemption is not available in the case of default by a Guarantor under the relevant Guarantee or where a Guarantee is, for any reason, null, void or cancelled. If such an event were to occur, this would be likely to severely affect the credit attached to, and the liquidity and market value of, the Notes.

***B. Modification of the Terms and Conditions of the Notes***

Noteholders will be grouped automatically for the defence of their common interests in a Body (as defined in Condition 11 "*Representation of Noteholders*") and may hold general meetings of Noteholders or adopt written resolutions. The Terms of the Notes provide that in certain cases a defined majority of Noteholders can bind all Noteholders, including those

who have not voted or taken part in the written consultation or have voted or expressed their view to the contrary.

Subject to the provisions of Condition 11 "*Representation of Noteholders*", Noteholders may by Collective Decision, as defined in the Terms and Conditions of the Notes, deliberate on any proposal relating to modification of the Terms and Conditions of the Notes, notably on any proposal, whether for arbitration or settlement, relating to rights that are in dispute or the subject of judicial decision. It is possible that such a Collective Decision, adopted by the majority of Noteholders and amending the Terms and Conditions, limits or infringes the rights of the Noteholders. This could have a significant negative impact on the market value of the Notes and could result in Noteholders losing part of their investment in the Notes.

Furthermore, Article 11(d)(C) "*Exclusion of certain provisions of the Commercial Code*" provides that (i) article L.228-65 I. 1° of the Commercial Code requiring prior approval by Collective Decision for any proposal to modify the Issuer's corporate objects or legal form, (ii) articles L.228-65 I. 3°, L.236-13 and L.236-18 requiring prior approval by Collective Decision for any proposed merger or demerger but only in the case of an intragroup merger or demerger, and (iii) article L.228-65 I. 4° requiring prior approval by Collective Decision for the issuance of secured bonds shall not apply to the Notes, accordingly, Noteholders may not be able to approve or object to certain significant transactions carried out by the Issuer, the implementation of which may adversely affect their interests.

#### 4.4 Risks associated with specific issues of Notes

##### a) Risks relating to interest rates

###### *A. Regulation and reform of benchmarks may have a material adverse impact on Notes linked to or referencing a benchmark*

The Final Terms applicable to a Series of Floating Rate Notes may provide that the Floating Rate Notes are indexed to or referenced to a "benchmark" (including EURIBOR (or TIBEUR in French), or the CMS Rate) (see Condition 5.3 "*Floating Rate Notes*") falling within the scope of regulatory guidance and reform proposals at national and international level. Some of these reforms have already entered into force and others have yet to be implemented. These reforms could result in future performance that is different from past performance for these "benchmarks", lead to their disappearance, a change in their method of calculation, or have other consequences that can not be anticipated. Any consequence of this nature could have a material adverse effect on any Notes that are linked to, or reference, a benchmark. Regulation (EU) 2016/1011 of the European Parliament and of the Council dated 8 June 2016 (the **Benchmarks Regulation**), which came into force on 1 January 2018, the transitional regime applying to benchmarks of critical importance and third country benchmarks being applicable until the end of 2023 (see below), is aimed at regulating the provision of benchmarks, the contribution of input data to a benchmark and the use of benchmarks within the European Union.

The Benchmark Regulation could have a material impact on Notes that are linked to, or reference, a Benchmark, in the following circumstances in particular:

- if an index which is a benchmark could not be used by a supervised entity in particular if its administrator were not to obtain authorisation or registration or, were not based in the EU, in cases where the relevant administrator is not

recognised as equivalent, recognised or endorsed and where the transitional provisions do not apply; and

- if the methodology or other methods of determining the benchmark were to be changed in order to comply with the requirements of the Benchmark Regulation. Such changes could, in particular, have the effect of reducing, or increasing the rate or level, or otherwise affecting the volatility of benchmark.

More broadly, any of the domestic or international reforms, or the enhanced regulatory oversight of benchmarks, may increase the cost and risk of administering a benchmark or participating in any manner in the determination of a benchmark or of compliance with these regulations or requirements. Such factors may have the following effects on certain benchmarks (in particular EURIBOR (or TIBEUR in French), or the CMS Rate): (i) to discourage market participants from continuing to administer or contribute to certain benchmarks; (ii) to trigger changes in the rules or methodologies used for certain "benchmarks" or (iii) lead to the disappearance of certain benchmarks. Any such changes or subsequent changes, resulting from domestic or international reforms or other initiatives or research, may have a material adverse impact on the market value of and return on Notes linked to or referencing a benchmark and result in loss for Noteholders.

In the event of any interruption or any unavailability of a benchmark, the interest rate applicable to Notes linked to or referencing such benchmark will be calculated, for the relevant period, in accordance with the fall-back provisions applicable to such Notes. Depending on the method used to determine the benchmark under the Terms and Conditions of the Notes, this may, under certain circumstances, (i) where ISDA Determination or FBF Determination applies, result in the application of a backward-looking, risk-free overnight rate, whereas the benchmark is expressed on a forward-looking term basis and includes a risk-element based on inter-bank lending, or (ii) in the event that the Screen Rate is applied, result in the application of a fixed rate determined on the basis of the last rate in force when the benchmark rate was still available which would not be representative of the benchmark index initially selected. All of these provisions may materially and adversely affect the market value, liquidity or return on Notes linked to or referencing a benchmark.

Regulation (EU) 2019/2089 of the European Parliament and of the Council of 27 November 2019 amended the existing provisions of the Benchmarks Regulation by extending the transitional provisions applicable to critically important indices and indices administered in third countries until the end of 2021. The existing provisions of the Benchmarks Regulation were further amended by Regulation (EU) 2021/168 of the European Parliament and of the Council of 10 February 2021, which introduced a harmonised approach towards the cessation of certain benchmarks, giving the European Commission the power to set replacement indices through regulation, with this replacement limited to contracts and financial instruments. These provisions could affect Notes with interest rates calculated by reference to the EURIBOR, the SARON or a CMS Rate in the event that fallback provisions set out in the Terms of the Notes are considered unsatisfactory (Article 23 *ter* of the Benchmark Index Regulation as amended by Regulation (EU) 2021/168 of the European Parliament and Council on 10 February 2021). Nevertheless, there are still uncertainties about the exact procedures for applying these provisions pending implementation decisions from the European Commission. Furthermore, the temporary provisions applicable to benchmarks administered in third countries have been extended until the end of 2023, and the European Commission will have the option of extending them until the end of 2025, if necessary.

***B. The market continues to develop in relation to “risk-free rates” (including overnight rates) as reference rates for floating rate notes.***

The bond market continues to develop in relation to “risk-free rates” (including overnight rates), such as the €STR, SONIA, SARON, TONA and SOFR, as reference rates for floating rate notes and their adoption as alternatives to the relevant interbank offered rates. Other issuers or operators on the financial markets may utilise “risk-free rates” in a manner that differs significantly from that set out in the Terms and Conditions of the Notes as regards Floating Rate Notes that reference €STR, SONIA, SARON, TONA or SOFR (see Condition 5.3 “Interest on Floating Rate Notes”). The Issuer may in the future issue Notes referencing €STR, SONIA, SARON, TONA or SOFR in a way that differs materially in terms of Interest Rate determination when compared with the provisions in the Terms and Conditions of the Notes relating to Floating Rate Notes. The result of the above is that the liquidity of Notes referencing €STR, SONIA, SARON, TONA or SOFR may be reduced and it is not certain that a market will develop for such Notes.

The continued development of the use of €STR, SONIA, SARON, TONA or SOFR as reference interest rates for bond markets, as well as continued development of the market infrastructure for adopting such rates, could result in increased volatility or could otherwise affect the market price of the Notes. Furthermore, the use of such rates being fairly recent, the Noteholders could face fluctuations upwards or downwards of these rates that they cannot anticipate given their recent history, which could adversely affect the market value of the Notes.

Differences could exist between the manner in which such “risk-free rates” are utilised in the bond, loan and derivatives markets which may impact any hedging or other financial arrangements which may be put in place in connection with any acquisition or holding of the relevant Notes, which could result in loss for the relevant Noteholder.

Furthermore, the administrator of a “risk-free rate” may make changes that could change the value of the benchmark or discontinue the benchmark and in doing so has no obligation to

consider the interests of Noteholders. To that extent, the European Central Bank (or its successor) as administrator of €STR, the Bank of England (or its successor) as administrator of SONIA, SIX Swiss Exchange AG (or its successor) as administrator of SARON, the Bank of Japan (or its successor) as administrator of TONA, or the Federal Reserve Bank of New York (or its successor) as administrator of SOFR, may make methodological or other changes that could change the value of the relevant “risk-free rate”, including changes related to the method by which such “risk-free rate” is calculated, the eligibility criteria applicable to the transactions used to calculate the relevant “risk-free rate”, or the timing related to the publication of the the relevant “risk-free rate”. In addition, the administrator may alter, discontinue or suspend calculation or dissemination of the relevant “risk-free rate”. The administrator has no obligation to consider the interests of Noteholders when calculating, adjusting, converting, revising or discontinuing the relevant “risk-free rate” and such calculations, adjustments, conversion, revision or discontinuance may adversely affect the return on the Notes, the value of the Notes and the price at which the relevant Noteholder may sell such Notes.

### ***C. Fixed Rate Notes***

In accordance with Condition 5.2 ("*Interest on Fixed Rate Notes*") Notes may be Fixed Rate Notes. It cannot be ruled out that the market value of Fixed Rate Notes may be adversely affected by inflation or future fluctuations in interest rates. The price at which a Noteholder may wish to sell his Notes before the Maturity Date may be lower, and substantially so, than the issue price or the purchase price paid by that Noteholder, depending on changes in interest rates. Although it is difficult to anticipate changes in interest rates, they could have a significant negative impact on the market value of the Notes and result in the loss of part of the Noteholders' investment if they wish to sell their Notes.

### ***D. Floating Rate Notes***

In accordance with Condition 5.3 ("*Interest on Floating Rate Notes*") Notes may be Floating Rate Notes. A key difference between Floating Rate Notes and Fixed Rate Notes is that interest payments on Floating Rate Notes cannot be predicted. Due to fluctuations in interest payments, investors cannot determine the actual yield on the Floating Rate Notes at the time of purchase, and therefore their investment returns cannot be compared to investments with longer fixed interest periods. If the Terms and Conditions of the Notes specify frequent Interest Payment Dates, Noteholders are exposed to reinvestment risk if market interest rates fall. In such case, Noteholders will only be able to reinvest their interest income at a potentially lower prevailing interest rate.

Accordingly, the market value of Floating Rate Notes may be volatile if changes, in particular short term changes, on the interest rate market applicable to the relevant rate cannot be applied to the interest rate of such Notes until the next periodic adjustment of the relevant rate. Whilst interest rate volatility is difficult to predict, it could have a significant negative impact on the market value of Floating Rate Notes and result in losses for Noteholders in the event of sale.

### ***E. Zero Coupon Notes and other Notes issued below par or with an issue premium***

In accordance with Condition 5.5 ("*Zero Coupon Notes*") the Notes may be Zero Coupon Notes. The market value of Zero Coupon Notes and other securities issued below par or with an issue premium tends to be more sensitive to fluctuations in interest rates than typical

interest-bearing securities. Generally, the further in the future the Maturity Date of the Notes, the more the price volatility of such Notes resembles that of typical interest-bearing securities of similar maturity. Whilst such volatility is difficult to predict, it could have a significant negative impact on the market value of the Notes and result in losses for Noteholders in the event of sale.

#### ***F. Fixed/Floating Rate Notes***

In accordance with Condition 5.4 ("*Fixed/Floating Rate Notes*") the Notes may be Fixed/Floating Rate Notes. Fixed/Floating Rate Notes may bear interest at a fixed rate that the Issuer can choose to convert into a floating rate, or at a floating rate that the Issuer can choose to convert into a fixed rate at the date specified in the relevant Final Terms, or at a rate that can be automatically converted at the date specified in the relevant Final Terms. The ability of conversion offered to the Issuer may affect the secondary market and the market value of the Notes as the Issuer can choose to convert the rate when it leads to a reduction of its overall borrowing cost. If the Issuer converts a fixed rate into a floating rate, the new floating rate may be less than the initial fixed rate, and conversely, if the Issuer converts a floating rate into a fixed rate, the fixed rate may be lower than the initial variable rate. Whilst interest rate volatility is difficult to predict, it could have a significant negative impact on the market value of Fixed/Floating Rate Notes and result in losses for Noteholders wishing to reinvest their income. Noteholders may also be affected by the risks specific to Fixed Rate Notes and Floating Rate Notes referred to above.

#### ***G. The occurrence of a Benchmark Event could have a material adverse effect on the market value of and return on any Notes linked to or referencing such Benchmark***

The Terms and Conditions of Floating Rate Notes whose rate is determined by reference to a Screen Page (see Condition 5.3 "*Interest on Floating Rate Notes*") provide for certain fallback arrangements should certain events occur relating to (i) a benchmark within the scope of the Benchmark Regulation, such as an interbank rate (like EURIBOR), the CMS Rate and SARON, or (ii) a "risk-free rate" such as €STR, SONIA, TONA or SOFR outside the scope of the Benchmarks Regulation, particularly if the benchmark is no longer available, or in the event that the Issuer, the Calculation Agent, any Paying Agent or any other party responsible for calculating the Interest Rate (as set out in the relevant Final Terms) is no longer legally authorised to calculate the interest on the Notes by referring to such a benchmark or by any other means. Such fallback arrangements include the possibility that the rate of interest could be set by reference to a replacement benchmark that might have only a very limited track record, with or without the application of an adjustment spread (which could be positive or negative, and would be applied with a view to reducing or eliminating, to the fullest extent practicable in the circumstances, any economic prejudice or benefit (as applicable), to investors arising from replacing the relevant benchmark), and may include amendments to the Terms and Conditions of the Notes to ensure the proper operation of the replacement benchmark, without the consent of the Noteholders.

In certain circumstances, including where no replacement benchmark is determined, or where, due to the uncertainty concerning the availability of the replacement benchmark, the relevant fallback provisions may not operate as intended, in all such cases, the interest rate may then be calculated based on the benchmark values observed during previous interest periods. The Notes could therefore become Fixed Rate Notes without the return that Noteholders may have expected when they initially subscribed to Floating Rate Notes.

More generally, the occurrence of any event described above could have a material adverse effect on the market value of and return on any such Notes.

Moreover, any of the above matters or any other significant change to the setting or existence of any relevant rate could affect the ability of the Issuer to meet its obligations under the Floating Rate Notes or could have an adverse effect on the market value or liquidity of, and the amount payable under, the Floating Rate Notes. A replacement benchmark may be subject to adjustment. Such adjustments could have unexpected commercial consequences and given the particular circumstances of each Noteholder, such adjustments may not be favourable to each and every Noteholder.

The occurrence of an event relating to a benchmark could result in the loss of part of the capital invested in the relevant Floating Rate Notes.

## **b) Risks relating to the early redemption of Notes**

### ***A. Risks relating to early redemption by the Issuer***

If, at the time of redemption of any amount of principal or payment of any amount of interest, the Issuer is obliged to pay Additional Amounts in accordance with Condition 8.2 ("*Additional Amounts*") or it becomes unlawful for the Issuer to fulfil or comply with its obligations under the Notes, it may then, in accordance with Condition 6.6 ("*Redemption for tax reasons*") or Condition 6.9 ("*Illegality*"), as the case may be, redeem the Notes in full at the Early Redemption Amount together with, unless specified otherwise in the relevant Final Terms, all interest accrued until the relevant redemption date.

Furthermore, the Final Terms for an issue of Notes may provide for an optional early redemption by the Issuer in accordance with Condition 6.3 ("*Redemption at the option of the Issuer*"). In such case, it is probable that the Issuer will elect to redeem the Notes when its cost of borrowing is lower than the interest rate on the Notes.

Following an early redemption, an investor may not be able to reinvest the proceeds of redemption at an effective interest rate as high as the interest rate on the redeemed Notes. The yield on the Notes at the time of redemption following the exercise by the Issuer of its option may also be lower than expected and the value of the amount redeemed on the Notes may be less than the purchase price of the Notes paid by the Noteholder, resulting in a loss of the capital invested.

Furthermore, if the Issuer exercises its early redemption option for certain Notes only, this may affect the liquidity of Notes of the same Series in respect of which the option was not exercised. Depending on the number of Notes of a single Series in respect of which the early redemption option specified in the relevant Final Terms was exercised, the market for the Notes in respect of which such early redemption option was not exercised may become illiquid, which could have a material adverse impact on the value of the Notes.

### ***B. Risks relating to optional redemption by Noteholders***

The exercise of a redemption option by Noteholders, where specified in the relevant Final Terms in accordance with Condition 6.4 ("*Redemption at the option of the Noteholders*"), for certain Notes may affect the liquidity of Notes of the same Series for which this option was not exercised. Depending on the number of Notes of a single Series in respect of which

the early redemption option specified in the relevant Final Terms was exercised, the market for the Notes in respect of which such early redemption option was not exercised may become illiquid. Furthermore, investors requesting the redemption of their Notes may not be able to reinvest the proceeds of such early redemption at a rate of return equivalent to that of the redeemed Notes.

**c) Risk relating to Sustainable Bonds**

The Final Terms for a particular Tranche of Notes may specify that the Issuer intends to use an amount equivalent to the net proceeds of issue of the relevant Notes (**Sustainable Bonds**) in connection with eligible expenditure of Members falling within the Eligible Categories relating to access to essential and basic social services, energy and ecological transition, sustainable infrastructure, the development of municipalities and territorial cohesion (as such Eligible Categories are defined in the "Use of Proceeds" section of this Base Prospectus). The Issuer's Scheme (as defined in the "Use of Proceeds" section) is the subject of a second party opinion by Moody's ESG Solutions (formerly Vigeo Eiris) which considers it to be aligned with the principles applicable to green and social bonds as defined in the version dated June 2018 of the Green Bond Principles and Social Bond Principles of the International Capital Markets Association.

Although the Issuer intends to use an amount equivalent to the net proceeds of issue of Sustainable Bonds in the manner described in the "Use of Proceeds" section of this Base Prospectus, it is not certain that the assets financed by the Eligible Categories will be those anticipated at the time of the relevant Issue for the purpose of the Eligible Categories definition. Such an event would not constitute an Event of Default under the Notes.

The occurrence of such an event or the withdrawal of the Moody's ESG Solutions (formerly Vigeo Eiris) opinion or any other opinion or certification that may be issued, could significantly affect the market value of the Sustainable Bonds or have a material negative impact on Noteholders holding Sustainable Bonds based on criteria specific to them, linked to that which is set forth in the "Use of Proceeds" section of this Base Prospectus.

## CONDITIONS RELATING TO THE ISSUER'S CONSENT TO THE USE OF THE PROSPECTUS

Within any offer of Notes in France or Luxembourg which is not exempt from the obligation to publish a prospectus pursuant to Article 1, Paragraph 4 of the Prospectus Regulation (a **Non-Exempt Offer**), the Issuer consents to the use of the Base Prospectus (as amended, where applicable, by any supplement) and the Final Terms (together, the **Prospectus**) in connection with a Non-Exempt Offer of any Note during the offer period (the **Offer Period**), in France or in Luxembourg, as will be specified in the relevant Final Terms:

- (1) subject to the provisions specified in the relevant Final Terms, by any financial intermediary authorised to make such offers pursuant to the Directive on Financial Instruments Markets, (Directive 2014/65/EU); or
- (2) if specified in the relevant Final Terms, by any financial intermediary satisfying the following conditions: (a) it acts in accordance with all applicable laws, rules, regulations and guidance of any competent authority (the **Rules**), including in particular and in each case, the Rules relating both to the opportunity or suitability of any investment in the Notes by any person and disclosure to any prospective investor; (b) it complies with the restrictions set out in section "Subscription and Sale" of this Base Prospectus which apply as if it were a Dealer and takes into consideration the assessment of the relevant target market carried out by the manufacturer and the distribution channels identified in the paragraph "*MiFID II Product Governance*" of the relevant Final Terms; (c) it ensures that all costs (and all commissions or benefits of any kind) received or paid by this financial intermediary due to the offer or sale of the Notes are fully and clearly disclosed to investors or prospective investors; (d) in accordance with the Rules, it holds all licences, authorisations, approvals and permits necessary to the solicitation, offer or sale of the Notes; (e) it holds investor identification files for at least the minimum period required by the applicable Rules and shall, upon request, provide the relevant Dealer(s), the Issuer and the Guarantors with those files, or directly make them available to the competent authorities to which the Issuer and/or the Guarantors and/or the relevant Dealer(s) report in order to allow the Issuer and/or the Guarantors and/or the relevant Dealer(s) to comply with anti- money laundering, anti-bribery and "know your customer" Rules applicable to the Issuer and/or the Guarantors and/or the relevant Dealer(s); (f) its intervention does not lead to the breach, directly or indirectly, of any Rules by the Issuer or the Guarantors or the relevant Dealer(s) or does not place the Issuer or the Guarantors or the Dealer(s) under the obligation to make a deposit, obtain an authorisation or an approval in any jurisdiction; and (g) its intervention satisfies any other condition specified in the relevant Final Terms (in each case, an **Authorised Institution**). In order to avoid any doubt, neither the Dealer(s) nor the Issuer nor the Guarantors shall have the obligation to check that an Authorised Institution will act in compliance with all applicable laws, regulations and/or recommendation and, consequently, neither the Dealer(s) nor the Issuer nor the Guarantors shall be held liable on that ground.

If specified in the relevant Final Terms, the Issuer accepts responsibility, in France or in Luxembourg, for the content of the Prospectus vis-à-vis any person (an **Investor**) located in France or in Luxembourg to whom an offer of Notes is made by any Authorised Institution and when the offer is made, during the Offer Period for which the consent was given. However, neither the Issuer nor any Dealer nor any Guarantors is liable for acts committed by any Authorised Institution, including concerning of its compliance with the rules of business behaviour applicable to the

Authorised Institution or of other local regulatory obligations or of other legal obligations relating to financial instruments related to such an offer, applicable to the Authorised Institution.

The consent referred to above relates to Offer Periods, if any, ending no later than 12 months from the date on which the AMF's approval on the Base Prospectus has been obtained.

If the Final Terms appoint one or more financial intermediaries to which the Issuer has given its consent for use of the Prospectus during the Offer Period, the Issuer may also give its consent to additional Authorised Institutions after the date of the relevant Final Terms and, if so, will publish any new information relating to such Authorised Institutions which are not known at the date of approval of this Base Prospectus or of publication of the relevant Final Terms on its website (<https://www.agence-france-locale.fr/>).

**If the Final Terms specify that any Financial Intermediary may use the Prospectus during the Offer Period, each relevant Authorised Institution shall publish, during the Offer Period, on its website, information specifying that it uses the Prospectus for the relevant Non-Exempt Offer with the authorisation of the Issuer and in compliance with the conditions set forth therein.**

Other than as set out above, neither the Issuer nor any of the Guarantors nor any of the Dealers authorises any Non-Exempt Offer by any person in any case, such a person is not authorised to use the Prospectus in connection with the offer of any Note. Those offers are not made for the account of the Issuer or of any of the Guarantors or of any of the Dealers or of any of the Authorised Institutions and neither the Issuer nor any of the Guarantors nor any of the Dealers nor any of the Authorised Institutions can be held liable for the actions of any person making such offers.

**An Investor intending to acquire or acquiring Notes from an Authorised Institution shall do so, and the offers and sales of the Notes by an Authorised Institution to an investor shall be made, in accordance with any terms and other agreements between the Authorised Institution and the relevant Investor, including as to price, allocation, agreements on settlement/delivery arrangements and any expense or tax charged to the Investor (the Terms of the Non-Exempt Offer). The Issuer and the Guarantors shall not take part to such agreements with Investors (others than the Dealers) in connection with the offer or sale of the Notes and, consequently, this Base Prospectus and Final Terms shall not bear such information. ## TERMS OF THE NOTES

*The following is the text of the terms and conditions which, as completed by the provisions of the relevant Final Terms, shall apply to the Notes (the **Terms**). In the case of Dematerialised Notes, the text of the Terms of the Notes will not be endorsed on Physical Notes evidencing title thereto, but shall be constituted by the following text as completed by the provisions of the relevant Final Terms. In the case of Materialised Notes, either (i) the full text of these Terms together with the relevant provisions of the relevant Final Terms (in each case subject to simplification by the deletion of non-applicable provisions) or (ii) the complete text of the Terms, shall be endorsed on Physical Notes. All capitalised terms that are not defined in these Terms shall have the meanings given to them in the relevant Final Terms. References made in the Terms of the Notes are to the Notes of a single Series and not to all Notes that may be issued under the Programme. The Notes constitute bonds (obligations) as defined under French law.*

The Notes are issued by Agence France Locale (the **Issuer**) in series (each a **Series**), on the same issue date or on different issue dates. Notes from a single Series shall be governed (except for the issue date, the issue price, and the amount of the first interest payment) by identical terms, Notes of each Series being fungible with one another. Each Series may be issued in tranches (each a **Tranche**), on the same issue date or on different issue dates. The Notes shall be issued under the Terms of this Base Prospectus as supplemented by the relevant Final Terms (the **Final Terms**) relating to the specific terms of each Tranche (including the Issue Date, the issue price, the amount of the first interest payment and the nominal amount of the Tranche).

A fiscal agency agreement (as amended and supplemented, the **Fiscal Agency Agreement**) relating to the Notes shall be signed no later than 14 June 2023 between the Issuer and BNP Paribas as fiscal agent and principal paying agent and the other agents appointed therein. The fiscal agent, the paying agent(s) and the calculation agent(s) in office (where relevant) are referred to below respectively as the **Fiscal Agent**, the **Paying Agent(s)** (such a term encompasses the Fiscal Agent) and the **Calculation Agent(s)**. Holders of interest coupons (the **Coupons**) relating to interest-bearing Materialised Notes and, if applicable to such Notes, talons for additional Coupons (the **Talons**) and holders of receipts relating to payments by instalment of the principal of Materialised Notes (the **Receipts**) where principal is redeemable by instalments are respectively referred to as the **Couponholders** and the **Receiptholders**.

Any reference below to **Conditions** refers to the numbered conditions below, unless the context requires otherwise.

### 1. FORM, DENOMINATION, TITLE, REDENOMINATION AND CONSOLIDATION

#### 1.1 Form

Notes may be issued either in dematerialised form (**Dematerialised Notes**) or in materialised form (**Materialised Notes**), as specified in the relevant Final Terms.

- (a) Title to Dematerialised Notes will be evidenced by book entries (inscriptions en compte), in accordance with Articles L. 211-3 et seq. of the French Code monétaire et financier. No physical document of title (including certificats représentatifs pursuant to Article R. 211-7 of the French Code monétaire et financier) shall be issued in respect of Dematerialised Notes.

Dematerialised Notes (as defined in Articles L. 211-3 et seq. of the French Monetary and Financial Code) are issued, at the option of the Issuer, either in bearer form, inscribed in the books of Euroclear France (acting as central depository) which shall credit the accounts of the Account Holders, or in registered form (*au nominatif*), and in the latter case, at the option of the relevant Noteholder, either in administered registered form (*au nominatif administré*), entered in the accounts of an Account Holder designated by the relevant Noteholder, or in pure registered form (*au nominatif pur*), entered in an account maintained by the Issuer or a registration agent (specified in the relevant Final Terms) acting on behalf of the Issuer (the **Registration Agent**).

Unless expressly excluded by the applicable Final Terms in accordance with Articles L. 228-2 of the French Code de Commerce, the Issuer may at any time request the central depository to provide information enabling Noteholders to be identified, such as their name, company name, nationality, date of birth or year of incorporation and address or, as the case may be, e-mail address of holders of Dematerialised Notes in bearer form.

In these Terms, **Account Holder** means any intermediary authorised to hold securities accounts, directly or indirectly, with Euroclear France and includes Euroclear Bank SA/NV (**Euroclear**) and Clearstream Banking, S.A. (**Clearstream**).

- (b) Materialised Notes are issued in bearer form only. Materialised Notes represented by physical notes (**Physical Notes**) are numbered in series and issued with Coupons (and, if applicable, with a **Talon**) attached, except in the case of Zero Coupon Notes to which references to interest (except in relation to interest due after the Maturity Date), Coupons and Talons in these Terms shall not apply. **Instalment Notes** are issued with one or more Receipts attached.

In accordance with articles L.211-3 et seq. of the French Code monétaire et financier, securities (such as Notes constituting obligations under French law) issued on French territory and governed by French law may only be issued in dematerialised form. Consequently, securities in materialised form and governed by French law may only be issued outside France.

The Notes may be **Fixed Rate Notes**, **Floating Rate Notes**, **Fixed/Floating Rate Notes**, **Instalment Notes** and **Zero Coupon Notes**.

## 1.2 Denomination

Notes shall be issued in the specified denomination(s) specified in the relevant Final Terms (the **Specified Denomination(s)**). Dematerialised Notes must be issued in one single Specified Denomination.

## 1.3 Title

Title to Dematerialised Notes in pure registered form (au nominatif pur) passes, and such Notes may only be transferred, by registration of the transfer in the accounts held by the Issuer or the Registration Agent.

- (b) Title to Physical Notes with, if applicable, Coupons, Receipts and/or a Talon attached at issue, is transferred by delivery.
- (c) Except as ordered by a court of competent jurisdiction or as required by law, the holder of any Note (as defined below), Coupon, Receipt or Talon shall be deemed to be and may be treated as its absolute owner for all purposes, whether or not it is overdue and regardless of any notice of ownership, or any right over or interest in such Note, Coupon, Receipt or Talon, any writing on it or its theft or loss and no person shall be liable for so treating the holder.

In these Terms, **Noteholder** or, as the case may be, **holder of a Note** means (i) in the case of Dematerialised Notes, the person whose name appears in the account of the relevant Account Holder, the Issuer or the Registration Agent (as applicable) as being entitled to such Notes, and (ii) in the case of Physical Notes, the bearer of any Physical Note and the Coupons, Receipts or Talons attached to them.

Capitalised terms shall have the meanings given to them in the relevant Final Terms. Where no definition is given, such term does not apply to the Notes.

#### **1.4 Redenomination**

The Issuer may (if so specified in the relevant Final Terms), without the consent of the holder of any Note, Coupon or Talon, by giving notice in accordance with Condition 14 at least 30 calendar days in advance, redenominate in euro all (and not only some) of the Notes of each Series, as from the date on which (i) the Member State of the European Union (the **EU**) in whose currency the Notes are denominated becomes a member state of the Economic and Monetary Union (as defined in the Treaty establishing the European Community (the **EC**), as amended (the **Treaty**)), or (ii) events that may have substantially the same effect have occurred, convert the aggregate nominal amount and the specified denomination in the applicable Final Terms. The date on which this redenomination becomes effective shall be defined in these Terms as the **Redenomination Date**. The redenomination of the Notes shall be made by converting the nominal amount of the issue and the nominal value of each Note denominated in the relevant national currency into euro by using the fixed conversion rate between this national currency and euro as set out by the European Union Council pursuant to article 123 (4) of the Treaty and by rounding the resulting number to the nearest hundredth of euro (0.005 euro being rounded up). If the Issuer decides so, the resulting number of the conversion of the issue's nominal amount and the nominal amount of each Note after application of the fixed conversion rate between such national currency and euro may be rounded to the nearest lower euro. The nominal amount of the issue and the nominal value of the Notes in euro thus determined shall be notified to the Noteholders pursuant to Condition 14. Any remainder in cash resulting from the redenomination of a value above 0.01 euro shall be paid through a cash portion rounded to the nearest hundredth euro (0.005 euro being rounded up). Such a cash portion shall be payable in euros at the Redenomination Date under the method noticed by the Issuer to the relevant Noteholders. Following a redenomination of Notes, any reference hereunder to the relevant national currency shall be interpreted as a reference to euro.

## **1.5 Consolidation**

The Issuer shall be entitled (if so specified in the relevant Final Terms), on each Interest Payment Date occurring after the Redenomination Date, with the prior consent of the Fiscal Agent (which may not be unreasonably withheld) and without the consent of the Noteholders or Couponholders, by giving notice to the Noteholders as least 30 calendar days in advance in accordance with Condition 14, to consolidate the Notes of a Series denominated in euro with the Notes of one or more other Series in issue, whether or not such Notes were initially issued in one of the European national currencies or in euro, provided that such other Notes have been redenominated in euro pursuant to the terms provided in Condition 1.4 above (if this was not the case initially) and also have, for all periods following such consolidation, the same terms and conditions as the Notes.

## **2. CONVERSION AND EXCHANGE OF NOTES**

For the purposes of this Condition, **Indebtedness** means any indebtedness in the form of any present or future borrowing, represented by bonds or other securities or negotiable instruments (including in particular securities that are or were originally privately placed) listed or traded or able to be listed or traded on any stock exchange or any other securities market.

The acquisition or subscription of any Note will constitute acceptance of the ST Guarantee by each of the Noteholders.

The obligations of ST under the ST Guarantee are unsecured and unsubordinated obligations of ST which rank and will rank equally with all other present and future unsecured and unsubordinated obligations of ST, subject to such exceptions as are from time to time mandatory under French law.

##### 4.2 **The Member Guarantees**

The Notes will benefit from first demand guarantees granted by local authorities, their groupings and local public institutions which have completed the membership process and have consequently become shareholders of ST (the **Members**), equal, for each Member, to the outstanding amount of the loans of an initial term of more than 364 days that such Member would have subscribed with the Issuer (together with ST, the **Guarantors**) (the **Members Guarantees**, together with the ST Guarantee, the **Guarantees**).

In this context, the Issuer represents and agrees that the Notes will be eligible for the benefit of the first demand guarantees granted by Members, in accordance with Title IV "Guarantee Mechanism" of ST's articles of association, substantially in accordance with the terms and conditions of the form of guarantee reproduced in paragraph 3 of "Description of the Guarantors and the Guarantee mechanism" section of this Base Prospectus. The acquisition or subscription of any Note will constitute acceptance of the Members Guarantees by each of the Noteholders.

The obligations of each of the Members under each of the Members Guarantees are unsecured and unsubordinated obligations of each Guarantor which rank and will rank equally with all other present and future unsecured and unsubordinated obligations of each Guarantor, subject to such exceptions as are from time to time mandatory under French law.

#### **4.3 Call on Guarantees**

The Guarantees are independent guarantees under French law, and can be called in accordance with their respective terms, which are entirely reproduced in paragraphs 2 and 3 of the section "Description of the Guarantors and the Guarantee mechanism" of this Base Prospectus.

If the Calculation Period is of a duration of more than one year, the basis shall be determined as follows:
- (i) the number of complete years shall be counted back from the last day of the Calculation Period;
  - (ii) this number shall be increased by the fraction for the relevant period calculated as set out in the first paragraph of this definition;

- (g) if **30/360 - FBF** or **Actual 30A/360 (American Bond Basis)** is specified in the applicable Final Terms, then, in respect of each Calculation Period, the fraction whose denominator is 360 and whose numerator is the number of days calculated as for 30E/360 – FBF, subject to the following exception:

where the last day of the Calculation Period is the 31st and the first is neither a 30th nor a 31st, the last month of the Calculation Period shall be deemed to be a month of thirty-one (31) days.

The fraction is:

$$sjjj^2 = 31etkk^1 \neq (30,31)$$

then:

$$\frac{1}{360} \times [(aa^2 - aa^1) \times 360 + (mm^2 - mm^1) \times 30 + (jj^2 - jj^1)]$$

or:

$$\frac{1}{360} \times [(aa^2 - aa^1) \times 360 + (mm^2 - mm^1) \times 30 + \text{Min}(jj^2, 30) - \text{Min}(jj^1, 30)]$$

D1(jj<sup>1</sup>, mm<sup>1</sup>, aa<sup>1</sup>) is the commencement date of the period

D2(jj<sup>1</sup>, mm<sup>2</sup>, aa<sup>2</sup>) is the end date of the period;

- (h) If **30E/360** or **euro Bond Basis** specified in the relevant Final Terms, the number of days in the Calculation Period divided by 360 (the number of days to be calculated on the basis of a year of 360 days with twelve (12) 30-day months, without considering the date of the first day or last day of the Calculation Period, unless, in the case of a Calculation Period ending on the Maturity Date, the Maturity Date is the last day of the month of February, in which case the month of February shall not be considered to be lengthened to a thirty-day month) and;
- (i) If **30E/360 – FBF** is specified in the relevant Final Terms, then, in respect of each Calculation Period, the fraction whose denominator is 360 and whose numerator is the number of days elapsed during such period, calculated on the basis of a year of twelve (12) 30-day months, subject to the following exception:

If the last day of the Calculation Period is the last day of the month of February, the number of days elapsed during such month shall be the actual number of days.

Using the same defined terms as used for 30/360 - FBF, the fraction is:

$$\frac{1}{360} \times \left[ (aa^2 - aa^1) \times 360 + (mm^2 - mm^1) \times 30 + \text{Min}(jj^2, 30) - \text{Min}(jj^1, 30) \right]$$

**Interest Accrual Period** means the period beginning on (and including) the Interest Period Commencement Date and ending on (but excluding) the first Interest Accrual Period Date as well as each subsequent period beginning on (and including) an Interest Accrual Period Date and ending on (but excluding) the following Interest Accrual Period Date.

**Relevant Financial Centre** means, in respect of a Floating Rate to be determined in accordance with a Screen Rate Determination on a Coupon Determination Date, the financial centre as may be specified in the relevant Final Terms or, if none is so specified, the financial centre with which the relevant Benchmark is most closely connected or, if none is so connected, Paris.

## **5.2 Interest on Fixed Rate Notes**

Each Fixed Rate Note bears interest calculated on its outstanding nominal amount, as from the Interest Period Commencement Date, at an annual rate (expressed as a percentage) equal to the Interest Rate, payable annually, semi-annually, quarterly or monthly (unless provided otherwise in the relevant Final Terms) in arrears on each Interest Payment Date.

If a fixed coupon amount (**Fixed Coupon Amount**) or a broken amount of interest (**Broken Amount**) is specified in the relevant Final Terms, the Coupon Amount payable on each Interest Payment Date will amount to the Fixed Coupon Amount or, if applicable, the Broken Amount so specified.

## **5.3 Interest on Floating Rate Notes**

### **(a) Interest Payment Dates**

Each Floating Rate Note shall bear interest calculated on its unredeemed nominal amount, as from the Interest Period Commencement Date, at an annual rate (expressed as a percentage) equal to the Interest Rate, payable annually, semi-annually, quarterly or monthly (unless provided otherwise in the relevant Final Terms) in arrears on each Interest Payment Date. Such Interest Payment Date(s) shall be specified in the applicable Final Terms; if no Interest Payment Date(s) is/are specified in the applicable Final Terms, Interest Payment Date shall mean each date falling at the end of such number of months or at the end of such other period as is

specified in the applicable Final Terms as being the Interest Period, falling after the preceding Interest Payment Date and, in the case of the first Interest Payment Date, falling after the Interest Period Commencement Date.

**(b) Business Day Convention**

If any date referred to in these Terms that is specified to be subject to adjustment in accordance with a Business Day Convention would otherwise fall on a day that is not a Business Day, then, if the applicable Business Day Convention is (i) the **Floating Rate Business Day Convention**, such date shall be postponed to the next day that is a Business Day unless it would thereby fall into the next calendar month, in which event (x) such date shall be brought forward to the immediately preceding Business Day and (y) each subsequent date shall be the last Business Day of the month in which such date would have fallen had it not been subject to adjustment, (ii) the **Following Business Day Convention**, such date shall be postponed to the next day that is a Business Day, (iii) the **Modified Following Business Day Convention**, such date shall be postponed to the next day that is a Business Day unless it would thereby fall into the next calendar month, in which event such date shall be brought forward to the immediately preceding Business Day or (iv) the **Preceding Business Day Convention**, such date shall be brought forward to the immediately preceding Business Day. Notwithstanding the foregoing, if the applicable Final Terms indicate that the Business Day Convention shall be applied on a "non-adjusted" basis, the Coupon Amount payable at any date shall not be affected by the application of the relevant Business Day Convention.

**(c) Interest Rate for Floating Rate Notes**

The Interest Rate in respect of Floating Rate Notes for each Interest Accrual Period shall be determined in compliance with the provisions below relating to FBF Determination, Screen Rate Determination or ISDA Determination, as specified in the relevant Final Terms.

**(i) FBF Determination for Floating Rate Notes**

Where FBF Determination is specified in the relevant Final Terms as being the method applicable for the determination of the Interest Rate, the Interest Rate for each Interest Accrual Period shall be determined by the Agent as being a rate equal to the relevant FBF Rate plus or minus, as the case may be (as specified in the relevant Final Terms), the Margin. For the purposes of this sub-paragraph (i), the "FBF Rate", in respect of an Interest Accrual Period, means a rate equal to the Floating Rate that would be determined by the Agent for a swap transaction entered into pursuant to an FBF Master Agreement supplemented by the Interest Rate or Currency Swaps Technical Schedule under the terms of which:

- (A) the relevant Floating Rate is as specified in the relevant Final Terms; and
- (B) the Floating Rate Determination Date is as specified in the relevant Final Terms.

For the purposes of this sub-paragraph (i), "Floating Rate" and "Floating Rate Determination Date" bear the definitions given to them in the FBF Definitions.

If the paragraph "Floating Rate", in the applicable Final Terms, provides that the interest rate in respect of an Interest Period shall be determined by linear interpolation, the Interest Rate applicable to such Interest Period shall be calculated by the Calculation Agent by linear interpolation between two (2) rates based on the relevant Floating Rate, the first rate as would be applicable to a maturity just shorter than the duration of the relevant Interest Period and the second rate as would be applicable to a maturity just longer than the relevant Interest Period.

**(ii) ISDA Determination for Floating Rate Notes**

Where ISDA Determination is specified in the applicable Final Terms as being the method applicable for the determination of the Interest Rate, the Interest Rate for each Interest Accrual Period shall be determined by the Calculation Agent as being a rate equal to the relevant ISDA Rate plus or minus, as the case may be (as specified in the relevant Final Terms), the Margin.

For the purposes of this sub-paragraph ii), the **ISDA Rate** in respect of an Interest Accrual Period means a rate equal to the Floating Rate as determined by the Calculation Agent for a Swap Transaction entered into pursuant to an agreement incorporating the ISDA Definitions under the terms of which:

- (a) the **Floating Rate Option** is as specified in the applicable Final Terms;
- (b) the **Designated Maturity** is a period specified in the applicable Final Terms;
- (c) the relevant **Reset Date** is the first day of such Interest Accrual Period, unless provided otherwise in the applicable Final Terms;
- (d) references to **Confirmation** shall be construed as references to the relevant Final Terms;
- (e) the relevant **Fixing Day** is the date specified in the applicable Final Terms or, failing which, as defined in the ISDA Definitions;
- (f) the **Effective Date** is, unless otherwise specified in the applicable Final Terms, the Interest Period Commencement Date;
- (g) the **Termination Date** is, unless otherwise specified in the applicable Final Terms, the last day of the last occurring Interest Accrual Period;

- (h) the relevant **Calculation Period** is as specified in the applicable Final Terms or, failing which, the relevant Interest Accrual Period (as defined in these Conditions); and
- (i) If the Floating Rate Option is an Overnight Floating Rate Option and Compounding Method is specified as being applicable in the applicable Final Terms:
- For the purpose of the Compounding Method, the relevant Reset Date is the last day of the last occurring Interest Accrual Period, unless otherwise specified in the Final Terms;
  - Delayed Payment will be applicable if so specified in the Final Terms, and if so, the applicable number of days is either (x) as specified in the Final Terms, or (y) if no number is specified as such in the Final Terms, five (5) days;
  - OIS Compounding will be applicable if so specified in the Final Terms;
  - Compounding with Lookback will be applicable if so specified in the Final Terms, and if so, the **Lookback** is either (x) as specified in the Final Terms, or (y) if no number is specified as such in the Final Terms, the number specified as the “Lookback” for the relevant Floating Rate Option in the ISDA Definitions, or (z) if no such number is specified for the relevant Floating Rate Option, five (5) days;
  - Compounding with Observation Period Shift will be applicable if so specified in the Final Terms, and if so, **Set-in-Advance** will be applicable if so specified in the Final Terms, **Observation Period Shift Additional Business Day** is as specified in the Final Terms, and the **Observation Period Shift** is either (x) as specified in the Final Terms, or (y) if no such number is specified in the Final Terms, the number specified as the “Observation Period Shift” for the relevant Floating Rate Option in the ISDA Definitions, or (z) if no such number is specified for the relevant Floating Rate Option, five (5) days; and
  - Compounding with Lockout will be applicable if so specified in the Final Terms, and if so, **Lockout Period Business Day** is as specified in the Final Terms and the **Lockout** is either (x) as specified in the Final Terms, or (y)

if no such number is specified in the Final Terms, the number specified as the “Lockout” for the relevant Floating Rate Option in the ISDA Definitions, or (z) if no such number is specified for the relevant Floating Rate Option, five (5) days.

For the purposes of this sub-paragraph (ii), unless otherwise defined in this sub-paragraph, **Agent de Calcul, Taux Variable, Option à Taux Variable, Échéance Prévue, Date de Réinitialisation, Contrat d’Echange, Option à Taux Variable Overnight, Compounding avec Lookback, Compounding avec Observation Period Shift, Compounding avec Lockout, OIS Compounding, Jour de Fixation, Date Effective, Date de Fin, Jour Ouvré Supplémentaire de la Période d’Observation Shift, Paiement Différé, Set-in-Advance, Date de Fin de Période, Période de Lockout, Période de Lookback, Période d’Observation Shift et Jour Ouvré de la Période de Lockout** are the respective French equivalents of the terms “*Calculation Agent*”, “*Floating Rate*”, “*Floating Rate Option*”, “*Designated Maturity*”, “*Reset Date*”, “*Swap Transaction*”, “*Overnight Floating Rate Option*”, “*Compounding with Lookback*”, “*Compounding with Observation Period Shift*”, “*Compounding with Lockout*”, “*OIS Compounding*”, “*Fixing Day*”, “*Effective Date*”, “*Termination Date*”, “*Observation Period Shift Additional Business Days*”, “*Delayed Payment*”, “*Set in Advance*”, “*Period End Date*”, “*Lockout*”, “*Lookback*”, “*Observation Period Shift*” and “*Lockout Period Business Day*”, which have the meanings given to those terms in the ISDA Definitions.

The provisions relating to “Linear Interpolation” set out in the ISDA Definitions shall apply to an ISDA Rate where “*2021 ISDA Definitions Linear Interpolation*” is specified as applicable in the applicable Final Terms. For such purpose, references to “Relevant Rate” under the ISDA Definitions shall be deemed to be references to the ISDA Rate.

**(iii) Screen Rate Determination for Floating Rate Notes**

Where Screen Rate Determination is specified in the relevant Final Terms as being the method applicable for the determination of the Interest Rate, the Interest Rate for each Interest Accrual Period shall be determined by the Calculation Agent at (or about) the Relevant Time on the Coupon Determination Date relating to such Interest Accrual Period as specified below:

- (A) except for Notes in respect of which the relevant Final Terms specify that the Benchmark is TONA, SARON, €STR, SONIA or SOFR, if the primary source for the Floating Rate is a Screen Page, subject as provided below or in Condition 5.3(c)(iv) below, the Interest Rate shall be:

- I. the Relevant Rate (where such Relevant Rate on such Screen Page is a composite quotation or is customarily supplied by one entity), or
- II. the arithmetic mean of the Relevant Rates of the entities whose Relevant Rates appear on that Screen Page,

in each case as published on such Screen Page, at the Relevant Time on the Coupon Determination Date, as specified in the relevant Final Terms, decreased or increased, as the case may be (as specified in the relevant Final Terms), by the Margin;

- (B) if the primary source for the Floating Rate is Reference Banks or if sub-paragraph (A)(I) applies and no Relevant Rate appears on the Screen Page at the Relevant Time on the Coupon Determination Date or if sub-paragraph (A)(II) applies and fewer than two Relevant Rates appear on the Screen Page at the Relevant Time on the Coupon Determination Date, the Interest Rate, subject as provided below, shall be equal to the arithmetic mean of the Relevant Rates that each of the Reference Banks is quoting to leading banks in the Relevant Financial Centre at the Relevant Time on the Coupon Determination Date, as determined by the Calculation Agent, decreased or increased, as the case may be (as specified in the relevant Final Terms) by the Margin; and
- (C) if paragraph (B) above applies and the Calculation Agent determines that less than two Reference Banks are so quoting Relevant Rates, the Interest Rate shall, subject as provided below, be the arithmetic mean of the rates per annum (expressed in percentage) that the Calculation Agent determines to be the rates (being the nearest equivalent to the Benchmark) in respect of a Representative Amount of the Specified Currency that at least two out of five leading banks selected by the Calculation Agent in the principal financial centre of the country of the Specified Currency or, if the Specified Currency is euro, in the Euro-zone as selected by the Calculation Agent, **(the Principal Financial Centre)** are quoting at or about the Relevant Time on the date on which such banks would customarily quote such rates for a period beginning on the Effective Date for a period equivalent to the Specified Duration (I) to leading banks carrying on business in Europe, or (if the Calculation Agent determines that fewer than two of such banks are so quoting to leading banks in Europe) (II) to leading banks carrying on business in the Principal Financial Centre; except that, if fewer than two of such banks are so quoting to leading banks in the Principal Financial Centre, the Interest Rate shall be the Interest Rate determined on the previous Coupon Determination Date (after readjustment for any difference between any Margin, Rate Multiplier or Maximum or Minimum Interest Rate applicable to the preceding Interest Accrual Period and to the relevant Interest

Accrual Period as specified, as the case may be, in the applicable Final Terms).

If the paragraph "Benchmark", in the applicable Final Terms, provides that the interest rate in respect of an Interest Period shall be determined by linear interpolation, the Interest Rate applicable to such Interest Period shall be calculated by the Calculation Agent by linear interpolation between two (2) rates based on the relevant Floating Rate, the first rate as would be applicable to a maturity just shorter than the duration of the relevant Interest Period and the second rate as would be applicable to a maturity just longer than the relevant Interest Period.

- (D) Where Screen Rate Determination is specified in the relevant Final Terms as being the method applicable for the determination of the Interest Rate and the Benchmark for such Floating Rate Notes is €STR, the Interest Rate for each Interest Accrual Period shall be determined by the Calculation Agent by one of the following methods:
- (x) if €STR *Lookback Compound* is specified as applicable in the relevant Final Terms, the Interest Rate for each Interest Accrual Period shall, subject as provided below, be €STR-*LOOKBACK-COMPOUND* plus or minus the Margin (if applicable, as specified in the relevant Final Terms);
  - (y) if €STR *Shift Compound* is specified as applicable in the relevant Final Terms, the Interest Rate for each Interest Accrual Period shall, subject as provided below, be €STR-*SHIFT-COMPOUND* plus or minus the Margin (if applicable, as specified in the relevant Final Terms).

Where :

“**€STR-LOOKBACK-COMPOUND**” means the rate of return of a daily compound interest investment (with the Euro Short-Term Rate as reference rate), calculated by the Calculation Agent on the Coupon Determination Date, as specified below, the result being rounded, if necessary, to the nearest fifth decimal place, 0.000005 being rounded upwards:

$$\left[ \prod_{i=1}^{d_0} \left( 1 + \frac{\text{€STR}_{i-\text{pJOT}} \times n_i}{360} \right) - 1 \right] \times \frac{360}{d}$$

$$\left[ \prod_{i=1}^{d_0} \left( 1 + \frac{\text{€STR}_i \times n_i}{360} \right) - 1 \right] \times \frac{360}{d}$$

A substitution must be made, in each of cases (i), (ii) and (iii) above, where a different Margin, or Maximum Interest Rate or Minimum Interest Rate is to be applied to the relevant Interest Accrual Period from that which applied to the last preceding Interest Accrual Period, the Margin, or Maximum Interest Rate or Minimum Interest Rate relating to the relevant Interest Accrual Period).

Any determination, decision or election made by the Calculation Agent (or any other party responsible for calculating the Interest Rate, as indicated in the Final Terms) in accordance with this provision, including any determination of a rate, an adjustment or the occurrence or non-occurrence of an event, circumstance or date, and any decision to take or refrain from taking any action or making any election (i) will be binding in the absence of manifest error, (ii) will be made at the sole discretion of the Calculation Agent (or any other party responsible for calculating the Interest Rate, as specified in the Final Terms), and (iii) notwithstanding any provision to the contrary in the documentation on Notices, shall become effective without the consent of the Holders of the Notes or any other party.

If the SONIA compounded index is not published or made available on the relevant Screen Page by the administrator or any other information service at 5.p.m (London Time) (or, if later, at the time

which is one hour later than the normal or scheduled time of publication, in accordance with the administrator's operational procedures then in force for SONIA Relevant Rate or any other information service, as the case may be) on the relevant Coupon Determination Date, the "SONIA-COMPOUND" on the Interest Accrual Period for which SONIA compounded index is unavailable will be calculated in accordance with the "SONIA SHIFT COMPOUND" above, as if SONIA Shift Compound was specified in the Final Terms as SONIA determination method, and, as such, the term Observation Shift Days refers to the number of London Banking Days specified in the Relevant Final Terms.

Notwithstanding the paragraph above, in the event the Bank of England publishes guidance as to (i) how the SONIA is to be determined or (ii) any rate that is to replace the SONIA, the Calculation Agent shall, to the extent that it is reasonably practicable, follow such guidance in order to determine the Interest Rate to apply whilst the SONIA is not available or has not been published by the authorised distributors.

If the Interest Rate cannot be determined by the Calculation Agent in accordance with the foregoing provisions, the Interest Rate shall be:

1. that determined as at the last preceding Coupon Determination Date (though substituting, where a different Margin, Maximum Interest Rate or Minimum Interest Rate is to be applied to the relevant Interest Accrual Period than that applicable to the last preceding Interest Accrual Period, the Margin, Maximum Interest Rate or Minimum Interest Rate applicable to the relevant Interest Accrual Period); or
2. if there is no preceding Coupon Determination Date, the initial Interest Rate that would have applied for the first Interest Accrual Period if the Notes had been issued for a period equal in duration to the first scheduled Interest

Accrual Period but ending on and excluding the Interest Period Commencement Date (although applying the Margin, Maximum Interest Rate or Minimum Interest Rate applicable to the first Interest Accrual Period).

Notwithstanding any Coupon Determination Date specified in the Final Terms, if the Notes have matured in accordance with the Conditions, the final Coupon Determination Date shall be deemed to be the date on which the Notes matured and the Interest Rate shall, for so long as the Notes remain in issue, be as determined on that date.

Any determination, decision or election that may be made by the Calculation Agent (or any other party responsible for the calculation of the Interest Rate as set out in the Final Terms) pursuant to this provision, including any determination as to any rate or adjustment or as to the occurrence or non-occurrence of any event, circumstance or date and any decision to take or refrain from taking any action or election (i) shall, in the absence of manifest error, be binding, (ii) shall be made in the sole discretion of the Calculation Agent (or such other party responsible for the calculation of the Interest Rate as may be specified in the Final Terms), and (iii) notwithstanding anything to the contrary contained in the documentation relating to the Notes, shall be effective without the consent of the Noteholders or any other party.

- (F) Where Screen Rate Determination is specified in the relevant Final Terms as being the method applicable for the determination of the Interest Rate and the Benchmark for such Floating Rate Notes is SOFR, the Interest Rate shall be determined by the Calculation Agent as follows:
- (x) if SOFR Arithmetic Average is specified as being applicable in the relevant Final Terms, the Interest Rate for each Interest Accrual Period shall be the arithmetic average of the SOFR for each day in the period, plus or minus the Margin (if applicable, as specified in the relevant Final Terms), as determined by the Calculation Agent, the SOFR value on the SOFR Rate Cut-Off Date being deemed to be the SOFR value for the days in the period from and including the SOFR Rate Cut-Off Date up to but excluding the Coupon Payment Date;
  - (y) if SOFR Lockout Compound is specified as applicable in the relevant Final Terms, the Interest Rate for each Interest Accrual Period shall, except as provided below, be the USD-SOFR-LOCKOUT-COMPOUND, plus or minus the Margin (if applicable, as specified in the relevant Final Terms); or

- (z) if SOFR Lookback Compound is specified as applicable in the relevant Final Terms, the Interest Rate for each Interest Accrual Period shall, except as provided below, be the USD-SOFR-LOOKBACK-COMPOUND, plus or minus the Margin (if applicable, as specified in the relevant Final Terms); or
- (xx) if SOFR Shift Compound is specified as applicable in the relevant Final Terms, the Interest Rate for each Interest Accrual Period shall, except as provided below, be the USD-SOFR-SHIFT-COMPOUND, plus or minus the Margin (as applicable, as specified in the relevant Final Terms); or
- (yy) if SOFR Index Average is specified as applicable in the Final Terms, the Interest Rate for each Interest Accrual Period shall, except as provided below, be the USD-SOFR-INDEX-AVERAGE, plus or minus the Margin (as applicable, as specified in the relevant Final Terms).

For the purposes of this Article 5.3(c)(iii)(F):

If the Calculation Agent, or any Independent Adviser determines, no later than the SOFR Determination Time, that a Benchmark Transition Event and related Benchmark Replacement Date have occurred with respect to the then-current Benchmark, the Benchmark Replacement will replace the then current Benchmark for the purposes of all Interest Rate determinations to be made on or after such date.

In connection with the implementation of a Benchmark Replacement, the Calculation Agent, or any Independent Adviser, will have the right to make any necessary or useful Benchmark Replacement Conforming Changes.

If the Relevant Screen Page is not available, the Calculation Agent shall request each of the CMS Reference Banks to provide the Calculation Agent with its quotation for the Relevant Swap Rate at approximately the Specified Time on the Coupon Determination Date. If at least three of the CMS Reference Banks provide the Calculation Agent with such quotations, the CMS Rate for such Interest Accrual Period shall be the arithmetic mean of such quotations, eliminating the highest quotation (or, in the event of equality, one of the highest) and the lowest quotation (or, in the event of equality, one of the lowest).

If on any Coupon Determination Date less than three or none of the CMS Reference Banks provides the Calculation Agent with such

quotations as provided in the preceding paragraph, the CMS Rate shall be determined by the Calculation Agent on such commercial basis as considered appropriate by the Calculation Agent in its absolute discretion, in accordance with standard market practice.

For the purposes of this sub-paragraph (D):

Relevant Swap Rate means:

- (i) where the Specified Currency is Euro, the mid-market annual swap rate determined on the basis of the arithmetic mean of the bid and offered rates for the annual fixed leg, calculated on a 30/360 day count basis, of a fixed-for-floating euro interest rate swap transaction with a term equal to the Specified Duration commencing on the first day of the relevant Interest Period and in a Representative Amount with an acknowledged dealer of good credit in the swap market, where the floating leg, in each case calculated on an Actual/360 day count basis, is equivalent to EUR-EURIBOR-Reuters (as defined in the ISDA Definitions) with a Specified Duration determined by the Calculation Agent by reference to standard market practice and/or the ISDA Definitions;
- (ii) where the Specified Currency is any other currency or, if the Final Terms specify otherwise, the mid-market swap rate as determined in accordance with the relevant Final Terms.

**Representative Amount** means an amount that is representative for a single transaction in the relevant market at the relevant time.

**(iv) Benchmark discontinuation**

Where the method applicable for the determination of the Interest Rate specified in the relevant Final Terms is Screen Rate Determination, if a Benchmark Event occurs in relation to an Original Reference Rate at any time when the Terms and Conditions of any Notes provide for any rate of interest (or any component part thereof) to be determined by reference to such Original Reference Rate, then the following provisions shall apply and prevail over other fallbacks specified in Condition 5.3(c)(iii), provided that this Condition 5.3(c)(iv) shall not apply if the Relevant Rate is €STR, SONIA or SOFR.

**(A) Independent Adviser**

The Issuer shall use reasonable endeavours to appoint an Independent Adviser, as soon as reasonably practicable, to determine a Successor Rate, failing which an Alternative Rate (in accordance with Condition 5.3(c)(iv)(B)) and, in either case, an

Adjustment Spread, if any (in accordance with Condition 5.3(c)(iv)(C)) and any Benchmark Amendments (in accordance with Condition 5.3(c)(iv)(D)).

An Independent Adviser appointed pursuant to this Condition 5.3(c)(iv) shall act in good faith as an expert and (in the absence of manifest error or fraud) shall have no liability whatsoever to the Issuer, the Fiscal Agent, the Paying Agents, the Calculation Agent or any other party responsible for determining the Interest Rate specified in the applicable Final Terms, or the Noteholders for any determination made by it pursuant to this Condition 5.3(c)(iv).

(B) Successor Rate or Alternative Rate

If the Independent Adviser determines in good faith that:

- I. there is a Successor Rate, then such Successor Rate shall (subject to adjustment as provided in Condition 5.3(c)(iv)(D)) subsequently be used in place of the Original Reference Rate to determine the relevant Interest Rate(s) (or the relevant component part(s) thereof) for all relevant future payments of interest on the Notes (subject to the further operation of this Condition 5.3(c)(iv)); or
- II. there is no Successor Rate but that there is an Alternative Rate, then such Alternative Rate shall (subject to adjustment as provided in Condition 5.3(c)(iv)(D)) subsequently be used in place of the Original Reference Rate to determine the relevant Interest Rate(s) (or the relevant component part(s) thereof) for all relevant future payments of interest on the Notes (subject to the further operation of this Condition 5.3(c)(iv)).

(C) Adjustment Spread

If the Independent Adviser determines in good faith (i) that an Adjustment Spread is required to be applied to the Successor Rate or the Alternative Rate (as the case may be) and (ii) the quantum of, or a formula or methodology for determining, such Adjustment Spread, then such Adjustment Spread shall be applied to the Successor Rate or the Alternative Rate (as the case may be) for each subsequent determination of a relevant Interest Rate (or a relevant component part thereof) by reference to such Successor Rate or Alternative Rate (as applicable).

(D) Benchmark Amendments

If any Successor Rate, Alternative Rate or Adjustment Spread is determined in accordance with this Condition 5.3(c)(iv) and the Independent Adviser determines in good faith (i) that amendments

to the Terms and Conditions of the Notes (including, without limitation, amendments to the definitions of Day Count Fraction, Business Days or Relevant Screen Page) are necessary to ensure the proper operation of such Successor Rate, Alternative Rate and/or Adjustment Spread (such amendments, the **Benchmark Amendments**) and (ii) the terms of the Benchmark Amendments, then the Issuer shall, subject to giving notice thereof in accordance with Condition 5.3(c)(iv)(E), without any requirement for the consent or approval of Noteholders, vary the Terms and Conditions of the Notes to give effect to such Benchmark Amendments with effect from the date specified in such notice.

In connection with any such variation in accordance with this Condition 5.3(c)(iv), the Issuer shall comply with the rules of any stock exchange on which the Notes are for the time being listed or admitted to trading.

After a Successor Rate or Alternative Rate has been determined, the fallbacks specified in Condition 5.3(c)(iii) shall apply to the Successor Rate or the Alternative Rate, or as the case may be, if a Benchmark Event occurs, the Successor Rate or Alternative Rate shall be treated as the Original Reference Rate for the purposes of this Condition 5.3(c)(iv).

(E) Notices, etc.

The Issuer shall, after receiving such information from the Independent Adviser, notify the Fiscal Agent, the Calculation Agent, the Paying Agents, the Representative (if any) and, in accordance with Condition 14, the Noteholders, promptly of any Successor Rate, Alternative Rate, Adjustment Spread and of the specific terms of any Benchmark Amendments, determined under this Condition 5.3(c)(iv). Such notice shall be irrevocable and shall specify the effective date of the Benchmark Amendments, if any.

(F) Fallbacks

If, following the occurrence of a Benchmark Event and in relation to the determination of the Interest Rate on the immediately following Coupon Determination Date, no Successor Rate or Alternative Rate (as applicable) is determined pursuant to this provision, the fallbacks for the Original Reference Rate specified in Condition 5.3(c)(iii), namely the Interest Rate determined on the preceding Coupon Determination Date will continue to apply to such determination (after adjustment for any difference in Margin, Rate Multiplier, or Maximum or Minimum Interest Rate applicable to the previous Interest Accrual Period and to the applicable Interest Accrual Period specified, if any, in the relevant Final Terms).

In such circumstances, the Issuer will be entitled (but not obliged), at any time thereafter, to elect to re-apply the provisions of this Condition 5.3(c)(iv), *mutatis mutandis*, on one or more occasions until a Successor Rate or Alternative Rate (and, if applicable, any associated Adjustment Spread and/or Benchmark Amendments) has been determined and notified in accordance with this Condition 5.3(c)(iv) (and, until such determination and notification (if any), the fallback provisions provided elsewhere in these Terms and Conditions including, for the avoidance of doubt, the fallbacks specified in Condition 5.3(c)(iii), will continue to apply in accordance with their terms unless a Benchmark Event occurs).

(G) Definitions

In this Condition 5.3(c)(iv) :

**Adjustment Spread** means either a spread (which may be positive or negative), or the formula or methodology for calculating a spread, in either case, which the Independent Adviser determines and which is required to be applied to the Successor Rate or the Alternative Rate (as the case may be) to reduce or eliminate, to the fullest extent practicable in the circumstances, any economic prejudice or benefit (as the case may be) to Noteholders as a result of the replacement of the Original Reference Rate with the Successor Rate or the Alternative Rate (as the case may be) and is the spread, formula or methodology which:

- (i) in the case of a Successor Rate, is formally recommended, or formally provided as an option for parties to adopt, in relation to the replacement of the Original Reference Rate with the Successor Rate by any Relevant Nominating Body;

- (v) the making of a public statement by the supervisor of the administrator of the Original Reference Rate that it will be prohibited to use the Original Reference Rate or indicating that its use will be subject to significant restrictions or may have adverse consequences;
- (vi) the making of a public statement by the supervisor of the administrator of the Original Reference Rate that the Original Reference Rate, in the opinion of the supervisor, is no longer representative of an underlying market or that its method of calculation has significantly changed;
- (vii) it has or will prior to the next Coupon Determination Date, become unlawful for the Issuer, the party responsible for determining the Interest Rate (being the Calculation Agent or such other party specified in the applicable Final Terms, as applicable), or any Paying Agent to calculate any payments due to be made to any Noteholder using the Original Reference Rate (including, without limitation,

under the Benchmark Regulation (EU) 2016/1011, if applicable); or as amended, where appropriate); or

- (b) which shall be automatically converted from a fixed rate to a floating rate or from a floating rate to a fixed rate (**Automatic Change of Interest Basis**).

#### **5.5 Zero Coupon Notes**

Where a Zero Coupon Note is redeemable prior to its Maturity Date by exercise of an Option of Redemption of the Issuer (as described in Condition 6.3 below) or, if so specified in the relevant Final Terms, pursuant to Condition 6.5 or in any other manner, and such Note is not redeemed on the due date, the amount due and payable prior to the Maturity Date shall be the Optional Redemption Amount or the Early Redemption Amount, as the case may be. As from the Maturity Date, the overdue principal of such Note shall bear interest at a rate per annum (expressed as a percentage) equal to the Amortisation Yield (as defined in Condition 6.5(a)).

#### **5.6 Accrual of interest**

Interest shall cease to accrue on each Note on the due date for redemption unless (a) on such due date, in the case of Dematerialised Notes or (b) upon due presentation, in the case of Materialised Notes, repayment of principal is improperly withheld or refused, in which event interest shall continue to accrue (after as well as before judgment) at the Interest Rate in the manner provided in Condition 5 up to the Relevant Date.

Where any Interest Period comprises two or more Interest Accrual Periods, the amount of interest payable in respect of such Interest Period shall be the sum of the amounts of interest payable in respect of each of those Interest Accrual Periods.

## **5.9 Determination and publication of Interest Rates, Coupon Amounts, Final Redemption Amounts, Early Redemption Amounts, Optional Redemption Amounts and Instalment Amounts**

It shall then cause the Interest Rate and the Coupon Amounts for each Interest Period and the relevant Interest Payment Date and, if required, the Final Redemption Amount, Early Redemption Amount, Optional Redemption Amount or Instalment Redemption Amount to be notified to the Fiscal Agent, the Issuer, each of the Paying Agents and any other Calculation Agent appointed in respect of the Notes that is to make a further calculation upon receipt of such information. Where any Interest Payment Date or Interest Accrual Period Date is subject to adjustment pursuant to Condition 5.3(b), the Coupon Amounts and the Interest Payment Date so published may subsequently be amended (or appropriate

alternative arrangements made by way of adjustment) without notice in the event of an extension or shortening of the Interest Period. The determination of any rate or amount, the obtaining of each quotation and the making of each determination or calculation by the Calculation Agent(s) shall (in the absence of manifest error) be final and binding upon all parties.

#### **5.10 Calculation Agent and Reference Banks**

The Issuer shall procure that there shall at all times be four Reference Banks (or such other number as may be required) with at least one office in the Relevant Financial Centre, except for Notes in respect of which €STR, SONIA, SOFR, TONA or SARON are the applicable Benchmarks, and one or more Calculation Agents if so specified in the relevant Final Terms and for so long as any Note is outstanding (as defined in Condition 3 above). If any Reference Bank (acting through its relevant office) is unable or unwilling to continue to act as a Reference Bank, then the Issuer shall, except for Notes in respect of which €STR, SONIA, SOFR, TONA or SARON are the applicable Benchmarks, appoint another Reference Bank with an office in the Relevant Financial Centre to act as such in its place. Where more than one Calculation Agent is appointed in respect of the Notes, references in these Terms to the Calculation Agent shall be construed as a reference to each Calculation Agent performing its respective duties under these Terms. If the Calculation Agent is unable or unwilling to act as such or if the Calculation Agent fails duly to establish the Interest Rate for an Interest Period or Interest Accrual Period or to calculate any Coupon Amount, Instalment Amount, Final Redemption Amount, Optional Redemption Amount or Early Redemption Amount, as the case may be, or to comply with any other requirement, the Issuer shall appoint a leading bank or investment bank operating in the interbank market (or, if appropriate, money market, or swaps market) that is most closely connected with the calculation or determination to be made by the Calculation Agent (acting through its principal Paris office or any other office actively involved in such market) to act as such in its place. The Calculation Agent may not resign its duties without a successor having been appointed in the manner described above.

#### **6.2 Redemption by instalments**

Unless previously redeemed or purchased and cancelled as provided in this Condition 6, each Note that provides for Instalment Dates and Instalment Amounts shall be partially redeemed on each Instalment Date at the related Instalment Amount specified in the relevant Final Terms. The outstanding nominal amount of each such Note shall be reduced by the Instalment Amount (or, if such Instalment Amount is calculated by reference to a proportion of the nominal amount of such Note, by such proportion) for all purposes with effect from the related Instalment Date, unless payment of the Instalment Amount is improperly withheld or refused (i) in the case of Dematerialised Notes, on the date specified for such payment or (ii) in the case of Materialised Notes, on presentation of the related Receipt, in

which case, such amount shall remain outstanding until the Relevant Date relating to such Instalment Amount.

Any such redemption of Notes shall be at their Optional Redemption Amount specified in the relevant Final Terms together with interest accrued to the date fixed for redemption in the relevant Final Terms. Any such redemption must relate to Notes of a nominal amount at least equal to the Minimum Redemption Amount to be redeemed as specified in the relevant Final Terms and no greater than the Maximum Redemption Amount to be redeemed as specified in the relevant Final Terms.

All Notes in respect of which any such notice is given shall be redeemed on the date specified in such notice in accordance with this Condition.

In the case of a partial redemption by the Issuer in respect of Materialised Notes of the same series, the notice to holders of such Materialised Notes must also indicate the number of Physical Notes to be redeemed. The Notes must have been selected in such manner as is fair and objective in the circumstances, taking account of prevailing market practices and in accordance with all applicable stock market laws and regulations.

In the case of a partial redemption by the Issuer in respect of Dematerialised Notes of any one Series, the redemption shall be made by application of a pool factor (meaning a reduction of the nominal amount of such Dematerialised Notes pro rata the nominal amount redeemed).

### **6.4 Redemption at the option of the Noteholders**

If Noteholders put is specified in the relevant Final Terms, the Issuer shall, at the option of the holder of any such Note and upon giving not less than 30 and not more than 60 calendar days' irrevocable notice to the Issuer (or any other notice period as may be specified in the relevant Final Terms), redeem such Note on the Optional Redemption Date(s) at the Optional Redemption Amount specified in the applicable Final Terms together with interest accrued to the date fixed for redemption in the relevant Final Terms. In order to exercise such option, the Noteholder must deposit with a Paying Agent at its specified office by the required deadline a duly completed option exercise notice (the **Exercise Notice**) in the form obtainable during normal office hours from the Paying Agent or Registration Agent, as the case may be. In the case of Materialised Notes, the relevant Notes (together with all unmatured Receipts and Coupons and unexchanged Talons) must be attached to the Exercise Notice. In the case of Dematerialised Notes, the Noteholder shall transfer, or cause to be transferred, the Dematerialised Notes to be redeemed to the account of the Paying Agent, as specified in the Exercise Notice. No option that has been exercised or, if relevant, no Note that has been deposited or transferred may be withdrawn without the prior written consent of the Issuer.

## **6.5 Early Redemption**

### **(a) Zero Coupon Notes**

- (i) The Early Redemption Amount payable in respect of any Zero Coupon Note, upon redemption of such Note pursuant to Condition 6.6 or 6.9 or upon it becoming due and payable as provided in Condition 9, shall be calculated as provided below.
- (ii) Subject to the provisions of sub-paragraph (iii) below, the Early Redemption Amount of any such Zero Coupon Note shall be equal to the scheduled Final Redemption Amount of such Note on the Maturity Date discounted at a rate per annum (expressed as a percentage) equal to the Amortisation Yield (which, if a rate is not specified in the relevant Final Terms, shall be such rate as would result in an Early Redemption Amount equal to the Issue Price of the Notes if discounted back to their Issue Price on the Issue Date) compounded annually.
- (iii) If the Early Redemption Amount payable in respect of each Note upon its redemption pursuant to Condition 6.6 or 6.9 or upon it becoming due and payable in accordance with Condition 9 is not paid when due, the Early Redemption Amount due and payable in respect of such Note shall be as defined in sub-paragraph (ii) above, except that such sub-paragraph shall have effect as if the reference therein to the date on which the Early Redemption Amount becomes due and payable were a reference to the Relevant Date. The calculation of the Early Redemption Amount in accordance with this sub-paragraph shall continue to be made (both before and after judgment) until the Relevant Date, unless the Relevant Date falls on or after the Maturity Date, in which case the amount due and payable shall be the scheduled Final Redemption Amount of such Note on the Maturity Date, together with any interest that may accrue in accordance with Condition 5.5. Where such calculation is to be made for a period of less than one (1) year, it shall be made on the basis of one of the Day Count Fractions mentioned in Condition 5.1 and specified in the relevant Final Terms.

### **(b) Other Notes**

The Early Redemption Amount payable in respect of any Note (other than Notes referred to in paragraph (a) above), upon redemption pursuant to Condition 6.6 or 6.9 or upon it becoming due and payable pursuant to Condition 9, shall be the Final Redemption Amount plus all accrued interests until the date fixed for redemption in the relevant Final Terms.

## **6.6 Redemption for tax reasons**

- (a) If, at the time of any redemption of principal or payment of interest, the Issuer is obliged to pay additional amounts in accordance with Condition 8.2 below, by reason of any change in or amendment to the laws and regulations in France, or any change in the official application or interpretation thereof, made after the Issue Date,

the Issuer may (having given notice to the Noteholders in accordance with Condition 14, at the earliest 45 calendar days and at the latest 30 calendar days prior to such payment (which notice shall be irrevocable)) redeem, on any Interest Payment Date or, if specified in the applicable Final Terms, at any time, all but not some only of the Notes at the Early Redemption Amount together with, all interest accrued until the date fixed for redemption, provided that the due date for redemption of which notice hereunder shall be given shall not be earlier than the latest practicable date on which the Issuer could make a payment of principal and/or interest without withholding or deduction for French taxes.

- (b) If, on the occasion of the next redemption of principal or payment of interest in respect of the Notes, the Issuer would be prevented by French law from making payment of the full amount then due and payable to the Noteholders and Couponholders, notwithstanding the undertaking to pay additional amounts in accordance with Condition 8.2 below, the Issuer shall forthwith give notice of such fact to the Fiscal Agent. The Issuer shall, having given 7 calendar days' notice to the Noteholders in accordance with Condition 14, redeem all, and not some only, of the Notes then outstanding at their Early Redemption Amount, together with all interest accrued up to the date fixed for redemption, on (i) the latest practicable Interest Payment Date on which the Issuer could make payment of the full amount due and payable on the Notes, provided that if the notice referred to above would expire after such Interest Payment Date, the date for redemption to the Noteholders shall be the later of (A) the latest practicable date on which the Issuer could make payment of the full amount then due and payable on the Notes, Receipts or Coupons and (B) 14 calendar days after giving notice to the Fiscal Agent or (ii) if so specified in the relevant Final Terms, at any time, provided that the due date for redemption of which notice hereunder is given shall be the latest practicable date on which the Issuer could make payment of the full amount due and payable in respect of the Notes and, if relevant, any Receipts or Coupons or, if that date is passed, as soon as practicable thereafter.

## **6.7 Purchases**

The Issuer may at any time purchase Notes on the stock market or otherwise (including pursuant to a purchase offer) at any price (provided however that, in the case of Materialised Notes, all unmatured Receipts and Coupons, and all unexchanged Talons relating thereto, are attached to or surrendered with such Materialised Notes), in accordance with applicable laws and regulations.

The Final Terms shall specify if Notes purchased by the Issuer may be retained in accordance with applicable laws and regulations or cancelled in accordance with Condition 6.8 below.

## **6.8 Cancellation**

All Notes redeemed or purchased for cancellation in accordance with Condition 6.7 above, by or on behalf of the Issuer, shall be cancelled, in the case of Dematerialised Notes, by transfer to an account pursuant to the rules and procedures of Euroclear France, and in the case of Materialised Notes, by delivery to the Fiscal Agent of the relevant Temporary Global Certificate or the Physical Notes in question, together with all unmatured Coupons and Receipts and all unexchanged Talons attached to such Notes, if relevant, and in each case, if so transferred and surrendered, all such Notes shall, together with all Notes redeemed by

the Issuer, be cancelled forthwith (together with, in the case of Dematerialised Notes, all rights in respect of payment of interest and other amounts in respect of such Dematerialised Notes and, in the case of Materialised Notes, all unmatured Coupons and Receipts and all unexchanged Talons attached thereto or surrendered therewith). Any Notes so cancelled or, as the case may be, transferred or surrendered for cancellation may not be re-issued or re-sold and the obligations of the Issuer in respect of any such Notes shall be discharged.

## **6.9 Illegality**

If, by virtue of the introduction of any new law or regulation in France, any change of law or other mandatory provision or any change in the interpretation thereof by any French court or administrative authority, which takes effect after the Issue Date, it becomes unlawful for the Issuer to perform or comply with its obligations under the Notes, the Issuer shall, having given notice to the Noteholders in accordance with Condition 14, at the earliest 45 calendar days and at the latest 30 calendar days prior to such payment (which notice shall be irrevocable), redeem all and not some only of the Notes at the Early Redemption Amount together with all interest accrued up to the date fixed for redemption.

## **7. PAYMENTS AND TALONS**

### **7.1 Dematerialised Notes**

Any payment of principal or interest in respect of Dematerialised Notes shall be made (a) in the case of Dematerialised Notes in bearer form (au porteur) or in administered registered form (au nominatif administré), by transfer to an account denominated in the Specified Currency held with the Account Holders for the benefit of the Noteholders, and (b) in the case of Dematerialised Notes in pure registered form (au nominatif pur), by transfer to an account denominated in the Specified Currency, held with a Bank (as defined below) designated by the relevant Noteholder. The Issuer's payment obligations shall be discharged upon such payments being duly made to such Account Holders or such Bank.

### **7.2 Physical Notes**

#### **(a) Method of payment**

Subject as provided below, any payment in a Specified Currency shall be made by credit or transfer to an account denominated in the Specified Currency or to which the Specified Currency may be credited or transferred (which, in the case of a payment in Yen to a non-resident of Japan, shall be a non-resident account) held by the beneficiary or, at the option of the beneficiary, by cheque denominated in the Specified Currency drawn on a bank located in the principal financial centre of the country of the Specified Currency (which, if the Specified Currency is the euro, shall be a country within the Euro-zone and if the Specified Currency is the Australian dollar or New Zealand dollar, shall be Sydney or Auckland respectively).

#### **(b) Presentation and surrender of Physical Notes, Receipts and Coupons**

Any payment of principal in respect of Physical Notes, shall (subject as provided below) be made in the manner described in paragraph (a) above solely upon presentation and surrender (or, in the case of a partial payment of an outstanding amount, upon endorsement) of the relevant Notes and any payment of interest in

respect of Physical Notes shall (subject as provided below) be made in the manner described above solely upon presentation and surrender (or, in the case of a partial payment of an outstanding amount, upon endorsement) of the relevant Coupons, in each case at the specified office of any Paying Agent located outside the United States of America (such term meaning for the purposes hereof the United States of America (including the States and District of Columbia, their territories, possessions and other places under its jurisdiction)).

Any instalment of principal in respect of Physical Notes, other than the last payment, shall, where appropriate, (subject as provided below) be made in the manner described in paragraph (a) above solely upon presentation and surrender (or, in the case of a partial payment of an outstanding amount, upon endorsement) of the relevant Receipt in accordance with the preceding paragraph. Payment of the last instalment shall be made in the manner described in paragraph (a) above solely upon presentation and surrender (or, in the case of a partial payment of an outstanding amount, upon endorsement) of the relevant Note in accordance with the preceding paragraph. Each Receipt must be presented for payment of the relevant instalment with the related Physical Note. Any relevant Receipt presented for payment without the related Physical Note shall render the Issuer's obligations null and void.

Unmatured Receipts relating to Physical Notes (whether or not attached) shall, where appropriate, become void and no payment shall be made in respect thereof on the date on which such Physical Notes become due.

Fixed Rate Notes represented by Physical Notes must be surrendered for payment together with all unmatured Coupons appertaining thereto (such expression including, for the purposes hereof, Coupons to be issued in exchange for matured Talons), failing which the amount of any missing unmatured Coupon (or, in the case of a partial payment, that proportion of the amount of such missing unmatured Coupon that the sum of principal so paid bears to the total principal due) shall be deducted from the amount due. Any amount of principal so deducted shall be paid in the manner described above against surrender of the missing Coupon before the 1 January of the fourth year following the due date for payment of such amount, and not under any circumstances thereafter.

Where a Fixed Rate Note represented by a Physical Note becomes due prior to its Maturity Date, unmatured Talons appertaining thereto become void and no further Coupons shall be delivered.

Where a Floating Rate Note represented by a Physical Note becomes due prior to its Maturity Date, unmatured Coupons and Talons (if any) appertaining thereto (whether or not attached) become void and no payment shall be made or, if relevant, no further Coupons shall be delivered in respect thereof.

If a Physical Note is redeemed on a date that is not an Interest Payment Date, the interest (if any) accrued on such Note since the previous Interest Payment Date (included) or, as the case may be, the Interest Period Commencement Date (included) shall be paid only upon presentation and surrender (if relevant) of the related Physical Note.

### **7.3 Payments in the United States of America**

Notwithstanding the foregoing, if any Materialised Note is denominated in U.S. dollars, payments in respect thereof may be made at the specified office designated by any Paying Agent in New York in the same manner as provided above if (a) the Issuer has appointed Paying Agents with specified offices outside the United States with the reasonable expectation that such Paying Agents would be able to make payment of the amounts on the Notes in the manner provided above when due, (b) payment in full of such amounts at all such offices is illegal or effectively precluded by exchange controls or other similar restrictions on payment or receipt of such amounts and (c) such payment is then permitted by United States law, without involving, in the opinion of the Issuer, any adverse tax consequence to the Issuer.

### **7.4 Payments subject to fiscal laws**

All payments shall be subject to any laws, regulations and directives, including fiscal, or other laws and regulations which the Issuer or its Paying Agents are required to comply with, applicable without prejudice to the provisions of Condition 8. No commission or expenses shall be charged to the Noteholders, Receiptholders or Couponholders in respect of such payments.

### **7.5 Appointment of Agents**

The Fiscal Agent, the Paying Agents, the Calculation Agent and the Registration Agent initially appointed by the Issuer and their respective specified offices are listed at the end of this Base Prospectus. The Fiscal Agent, the Paying Agents and the Registration Agent act solely as agents of the Issuer, and the Calculation Agents solely as independent experts, and under no circumstances do any of them assume any obligation or relationship of agency for or with any Noteholder or Couponholder. The Issuer reserves the right at any time to vary or terminate the appointment of the Fiscal Agent, any Paying Agent, Calculation Agent or Registration Agent and to appoint any other Fiscal Agent, Paying Agent(s), Calculation Agent(s) or Registration Agent(s) or any additional Paying Agent(s), Calculation Agent(s) or Registration Agent(s), provided that the Issuer shall at all times maintain (a) a Fiscal Agent, (b) one or more Calculation Agents, where the Terms so require, (c) a Paying Agent with specified offices in at least two major European cities (providing fiscal agency services in respect of the Notes in France so long as any Notes are admitted to trading on Euronext Paris and applicable market regulations so require), (d) in the case of Dematerialised Notes in pure registered form (au nominatif pur), a Registration Agent and (e) any other agent that may be required under the rules of any Regulated Market on which the Notes may be admitted to trading.

In addition, the Issuer shall forthwith appoint a Paying Agent in New York City in respect of any Materialised Notes denominated U.S. dollars in the circumstances described in Condition 7.3 above.

Notice of any such change or of any change of any specified office shall promptly be given to the Noteholders in accordance with Condition 14.

### **7.6 Talons**

On or after the Interest Payment Date for the final Coupon forming part of a Coupon sheet issued in respect of any Materialised Note, the Talon forming part of such Coupon sheet may be surrendered at the specified office of the Fiscal Agent in exchange for a further

Coupon sheet (and if necessary another Talon for a further Coupon sheet) (but excluding any Coupons that may have become void pursuant to Condition 10).

#### 7.7 Business Days

If any date for payment in respect of any Note or Coupon is not a business day (as defined below), the Noteholder, or Couponholder shall not be entitled to payment until the next following business day, nor to any other sum in respect of such postponed payment. In this paragraph, "**business day**" means a day (other than a Saturday or Sunday) (a) (i) in the case of Dematerialised Notes, on which Euroclear France is operating, or (ii) in the case of Materialised Notes, on which banks and foreign exchange markets are open for business in the relevant place of presentation of the note for payment, (b) on which banks and foreign exchange markets are open for business in the countries specified as "Financial Centres" in the relevant Final Terms and (c) (i), in the case of a payment in a currency other than euro, where payment is to be made by transfer to an account maintained with a bank in the Specified Currency, a day on which foreign exchange transactions may be carried on in the relevant currency in the principal financial centre of the country of such currency or (ii), in the case of a payment in euros, a day which is a T2 Business Day.

#### 7.8 Bank

For the purposes of this Condition 7, **Bank** means a bank established in the principal financial centre of the country in which the Specified Currency is the lawful currency, or in the case of payments in euro, in a city in which banks have access to T2.

### 8. TAXATION

#### 8.1 Withholding

All payments of principal, interest and other similar income made by or on behalf of the Issuer in respect of the Notes, Receipts or Coupons shall be made free and clear of, and without withholding or deduction for, any taxes or duties of any kind imposed, levied or collected by or on behalf of France or any authority therein or thereof having power to tax, unless such withholding or deduction is required by law.

#### 8.2 Additional Amounts

If French law should require that payments of principal, interest or other similar income in respect of any Note, Receipt or Coupon are to be subject to withholding or deduction for any taxes or duties of any kind, present or future, the Issuer will, to the fullest extent then permitted by law, pay such additional amounts as may be necessary for the Noteholders, Receiptholders and Couponholders to receive the full amount that would have been payable in the absence of such withholding or deduction; except that no such additional amounts shall be payable with respect to any Note, Receipt or Coupon in the following cases:

- (a) **Other connection:** the Noteholder, Receiptholder or Couponholder, or any third party acting on his behalf, is liable to such tax or duty in France by reason of having some connection with France other than the mere holding of the Notes, Receipts or Coupons; or
- (b) **More than 30 calendar days have passed since the Relevant Date:** in the case of Materialised Notes, more than 30 calendar days have passed since the Relevant Date, except where the holder of such Notes, Receipts or Coupons would have been

entitled to an additional amount on presentation of the same for payment on the last day of such 30 day period.

References in this Condition to (i) principal shall be deemed to include any premium payable in respect of the Notes, all Instalment Amounts, Final Redemption Amounts, Early Redemption Amounts, Optional Redemption Amounts and all other amounts in the nature of principal payable pursuant to Condition 6 as completed by the relevant Final Terms, (ii) interest shall be deemed to include all Coupon Amounts and all other amounts payable pursuant to Condition 5 as completed by the relevant Final Terms and (iii) principal and/or interest and/or similar income shall be deemed to include any additional amounts that may be payable under this Condition.

## **9. EVENTS OF DEFAULT**

If any of the following events occurs (each constituting an **Event of Default**), (i) the Representative (as defined in Condition 11) acting on its own or upon request of any Noteholder, may, upon written notice given on behalf of the Masse (as defined in Condition 11) by registered letter with acknowledgment of receipt to the Issuer, with a copy to the Fiscal Agent and the Guarantors, before the relevant default has been remedied, cause all of the Notes (but not some only) to become immediately due and payable; or (ii) if there is no Representative, any Noteholder may, upon written notice by registered letter with acknowledgment of receipt to the Issuer with a copy to the Fiscal Agent, cause all of the Notes (but not some only) to become immediately due and payable at the Early Redemption Amount together with all accrued interest up to the actual date of redemption, without the necessity for any prior formal demand:

- (a) if the Issuer defaults in any payment of principal or interest due under any Note, Receipt or Coupon or, where applicable, the increase provided in case of withholding or deduction which the Notes become subject for a period of more than fifteen (15) calendar days from such due date; or
- (b) if there is a default by the Issuer in the due performance of any other provision of the Terms of the Notes, and such default has not been remedied within thirty (30) calendar days after receipt by the Issuer of written notice of such default from the Representative or, in the event that the holders of the Notes of a Series are not grouped together in a Masse, any Noteholder; or
- (c) if the Issuer or ST proposes a general moratorium on its debts; or judgment is rendered for its judicial liquidation (liquidation judiciaire) or for a transfer of the whole of the business (cession totale de l'entreprise); or, to the extent permitted by law, the Issuer or ST is subject to any other liquidation or bankruptcy procedure.

## **10. PRESCRIPTION**

All claims against the Issuer in relation to the Notes, Receipts and Coupons (except for Talons) shall lapse after five (5) years from their respective due dates.

## **11. REPRESENTATION OF NOTEHOLDERS**

The Noteholders shall, in respect of all Tranches of a single Series, be grouped together automatically for the defence of their common interests in a masse (the **Masse**), which shall be governed by the provisions of Articles L.228-46 *et seq.* of the Code de Commerce, with

the exception of Articles L.228-71 and R.228-69 of the Code de Commerce, as completed by Condition 11.

**a) Legal personality**

The Masse will be a separate legal entity, acting in part through a representative (the **Representative**) and in part through collective decisions of Noteholders' (**Collective Decisions**).

The Masse alone, to the exclusion of all individual Noteholders, shall exercise the common rights, actions and benefits which may accrue now or in the future under or with respect to the Notes.

**b) The Representative**

In accordance with article L.228-51 of the Code de Commerce, the names and addresses of the Representative and his alternate (if relevant) shall be set forth in the relevant Final Terms. The Representative appointed for the first Tranche of a Series of Notes shall be the sole Representative of the Masse for all Tranches of such Series.

The Representative shall receive remuneration for the performance of his functions and duties, as specified in the relevant Final Terms. No additional remuneration shall be payable in relation to any subsequent Tranches of the same Series of Notes.

In the event of death, resignation or dismissal of a Representative, the alternate Representative (if applicable) shall replace him. Another Representative may be appointed.

All interested parties may at any time obtain the names and addresses of the initial Representative and his alternate at the principal office of the Issuer and the specified office of any of the Paying Agents.

**c) Powers of the Representative**

The Representative shall (in the absence of any resolution to the contrary of the Noteholders' General Meeting), have the power to take any management action necessary for the defence of the common interests of the Noteholders.

All legal proceedings brought against or by the Noteholders must be brought by or against the Representative, as the case may be.

The Representative may not interfere in the management of the Issuer's corporate affairs.

**d) Collective Decisions**

Collective Decisions are adopted in general meeting (**General Meeting**) or by approval following a written consultation (**Written Decision**).

In accordance with article R.228-71 of the Code de Commerce, each Noteholder shall be entitled to participate in Collective Decisions by book entry, in its name, of its Notes either in the registered notes accounts held by the Issuer, or in the bearer notes accounts held by an intermediary (if applicable) on the second (2nd) business day prior to the date of the Collective Decision at midnight (00.00h), Paris time.

Collective Decisions must be published in accordance with Condition 11(h).

The Issuer shall keep a register of Collective Decisions and shall make it available, upon request, to any subsequent Noteholder of the Notes of such Series.

(A) General Meetings

Noteholders' General Meetings may be held at any time, on convocation either by the Issuer or the Representative. One or more Noteholders, holding together at least one-thirtieth (1/30th) of the nominal amount of the Notes outstanding may request the Issuer or the Representative to convene a General Meeting. If such General Meeting has not been convened within two (2) months from such request, such Noteholders may instruct one of themselves to petition the competent courts to appoint an agent to convene the General Meeting.

General Meetings may only deliberate validly on first convocation if the Noteholders present or represented hold at least one fifth (1/5th) of the nominal amount of Notes then outstanding. On second convocation no quorum is required. Decisions at General Meetings shall be valid if taken by a majority of two thirds (2/3rd) of the votes cast by the Noteholders present or represented at such meeting.

A notice indicating the date, time and place and agenda of the General Meeting shall be published in accordance with Condition 11(h) fifteen (15) calendar days at least prior to the date of the General Meeting on first convocation and no less than five (5) calendar days prior to the date of the General Meeting on second convocation.

Each Noteholder has the right to participate in General Meetings in person, by proxy, by postal ballot, by video conference or by any other means of communication enabling the Noteholders participating in the General Meeting to be identified.

Each Noteholder or its representative shall have the right, throughout the fifteen (15) calendar day period preceding the holding of a General Meeting, on first convocation, or throughout the five (5) calendar day period preceding the holding of a General Meeting on second convocation, to consult or make copies of the text of the resolutions to be proposed and of the reports to be presented at the General Meeting. Such documents will be available for inspection at the registered office of the Issuer, at the specified offices of the Paying Agents and at any other place specified in the notice of such General Meeting.

(B) Written Decisions and Electronic Consent

At the initiative of the Issuer or the Representative, Collective Decisions may also be taken by Written Decision.

Such Written Decision may be signed by or on behalf of Noteholders holding at least eighty per cent (80%) of the nominal amount of the Notes in issue, without having to comply with the formality requirements and deadlines specified in Condition 11(d)(A). Any Written Decision shall have in all respects the same effect as a resolution adopted at a General Meeting of Noteholders. The Written Decision shall be evidenced in a single document or in several documents of identical format, signed by or on behalf of one or more Noteholders. Pursuant to Article L.228-46-1 of the Code de Commerce, Noteholders may also express their approval or rejection of a proposed Written Decision by any means of electronic communication enabling them to be identified (**Electronic Consent**). Any Written Decision (including those adopted by Electronic Consent) shall be published in accordance with Condition 11(h).

Notices relating to requests for approval via Written Decision (including by Electronic Consent) must be published in accordance with Condition 11(h) at least five (5) calendar days before the date set for adoption of such Written Decision (the **Written Decision Date**). Notices relating to requests for approval via Written Decision shall contain the conditions relating to form and deadlines to be observed by Noteholders who wish to express their approval or rejection of the proposed Written Decision. Noteholders who express their approval or rejection before the Written Decision Date undertake not to dispose of their Notes before the Written Decision Date.

- article L.228-65 I. 4o requiring prior approval by Collective Decision for issuance of notes guaranteed by security (sûreté réelle).

e) Expenses

The Issuer shall pay, upon presentation of the appropriate supporting documents, all expenses incurred in connection with the conduct of the affairs of the Masse, including all expenses relating to notices and the holding of Collective Decisions and, more generally, all administrative expenses adopted by Collective Decisions, provided however that no expenses may be imputed against any interest payable on the Notes.

**f) Single Masse**

The Noteholders of the same Series, (including Noteholders of any other Tranche consolidated in accordance with Condition 13) and the holders of the Notes of any series that have been consolidated with another Series in accordance with Condition 1.5, shall be grouped together for the defence of their common interests into a single Masse. The Representative appointed for the first Tranche of a Series of Notes shall be the Representative of the single Masse of the Series.

**g) Single Noteholder**

As long as the Notes are held by a single Noteholder, and unless a Representative has been appointed in relation to such Series, the relevant Noteholder will exercise all of the powers delegated to Masse by the provisions of the Code de commerce. The Issuer shall keep a register of all decisions adopted by the single Noteholder, in such capacity, and shall make it available, on demand, to any future Noteholder of the Notes of such Series. A Representative shall be appointed when the Notes of a Series are held by more than one Noteholder.

**h) Notices to Noteholders**

All notices to be delivered to Noteholders in accordance with this Condition 11(h) shall be addressed in accordance with Condition 14.

**i) Full Masse**

In respect of any Note issued with a nominal value of less than 100,000€ (or the equivalent thereof in other currencies) in respect of which the Final Terms specify that “Issue outside France” is not applicable, Condition 11 shall apply with the following modifications:

- (A) The introductory paragraph to Condition 11 shall be deleted and replaced as follows:

*"The Noteholders shall, in respect of all Tranches of a single Series, be grouped together automatically for the defence of their common interests in a masse (the **Masse**), which shall be governed by the provisions of Articles L.228-46 et seq. of the Code de Commerce, with the exception of Article R.228-69 of the Code de Commerce, as completed by Condition 11. "*

- (B) Condition 11(d)(C) shall not apply to the Notes.
- (C) Condition 11(e) shall be deleted.
- (D) Following the deletion of Condition 11(e), the subsequent conditions shall be renumbered accordingly and any reference to Condition 11(h) shall be construed as a reference to Condition 11(g).

For the avoidance of doubt in this Condition 11, the term "outstanding" shall not include the Notes purchased by the Issuer pursuant to Condition 6.7, which are held by it and not cancelled.

## **12. REPLACEMENT OF PHYSICAL NOTES, RECEIPTS, COUPONS AND TALONS**

In the case of Materialised Notes, any Physical Note, Receipt, Coupon or Talon that has been lost, stolen, defaced or destroyed in whole or in part, may be replaced, in compliance with applicable laws and stock market rules and regulations at the offices of the Fiscal Agent or any other Paying Agent, if any, appointed by the Issuer for such purpose and whose appointment shall be notified to the Noteholders. Such replacement shall be made against payment by the claimant of any fees and expenses incurred in connection therewith and subject to such terms as to proof, security or indemnity (which may provide, inter alia, that in the event that the Physical Note, Receipt, Coupon or Talon allegedly lost, stolen or destroyed is subsequently presented for payment or, as the case may be, for exchange for further Coupons, the Issuer shall be paid, at its request, the amount payable by the Issuer in respect of such Physical Notes, Coupons or further Coupons). Partially destroyed or defaced Materialised Notes, Receipts, Coupons or Talons must be surrendered before replacements will be issued.

## **13. FUNGIBLE ISSUES**

The Issuer shall be entitled, without the consent of the holders of any Notes, Receipts or Coupons, to create and issue further notes to be consolidated with the already issued Notes to form a single Series, provided that such already issued Notes and the further notes confer on their holders rights that are identical in all respects (or identical in all respects other than the issue date, Issue Price and the amount of the first interest payment) and that the terms of such Notes provide for consolidation. References to "Notes" in these Terms shall be interpreted accordingly.

## **14. NOTICES**

- 14.1** Notices addressed by the Issuer to the holders of Dematerialised Notes in registered form shall be valid either (a) if they are posted to their respective addresses, in which case they shall be deemed to have been delivered on the fourth Business Day after posting or (b) at the option of the Issuer, if they are published in one of the leading economic and financial daily newspapers with general circulation in Europe. So long as the Notes are admitted to trading on any regulated market and the applicable rules of such market so require, notices shall not be deemed to be valid unless published on the website of any relevant regulatory authority, in an economic and financial daily newspaper with general circulation in the city(ies) in which the Notes are admitted to trading, which in the case of Euronext Paris is expected to be Les Echos and in any other manner required, as the case may be, under the applicable rules of such market.
- 14.2** Notices addressed to Noteholders of Materialised Notes and Dematerialised Notes in bearer form shall be valid if published in a leading economic and financial daily newspaper with general circulation in Europe and, so long as the Notes are admitted to trading on any regulated market and the applicable rules of such market so require, notices shall also be published in an economic and financial daily newspaper with general circulation in the city(ies) in which the Notes are admitted to trading, which in the case of Euronext Paris is

expected to be Les Echos and in any other manner required, as the case may be, under the applicable rules of such market.

- 14.3** If any such publication is not practicable, the notice shall be validly given if published in a leading economic and financial newspaper with general circulation in Europe, provided however that, so long as the Notes are admitted to trading on any regulated market, notices must be published in any other manner required, as the case may be, under the applicable rules of such regulated market. ## TEMPORARY GLOBAL CERTIFICATES IN RESPECT OF MATERIALISED NOTES

### 1. TEMPORARY GLOBAL CERTIFICATES

A Temporary Global Certificate in respect of Materialised Notes, without interest coupons, will initially be issued (a **Temporary Global Certificate**) for each Tranche of Materialised Notes, and shall be deposited at the latest by the issue date of such Tranche with a common depositary (the **Common Depositary**) for Euroclear Bank SA/NV (**Euroclear**), and Clearstream banking, S.A. (**Clearstream**). Following deposit of such Temporary Global Certificate with a Common Depositary, Euroclear or Clearstream shall credit each subscriber with an amount in principal of Notes equal to the nominal amount so subscribed and paid for.

The Common Depositary may also credit the accounts of subscribers of a nominal amount of Notes (if so specified in the applicable Final Terms) with other clearing systems through accounts held directly or indirectly by such other clearing systems with Euroclear and Clearstream. Conversely, a nominal amount of Notes initially deposited with any other clearing system may, in the same manner, be credited to the accounts of subscribers held with Euroclear, Clearstream or other clearing systems.

### 2. EXCHANGE

Each Temporary Global Certificate in respect of Materialised Notes shall be exchangeable, free of charge to the bearer, at the earliest on the Exchange Date (as defined below):

- (a) if the relevant Final Terms specify that the Temporary Global Certificate is issued in compliance with the TEFRA C Rules or in a transaction to which the TEFRA rules do not apply (see section "General Description of the Programme"), in whole but not in part, for Physical Notes; and
- (b) in all other cases, in whole but not in part, after certification, to the extent required under section § 1.163-5(c)(2)(i)(D)(4)(ii) of the U.S. Treasury regulations, that the Notes are not held by U.S. persons, for Physical Notes.

### 3. DELIVERY OF PHYSICAL NOTES

On or after the Exchange Date, the holder of a Temporary Global Certificate may surrender such Temporary Global Certificate to or to the order of the Fiscal Agent. The Issuer shall, in exchange for any Temporary Global Certificate, deliver or procure the delivery of an equal aggregate nominal amount of duly signed and authenticated Physical Notes. For the purposes of this Base Prospectus, **Physical Notes** means, in respect of a Temporary Global Certificate, the Physical Notes for which the Temporary Global Certificate may be exchanged (having, if appropriate, attached to them all Coupons and Receipts in respect of interest or Instalment Amounts that have not already been paid on the Temporary Global Certificate and a Talon). Physical Notes will be security printed in accordance with any applicable legal and stock exchange requirements.

**Exchange Date** means, in relation to a Temporary Global Certificate, the day falling no earlier than 40 calendar days after its issue date, provided however that, in the case of a further issue of Materialised Notes, to be consolidated with such previously mentioned Materialised Notes, issued prior to such day in accordance with Condition 13, the Exchange Date may, at the option of the Issuer, be postponed until a date falling at least 40 calendar days after the issue date of such further Materialised Notes.

In the case of Materialised Notes with a minimum maturity of more than 365 days (to which the TEFRA C Rules do not apply), the Temporary Global Certificate must include the following legend:

**ANY UNITED STATES PERSON (AS DEFINED IN THE U.S. INTERNAL REVENUE CODE OF 1986) WHO HOLDS THIS NOTE WILL BE SUBJECT TO RESTRICTIONS UNDER UNITED STATES FEDERAL INCOME TAX LAWS, INCLUDING THOSE PROVIDED UNDER SECTIONS 165(J) AND 1287(A) OF THE U.S. INTERNAL REVENUE CODE OF 1986, AS AMENDED.**

## USE OF PROCEEDS

The net proceeds of the issue of Notes are intended to finance the Issuer's activities in accordance with its general corporate purposes. More specifically, the proceeds of the Issue of Notes is used, firstly, to grant loans to Members in the context of the lending policy as well as to gradually establish and maintain liquidity reserves in accordance with regulatory obligations and good management practices.

If the relevant Final Terms specify that the Notes are Sustainable Bonds (the **Sustainable Bonds**), an amount equivalent to the net proceeds derived from the issue of the Sustainable Bonds shall be used exclusively to finance or refinance, in whole or in part, eligible expenditure falling in the Eligible Categories indicated below (as described in the Issuer's Sustainable Bonds Scheme (the Scheme) available on the Issuer's website: [https://www.agence-france-locale.fr/sites/afl/files/base\\_documentaire/2020-05/AFL\\_Sustainability%20Bond%20Framework\\_200331\\_VFr.pdf](https://www.agence-france-locale.fr/sites/afl/files/base_documentaire/2020-05/AFL_Sustainability%20Bond%20Framework_200331_VFr.pdf)). Identifying eligible expenditure involves determining, within the annual budget of each target Local Authority, the share of that budget which is entirely devoted to investment falling within Eligible Categories (in accordance with the eligibility criteria listed below). This percentage is then applied to the loans granted by the Issuer to the relevant Local Authority Member during the reference year.

The Members' **Eligible Categories** are as follows:

If, in relation to a Series of Notes, a specific use for the proceeds, or a use other than that stipulated above, is intended, this will be stated in the relevant Final Terms.

## DESCRIPTION OF THE ISSUER

### 1. INFORMATION ABOUT THE ISSUER

#### 1.1 History and Development of the Issuer

(a) Company name and trade name

The Issuer's company name is "Agence France Locale". This company name was adopted by the Issuer's shareholders' general meeting on 24 June 2014. It was formerly called "Agence France Locale – Operating Company".

(b) Place of registration and registration number

The Issuer is registered with the Lyon Trade and Companies Register under no. 799 379 649.

(c) Issuer's date of incorporation and term

The Issuer was incorporated on 17 December 2013 as a French limited liability (société anonyme) company governed by an Executive Board and a Supervisory Board.

The Issuer was created in the wake of adoption of the Law of 26 July 2013. Article 35 of this Law (subsequently codified in Article L. 1611-3-2 of the amended French CGCT (General Local Authorities Code)) expressly stipulates that French local authorities may create a public company in the form of a limited liability company (société anonyme) governed by Book II of the French Commercial Code (Code de commerce), whose purpose is to contribute to their funding through a dedicated subsidiary company.

Article L. 1611-3-2 of the CGCT in the version appearing in the Engagement and Proximity Law provides:

*"Local authorities, their groupings and local public establishments can create a limited liability company (société anonyme) governed by Book II of the French Commercial Code in which they hold 100% of the share capital and whose purpose is to contribute to their funding through a dedicated subsidiary company.*

*This company and its subsidiary shall perform their activities exclusively on behalf of the local authorities, their groupings and local public establishments. This financing activity shall be carried out by the subsidiary using resources mainly generated by issues of financial instruments, excluding resources received directly from the French State or resources guaranteed by the French State.*

*In derogation of the provisions of Articles L. 2252-1 to L. 2252-5, L. 3231-4, L. 3231-5, L. 4253-1, L. 4253-2 and L. 5111-4, local authorities, their groupings and local public establishments are authorised to guarantee all of the subsidiary's commitments up to the amount of their own outstanding loans with said subsidiary.*

*The conditions for the application of this guarantee are specified in the articles of association of the two companies. "*

The implementation decree no. 2020-556 dated 11 May 2020, published on 12 May 2020 (the **Decree**), has specified the financial conditions applicable to all new entrants as from the date of publication, under which local authorities, their groupings and local public establishments may become shareholders in this company (see paragraph 2.5(a) "Rating policy" in the "Issuer Description" section).

In accordance with the aforementioned provisions, ST holds practically all of the Issuer's share capital and voting rights. Further information about ST is provided in paragraph 4 "Description of ST" of the section "Description of Guarantors and the guarantee mechanism" herein.

The Issuer's term is 99 years as from the date of its registration with the Companies and Trade Register, i.e., until 23 December 2112, unless such term is extended or the Issuer is dissolved prior to this date.

(d) General information

(i) Registered office

The Issuer's registered office address, telephone and fax numbers and website are as follows:

Agence France Locale  
112 rue Garibaldi, 69006, Lyon, France

Fax: +33 (0) 4 84 88 26 46

Website: <https://www.agence-france-locale.fr/>

E-mail: EMTN@afl-banque.fr

(ii) Legal form

This issuer is a French limited liability company (société anonyme) with an Executive Board and Supervisory Board governed by the provisions of the French Commercial Code.

(iii) Applicable legislation

Subject to the legal and regulatory provisions related to credit institutions, particularly the applicable articles of the French Monetary and Financial Code (Code monétaire et financier), the Issuer is governed by commercial law, principally by Articles L. 210-1 et seq. of the French Commercial Code, as well as its articles of association (statuts).

The Issuer is a licensed specialised credit institution that is authorised to carry out lending activities and collect repayable funds from the public.

On 11 March 2021, the Issuer was recognised as a public development credit institution by the French prudential supervisory authority (ACPR). This status allows the Issuer to benefit from the amended leverage ratio requirements described in paragraph 12.3 "*The Issuer's capital and liquidity requirements*" of this "*Issuer Description*" section.

It is therefore subject to an extensive number of prudential requirements and is regulated by the ACPR. Section 12.3 ("The Issuer's capital and liquidity requirements") herein contains a description of the main prudential ratios with which the Issuer must comply.

Moreover, Article L. 1611-3-2 of the CGCT imposes restrictions as to its business operations.

(e) Rating assigned to the Issuer or its Programme

The Issuer has been assigned an Aa3 rating, stable outlook, by Moody's and a rating AA-, stable outlook by S&P. The Programme has an Aa3 rating assigned by Moody's and a rating AA - by S&P. Notes issued under the Programme may or may not be attributed a rating. The rating attributed to the Notes, if any, shall be specified in the relevant Final Terms. The rating of the Notes may not necessarily be the same as that of the Programme. A rating is not a recommendation to buy, sell or hold Notes and may be suspended, amended or withdrawn at any time by the relevant rating agency. On the date of this Base Prospectus, Moody's and S&P are rating agencies established in the European Union and registered in accordance with Regulation (EC) No. 1060/2009 of the European Parliament and Council of 16 September 2009 relating to credit rating agencies as amended (the CRA Regulation) and are included on the list of credit rating agencies published on the European Securities and Markets Authority website (<https://www.esma.europa.eu/supervision/credit-rating-agencies/risk>) in accordance with the CRA Regulation.

S&P indicates that a debtor with a long-term credit rating of "AA" has a strong capacity to meet its financial obligations. There is very little difference between these debtors and those with the highest credit rating.

Moody's indicates that obligations with an "AA" rating are considered of high quality and assigned a very low credit risk. The coefficient 3 indicates that the obligations are categorised as the lowest "AA" rating level.

## 1.2 Investments

(a) Fixed asset investments

This Issuer does not intend to carry out significant capital expenditures given its operational organisation and structure.

(b) Financial investments

The Issuer reinvests the revenue from its lending as well as that from its regular increases in capital, which it carries out pending granting loans to its members. As a result, a liquidity reserve has built up, investments of which are guided by the investment and credit risk management policy related to the market activity, which sets out the main principles of cash investment and the credit risk management policy related to the Issuer's activities. A compartment of the liquidity reserve is invested in fixed rate and floating rate bonds, mainly public sector issuers or covered bonds issued in the European Economic Area, North America and various countries (a list of which is maintained by the Issuer's Credit Committee) of high credit quality, assessed in particular by reference to the credit rating of such issuers. These securities may be swapped against a variable benchmark in accordance with the Issuer's interest rate risk hedging policy with the aim of neutralizing the effects of an adverse trend in interest rates on the value of these securities. In accordance with the Issuer's management guidelines, at least 70% of the securities in the liquidity reserve are classified as HQLA or highly liquid. In addition, most of these securities have access to European Central Bank refinancing.

In addition to the securities portfolio, there are mainly deposit accounts held with Banque de France and other French banks.

The liquidity reserve thus created represents an amount equal to that of its anticipated net cash requirements over the next 12 months within a range of 80% to 125%.

This system for managing the Issuer's liquidity reserve is inspired by that employed by the main government local authority funding agencies as well as by the multilateral development banks. It has demonstrated its effectiveness in ensuring that these institutions have liquidity in a wide range of market conditions whilst minimizing any impact on their profitability.

Agence France Locale aims to hedge its balance sheet against interest and exchange rate risk by indexing almost all of the instruments on the asset side to 3-month Euribor and part of its liabilities to €STR.

At 31 December 2022, total financial assets making up the liquidity reserve amounted to 2,192 million euros.

## **2. BUSINESS OVERVIEW**

### **2.1 ACPR approval**

Pursuant to its authorisation as a specialised credit institution granted by the ACPR on December 22, 2014 and which became effective on 12 January 2015, the Issuer may carry out lending activities and collect repayable funds from the public. In accordance with Article L. 1611-3-2 of the CGCT, the Issuer may only conduct lending activities for the Local Authorities that are Members.

## 2.2 Issuer's business

The main missions of Agence France Locale, a specialist credit institution of which more than 99.99% of the share capital is owned by ST, are as follows:

- providing loans exclusively to Members;
- fund-raising on the capital markets; and
- the daily operational management of financial activities.

### (a) Lending activity

The Issuer's corporate objects are specified in article 2 of its articles of association. In accordance with the provisions of Article L. 1611-3-2 of the CGCT, the Issuer's main activity is extending loans to Members to help them financing a portion of their investment budgets.

For the most part, the Issuer offers:

- medium- and long-term funding (Medium-Long Term Loans) since the onset of operations; and
- short-term funding (Liquidity Facilities).

In addition, since December 2017, the Issuer has from time to time been purchasing receivables due from shareholder Local Authorities.

Liquidity Facilities are subject to specific budgetary and accounting regimes. Circular NOR/INT/B/89/007/C of 22 February 1989 on short-term financial support offered to local authorities and their public institutions stipulated the rules for distinguishing the form of money lending according to its on- or off-budget treatment by the local authority's decision-making body.

Thus, such financial support is treated as a liquidity facility recorded off-budget in class 5 financial statements and is intended to be used to manage the local authority's liquidity.

As a result of this fundamental distinction the amounts lent through a Liquidity Facility are not intended to fund investment and do not amount to budgetary resources. They only fund the temporary period between when expenses are paid and income is received.

The Issuer does not intend to:

- act as a counterparty on behalf of the Members in connection with financial futures transactions;
- distribute structured products inseparably combining straight-forward financing with rates calculation options;

- carry out other transactions related to its authorisation.
- (b) Collecting repayable funds from the public by offering debt securities to the public

The Issuer also expects to collect repayable funds from the public through debt security issues made to the public in accordance with the provisions of Article R. 312-18 of the French Financial and Monetary Code (Code monétaire et financier) on the issuance of debt securities equivalent to collecting repayable funds from the public.

## 2.3 Market

### (a) Background

Pursuant to Article L. 1611-3-2 of the French general code for local authorities (CGCT) (as derived from article 67 of French law no. 2019-1461 of 27 December 2019 on involvement in local life and the proximity of public action), local authorities, their groupings and local public institutions constitute the single, unique target of AFL, which represents a total potential market of more than 46,000 entities. However, a large number of these entities do not use credit.

Decree no. 2020-556 of 11 May 2020 published on 12 May 2020 defined the eligibility criteria of new AFL shareholders, with thresholds applicable to the financial situation and debt level of any entity acquiring a stake in the capital of AFL since its publication date.

At the general meetings of AFL and AFL-ST shareholders on 7 May 2020 and 28 May 2020 respectively, the shareholders amended the articles of association of the two companies to include *syndicats* in the scope of new authorities that may join AFL. At the general meetings of AFL and AFL-ST shareholders on 6 May 2021 and 27 May 2021 respectively, the shareholders amended the articles of association of the two companies again to include all local authorities, their groupings and their local public institutions in the scope of new authorities that may join AFL.

The AFL Group is currently working on preparing the enlargement to these local public sector entities newly eligible under the laws and regulations indicated above. Presently, state-owned entities (*régies*) and administrative public establishments are now eligible for membership.

Please refer to section 5.2 "*Description of Members and their institutions*" in this Prospectus for a description of the different categories of local authorities, their groupings and local public institutions, and their number.

As at the date of this Base Prospectus, the 618 members of the AFL Group comprise the following :

- 6 regions (including Polynésie Française);
- 12 *départements* (including Saint-Pierre-et-Miquelon);
- 449 communes; and

- 132 groupings including: 14 metropolitan areas, 6 local public institutions (*établissements public territoriaux – EPT*), 5 urban communities, 31 conurbation communities, 48 municipality communities and 28 *syndicats*.

AFL Group is getting ready to gradually incorporate the other categories of local public institutions.

A detailed presentation of the Member Local Authorities by type and size is provided in section 5 of "Description of the Guarantors and the Guarantee Mechanism" in this Base Prospectus.

(b) Local Authorities' financial position

The Local Authorities' key budget guidelines are described in section 5.2 of section "Description of the Guarantors and the Guarantee Mechanism" in this Base Prospectus.

The local authorities' credit risk profile is generally considered to be limited as they are required to establish balanced budgets under the supervision of the relevant representative of the State (*Préfet*) within the *département* and financial courts (regional/local accounting offices). In its report on local public financing published in October 2013<sup>1</sup>, the French Court of Auditors (*Cour des comptes*) emphasised that the Local Authorities "*[...] represent in practice a sub-sovereign risk due to the golden rule: they must ensure that they are able to make capital repayments on their loans from their own resources and may only borrow to finance their investment needs. Compliance with this rule is guaranteed by the statutory budgetary audit mechanism involving regional and local Courts of Auditors acting at the behest of the State representative. It notably includes a procedure for rectifying excessive deficits in the accounts*". This rule ensuring balanced budgets is codified in Article L.1612-4 of the CGCT.

Before the Covid-19 pandemic, the financial situation of Local Authorities was healthy and had strengthened significantly in recent years.

The improvement in the general financial situation of Local Authorities nevertheless concealed strong disparities between segments and within each of them.

The health crisis in the spring of 2020 raised fears of a sharp and brutal contraction in local authority tax and tariff revenues. Whereas local authorities did indeed suffer the effects of the health crisis in 2020 in terms of both revenue and expenditure, the budgetary impacts proved to be of a lesser magnitude than initially anticipated.

After a clear improvement in the financial situation of local authorities in 2021, in 2022, despite an inflationary environment, the budgetary year would appear -

according to provisional data<sup>2</sup> – to be generally favourable for local public financing. The effects of the Covid crisis have now largely dissipated and the principal results are higher than in 2019, i.e. before the crisis. As in 2021, local authorities have indeed benefited from a sustained economic recovery resulting in robust tax revenues greater than the increase in spending caused by inflation.

Financial indicators heading in the right direction in 2022 resulting mainly from revenues being more dynamic and expenditure:

- revenues benefiting from the growth in economic activity (business real estate contribution (CFE), CVAE, VAT, DMTO, ...) with inflation levels affecting both revenue and expenditure;
- operating expenditure on the increase due to the effect of inflation on purchases and external costs (energy, supplies, ...) and the increase in personnel costs (3.5% increase in the local civil servant index point on 01/07/2022, ...)

The good state of local authority public finances is also due to State support which began with financial measures from the very start of the Covid crisis, followed by the *France Relance* recovery plan and thereafter by the price protection scheme for small communes.

#### (c) Local Authorities' financing requirement and borrowing

Two types of resources are available to Local Authorities to meet their financing needs:

- "definitive" resources (mostly tax revenues and government grants); and
- "temporary" resources that are to be paid back (loans).

The "definitive" resources have remained stable, over the past ten years; the cutback in government grants of €11 billion euros between 2014 and 2017 has nevertheless hindered their development and structure.

The Issuer operates in the Local Authority debt market which at the end of 2021 amounted to 203 billion euros of which 70.6 billion euros for *communes*, 48.8 billion euros for EPCIs, 31.8 billion euros for *départements* and 33 billion euros for *régions*. The inter-communal and mixed *syndicats* have outstanding debt of 19.2 Bn€ as at 31 December 2021. Local government debt (**APUL**) totalled 245 billion euros at the end of 2022, as it was at the end of 2021, which represents 9.3% of GDP at the end of 2022, compared to 9.8% at the end of 2021.

Local authority borrowing requirements (principal and ancillary budgets) in 2021 amounted to 20.8 billion euros<sup>3</sup>.

The table below shows the indebtedness position (main and ancillary budgets) of the Local Authorities Syndicats Intercommunaux and Syndicats Mixtes as of 31 December 2021<sup>4</sup>:

Forecasts for investment and borrowing in 2023 are difficult to establish insofar as the electoral cycle for investment has been disrupted since 2020. However, given the challenges facing local authorities and in particular the “wall” of investment in terms of ecological transition, it is probable that capital expenditure will remain at a sustained level in 2023.

## 2.4 The Issuer's competitive position

The main players on the market of financing to Local Authorities are as follows:

- the Banque Postale and its refinancing arm CAFFIL, a structure created in connection with Dexia's resolution plan (Dexia being 100% owned by SFIL which itself is a 100% subsidiary of CDC);
- traditional commercial banks including Groupe BPCE (Caisses d'Epargne and Banques Populaires), Crédit Agricole, Crédit Mutuel and Société Générale; and
- the CDC and the EIB.

<sup>3</sup> Source: Observatoire des finances et de la gestion publique locales, local authority financing in 2022, July 2022, p. 76 et seq.

<sup>4</sup> Source: Observatoire des finances et de la gestion publique locales, local authority financing in 2022, July 2022, p. 76 et seq.

In addition, some Local Authorities use disintermediated financing through debt issuances on the capital markets. The volume of bond issues decreased by 17% in 2022 with almost 4.55 billion euros compared to a record level of 5.51 billion euros achieved in 2021. This remains a significant amount and represents more than double the annual volume achieved over the period 2015 to 2019. In 2022 it was split between 26 issuing entities, one more than in 2021<sup>5</sup>.

By virtue of its mandate, underpinned by its *raison d'être*, and by the way it is organised, the Issuer constitutes a sustainable player in the Local Authority financing market relying on four principles, based on a similar model in Scandinavian countries<sup>6</sup>:

- offering an alternative financing option using "plain vanilla" fixed-rate and floating rate instruments;
- optimising the raising of the funds on the markets that are necessary to operate its business by obtaining the best possible credit rating, underpinned by the dual guarantee offered by ST and the Members in accordance with the description set out in the section entitled "Description of the Guarantors and the Guarantee Mechanism" in this Base Prospectus;
- providing access to financing for its Members to every possible extent and even during a financial crisis; and
- offering investors investment instruments that offer direct exposure to the local government sector unlike securitisation structures (including mortgage bonds issued by mortgage lending companies) which expose them first and foremost to a banking risk.

The Issuer's market share in Local Authority financing increases year on year, due to its competitive pricing and above all its structure entirely focused on lending. Indeed, its offer of simple products, streamlined approval process and largely dematerialised operational processes contribute to the Issuer's success and increased presence.

## 2.5 Rating policy

Following the entry into force of the Loi Engagement et Proximité (Commitment and Proximity Act), all Local Authorities, their groupings and local public establishments may join the Agence France Locale Group and receive loans from it, provided that they are in a sound financial situation. Therefore, a thorough assessment of the financial circumstances of Local Authorities is carried out prior to any new membership being granted (in parallel with compliance with the ratios of the Decree of 11 May 2020) and reassessments are carried out before any loan is offered with regard both to the criteria specified in the Decree and those laid down in the Issuer's loan granting policy described below:

---

<sup>5</sup> Source : Finance Active, debt observatory – Local Authorities, March 2023, p.38.

<sup>6</sup> Similar agencies in Scandinavian countries: Kommuninvest (Sweden) and Munifin (Finland).

### *Stage 1: financial rating*

This rating applies on two occasions, first when the Local Authority applies to join and second when the Local Authority asks for a loan, and it is one of the parts of the final rating given by the Issuer's Credit Committee. The financial rating is based on three cumulative financial criteria and weighted with the following percentages:

- Local Authority's solvency set at 55% (to cover repayment of the debt through gross savings and the gross savings rate);
- The proportion of debt held by the Local Authority capped at 20% (ability to deleverage and debt ratio); and
- Budgetary margins of the Local Authority of at least 25% (the proportion of debt annuities in the operating income and adjustment of ratios in line with the power of the investment rate and net investment expenses).

Ratings are granted on a scale of 1 to 7 (with 1 being the highest and 7 the lowest rating). An applicant Local Authority with a score of 6 or above is not permitted to become a member of Agence France Locale Group.

### *Stage 2: socio-economic and qualitative rating*

This rating applies only when the Local Authority, once it has become a Member, requests a loan. This rating complements the financial rating and is the Member's system score.

**Systematic socio-economic analysis** (with the exception of inter-communal and mixed syndicats) based on an assessment of socio-economic indicators (average per capita income, unemployment rate, business start-up rate and population growth rate) and having the impact of reducing or increasing the initial quantitative score by a maximum of 0.5.

**Complementary qualitative analysis** carried out where there will be significant exposure or where the risk level will be high. This analysis looks at areas such as the risks associated with governance (governance stability, quality of financial management, financial outlook, etc.) and environmental risks. This analysis has a bonus/penalty impact on the systematic score of a maximum of 0.5% to give the final score.

The final score granted by the Issuer's Credit Committee sets the (i) size of the loan granted and (ii) its financial conditions.

Since 12 May 2020, the criteria defined in the Decree apply in addition to the internal criteria defined by the Agence France Locale Group. Local Authorities wishing to become a Member must also have a deleveraging capacity, defined as the ratio between outstanding debt at the financial year-end and gross savings for the past year, expressed as a number of years, determined in the penultimate financial year of less than (i) twelve years on average for the last three years for communes, the Ville de Paris, groupings and local public institutions, (ii) ten years on average for the last three years for départements and Métropole de Lyon and (iii) nine years on average for the last three years for régions, the Corsica authority, the authorities of Guyana and Martinique. Where deleveraging capacity is above the specified thresholds, Local Authorities may nevertheless join if current self-financing

margin, calculated as an average for the last three years, observed in the penultimate financial year, is less than 100.

## **2.6 Loan granting policy**

### **(a) Medium/Long Term Loans**

#### *(i) A loan grant that is capped and indexed on the Member's creditworthiness*

The maximum cap on annual borrowings with the Issuer will be adjusted in light of the relevant Local Authority's score. A Member is eligible to receive credit if it is rated between 1 and 6 on a scale of 1 (highest score) to 7 (lowest score). The extension of a loan is impossible for any Member with a score higher than 6.

Subject to complying with the major risk ratios, the Issuer has not set any funding cap in terms of absolute value. As its aim is to diversify the sources of financing available to Local Authorities, the grant of loans by Agency France Locale to each of its Members is intended to be capped so that, at any time, such loan does not mean that a Member's outstanding debt with Agence France Locale exceeds a percentage set by ST's board of directors (at the date of this Base Prospectus, 80%) of that Member's total outstanding loans.

In exceptional circumstances, where a Member's outstanding debt plus any debt requested is less than 10 million euros, that Member's outstanding debt with Agence France Locale may be greater than the above-mentioned percentage of its total outstanding debt and may represent up to all of its outstanding debt.

As of 31 December 2022, the total outstanding amount of Medium-Long Term Loans, in accordance with IFRS standards, stood at 4,690 million euros.

#### *(ii) Margin on loans granted*

Pricing takes into account the credit quality of the Borrower Local Authority as well as the cost of financing to the Issuer. It may also take into consideration the reality and strength of the competition.

The Issuer applies a first margin to its loans, which principally represents the costs of accessing the resource.

For Medium-Long Term Loans, the risk pricing employed by the Issuer can be explained as follows:

A principle: the high quality of French local authorities' signature (institutional framework, budgetary and accounting rules,...) enables the Issuer to limit its risk pricing. This applies uniformly across all loans granted by the Issuer.

There are, however, exceptions to this principle justifying the application of higher risk margins where:

- **Local Authorities presenting a deteriorating credit risk profile;**
- **Local Authorities launching investment and borrowing programmes that are very large, or even disproportionate, compared to their demographic and/or budgetary scale. This typically concerns small communes wishing to engage in “transformative” borrowing.**
- **Local Authorities characterised by particular risks (political, institutional, economic, natural, ...).**

(b) Liquidity facilities

(i) *Capping the amount of the loan*

Subject to regard for the rate of major risks incurred and taking into account medium/long term loans already granted, the maximum amount of liquidity facilities should be the result of a combination of the creditworthiness and budgetary scope of the Local Authorities. Budgetary scope is captured through consolidated actual operating income (RRF) of the local authority.

The maximum percentage is set at 20% of the actual consolidated operating income of the highest rated Local Authorities.

In accordance with financial policies currently approved by the Issuer’s Supervisory Board, the total available amount of Liquidity Facilities is capped at 10% of the outstanding portfolio of Medium-Long Term Loans.

In addition, Liquidity Facilities have a maximum term of 364 days.

(ii) *Pricing of facilities granted*

Pricing of Liquidity Facilities is set in particular according to the Local Authority’s final score. The Price comprises a non-use commission (which does not change in line with a Member’s final score), a drawdown commission and a margin to account for risk, approved by the Issuer’s Credit Committee on the basis of the final rating of the Local Authority Member.

Distribution of clients

In terms of consistency and risk management, the Issuer endeavours to ensure that its client portfolio is evenly distributed among the various types of Authorities and among the different risk categories (average level of target portfolio less than 4.5).

The Issuer also undertakes to comply with the major risk ratio and to ensure that the counterparties in its portfolio are diversified.

Finally, the Issuer, in adjusting the level of the margins with respect to the Members' rating, will ensure the highest-rated Members will find a financial incentive in

borrowing from the Issuer (bearing in mind that its business model is built on low operating expenses). In taking out loans, these highest-rated Members help back the solidity of the guarantee mechanism described in the section "Description of the Guarantors and the Guarantee Mechanism" in this Base Prospectus.

(c) Distribution channels and client relationship

The Issuer and ST work together on public relation matters and initiatives. With the backing of national associations of elected representatives, ST seeks to expand the membership base by providing information to the Local Authorities on the Issuer's purpose, the business concept and the advantages that it offers compared to other sources of funding.

This is why the Issuer has decided not to have a sales agency in each region. It has a streamlined sales team and its employees are mainly centralised in one geographical location, at its registered office in Lyon.

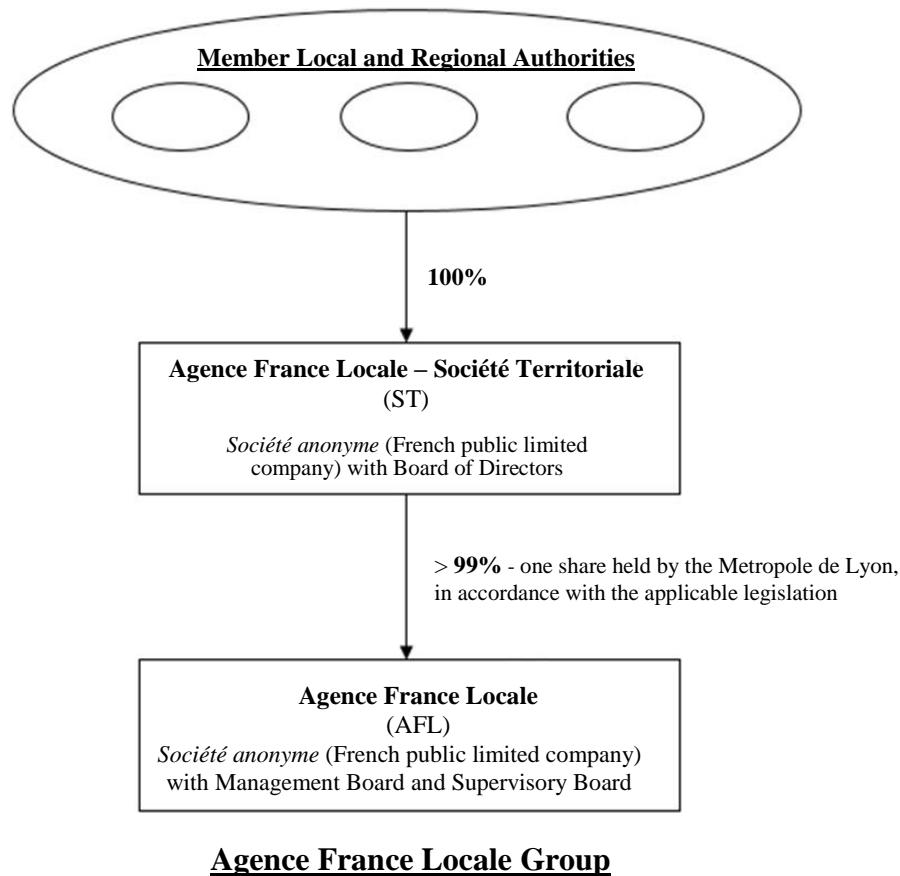

Loan requests can be made through the Issuer's website. Compared to other market players, the Issuer is able to operate with a small staff using this website portal, a full-fledged online bank for Members.

### 3. ORGANISATIONAL CHART AND SHAREHOLDER DEPENDENCY

#### 3.1 Organisational chart

Agence France Locale Group's organisational chart is as follows:

#### Presentation of shareholder structure

ST holds almost all of the Issuer's share capital and voting rights (99.99%) and the remainder (namely 1 share) is held by the Métropole de Lyon.

ST thus has control of the Issuer to an extent that will enable it to benefit from the provisions of article L.225-87 of the Commercial Code and the agreements entered into between the Issuer and ST accordingly fall outside the scope of the related party transaction regulations.

ST's shareholder base is exclusively comprised of Local Authorities, which have obtained the required internal authorizations from their relevant governance boards and whose financial position makes eligible to become Members of the Agence France Locale Group.

The number of ST shareholders is expected to increase in lock step with the Agence France Locale Group's expansion to the extent where, in accordance with the provisions Article L. 1611-3-2 of the CGCT, the Issuer may only grant loans to Members. This increase in the

number of shareholders leads to a correlative drop in each Member's relative weighting in ST's share capital and, therefore, there will be no controlling shareholders.

#### Presentation of contractual framework

To govern its operations and, in particular, ensure the stability and the continuity of its shareholder base which contributes both the equity and guarantees needed to accomplish its corporate mandate, the Agence France Locale Group has adopted a specific contractual framework comprising the following documents:

- ST's articles of association essentially made up of ST's governance rules, certain terms for acquiring a stake in its share capital and disposing of shares, as well as certain principles related to the implemented guarantee mechanism, set forth in the section "Description of the Guarantors and the Guarantee Mechanism" in this Base Prospectus;
- The Issuer's articles of association primarily composed of the Issuer's governance rules as well as certain principles related to the aforementioned guarantee mechanism;
- The agreement between ST, the Issuer, each Founding Member and to which every new member of the Agence France Locale Group is expected to become a party primarily addresses (i) entry rules to the Agence France Locale Group, (ii) principles related to the evolution of share capital and the entities comprised in the Agence France Locale Group and (iii) certain terms and conditions in implementing the aforementioned guarantee mechanism.

#### Presentation of the mechanisms guaranteeing shareholder stability in the Agence France Locale Group

Under the Shareholders' Agreement, ST also has pre-emptive right on any planed disposal of shares by any of the Founding Members.

The Shareholders' Agreement makes further provision for:

- an ST shareholder commitment not to sell their shares until the tenth (10<sup>th</sup>) anniversary of the full payment of their capital contribution;
- rules making it possible to oversee the effects of any transfer of competency between Local Authorities, whether it relates to a merger or removal of Local Authorities or the creation of an EPCI; and
- procedures ensuring a balanced distribution among the Members of any guarantee calls that are not legally binding on the beneficiaries of such guarantees.

### **3.2 Interdependence with ST**

#### **(a) Structural Dependence**

The Issuer has a structurally dependent relationship with ST. ST holds almost all of the Issuer's share capital and therefore has authority in approving on its own any

decision to be made by the Issuer's shareholders at their general meetings that does not need to be voted in unanimously. This gives it the advantage of having the authority to appoint representatives to the Agence France Locale Group's governance boards, either directly or indirectly, depending on the relevant board.

Such is the case for the Issuer's Supervisory Board which is in charge of the permanent control of the Issuer's management and assesses the effectiveness of its management on behalf of ST and the Members. Although the membership of this board was designed to guarantee its independence vis-à-vis the Members, a dependence in relation to ST does indeed exist, particularly with respect to the fact that the final appointment of the members of the Issuer's Supervisory Board falls within the remit of the Issuer's shareholders voting on a simple majority, otherwise stated ST's Chief Executive Officer.

ST may also indirectly influence the appointment of the members and the Chairman of its Executive Board, who is vested with the broadest powers to act on behalf of the Issuer, to the extent that such appointment falls within the scope of the Supervisory Board's powers, exercised however under the supervision of the Issuer's appointments, remuneration and corporate governance Committee, whose members are independent third parties.

(b) Intellectual property dependence

ST is the owner of Agence France Locale's word and figurative trademarks filed with the National Institute of Intellectual Property (Institut National de la Propriété Intellectuelle).

ST has authorised the unlimited use of these logos to the Issuer under a one-year automatically renewable license agreement.

#### **4. TREND INFORMATION**

The Issuer has identified certain changes that could impact its business and are set forth below.

The Issuer has begun its 9th year in business and continues its development with the arrival of new member Local Authorities, a regular, rapid and balanced increase in the output of loans and equipment rate of its Members.

As a result the Issuer's balance sheet has expanded rapidly, a trend which the Issuer considers it is reasonable to believe will continue over the next few years. Already steady during the last few years, the growth in new members achieved a new milestone in 2020 before reaching more than 100 new memberships in 2022. Indeed, year-on-year, the increase in the output of loans granted to its Members generates an increased need for the Issuer to refinance on the capital markets.

Since 2020, following the law of 27 December 2019 on engagement in local life and proximity of public action, which extended the scope of the entities authorised to join the AFL Group, each year an ever larger number of syndicates join the AFL Group, which has an impact in terms of the demand for long-term loans used to finance such entities' infrastructure spending.

With the gradual putting into place of the prerequisites allowing the various types of local public establishment to be welcomed, new local actors should be joining the AFL Group thereby boosting its continued development.

Furthermore, the high level of resilience in the financial position of local authorities, following the 2020 health crisis, is an element of security and strength for the Issuer since it enables local authorities to maintain a significant borrowing capacity and sustained rhythm of investment expenditure.

#### **4.1 Institutional reforms**

During the 2017-2022 five year term, the French Government did not wish to engage in major institutional projects following the adoption under the previous mandate of significant institutional reforms (law on the modernisation of regional public action and affirmation of *métropoles* (MAPTAM) dated 27 January 2014; law on regions' boundaries dated 25 November 2014; law on the New Territorial Organisation of the Republic (NOTRe) dated 7 August 2015; law dated 16 March 2015 on improving the new commune regime, supplementing the local authority reform law dated 16 December 2010;...).

On the other hand, local initiatives and trials were launched, such as the merger of the Haut-Rhin and Bas-Rhin *départements* with the establishment on 1 January 2021 of the "Collectivité Européenne d'Alsace" (CEA). Finally, the proposed reform of the institutional and budgetary structuring of the Métropole du Grand Paris did not proceed.

However, following the Grand National debate held in the spring of 2019, the Government made changes to the NOTRe law of 7 August 2015 via two laws: firstly, the law on engagement in local life and proximity of public action dated 27 December 2019 and, secondly, the law dated 21 February 2022 on differentiation, decentralisation, deconcentration and introducing various measures to simplify local public action (the so-called "3DS" law). This law provides answers and ways to implement public policies in local authority areas and meets the practical expectations of local elected officials. The aim of this law is to facilitate differentiation within the inter-communal communities, to support the role of local authorities in ecological transition, to facilitate the development of public transport, to support the construction of social housing and expand the supply of affordable housing.

#### **4.2 Tax reforms**

Over the last few years, the Government further distinguished itself with financial and tax initiatives.

Regarding taxation, the gradual abolition of the housing tax on main residences (art. 3 LFI 2018) has been achieved since the end of 2022 (effective for 80% of households as from 2020). For the communes, in order to offset the loss of housing tax income, built property tax (TFB) income of the *départements* was transferred to them, and, like the *départements*, EPCI were allocated a portion of VAT revenue by the State as a compensatory measure. With the loss of TFB revenue, the *départements'* room for manoeuvre on taxes is henceforth considerably reduced.

The 2023 Finance Act abolishes the business value added contribution (**CVAE**, a local tax payable by businesses with a turnover above a certain level) over a period of 2 years as from 2023. In practice, the CVAE rate will be decreased by half in 2023 before this tax disappears in 2024, which is a fall of 20 billion euros in output taxes. The CVAE rate had already decreased by 50% with the adoption of the 2021 Finance Act (as part of the recovery plan). Communes and their inter-communal entities will be fully compensated with a portion of VAT equal to the average of the CVAE amounts received between 2020 and 2023. Alongside the abolition of CVAE, the territorial economic contribution (**CET**) cap is being reduced.

#### **4.3 State/Local Authority financial relations and restoring the public finances**

The contribution of Local Authorities to restoring the public finances initially involved a reduction of the global operating endowment (**DGF**) by an amount of around 11 billion euros over the period 2014-2019<sup>7</sup>. In a second stage, to counterbalance overall stability in funding, the State undertook in the 2018 Finance Law and Law No. 2018-32 dated 22 January 2018 on Public Finance Programming 2018-2022 (LPFP 2018-2022) to strengthen the Local Authority budgetary framework with the aim of stabilising expenditure and reducing debt. Thus, an expenditure control mechanism – limiting increases in expenditure to 1.2% in value per year – aimed at the largest Local Authorities under the terms of an agreement with the State (the **Cahors Agreements**) was adopted. The emergency law of 23 March 2020 in response to the Covid-19 pandemic suspended the 1.2% limitation on the increase in local authority operating expenditure. This suspension was extended for 2021 and 2022.

In 2022, the President of the Republic announced during the electoral campaign his desire to see local authorities contribute up to 10 billion euros towards reducing public expenditure.

The draft public finances programming law 2023-2027 discussed in Parliament at the end of 2022, but ultimately not adopted initially planned to reintroduce – indeed to strengthen – this type of contractual scheme. Presently, the Government is tending towards abandoning the idea of a contract combined with penalties in favour of a scheme for moderation in local government public expenditure (increases limited to the rate of inflation – 0.5 %) with, in principle, no penalties attached to failure to comply with the set targets. The decisions have been put on hold until the public finances Forum is held, which is due to take place before summer 2023.

#### **4.4 State support to face the health crisis and inflation**

The Covid-19 pandemic health crisis prompted the public authorities to adopt a series of financial support measures. According to the Finance minister, State support for local authorities during the economic and health crisis amounted in 2020 and 2021 to 9.3 billion euros in commitment authorisations. Various forms of aid were mobilised:

- repayable advances for *départements*, for *Île-de-France Mobilités* and the mobility authorities (AOM), for a total amount of 1.9 billion euros
- compensation for loss of revenue (almost 1 billion euros), in particular the communal block safety net and measures to support lost state controlled agency revenue
- exceptional local investment support endowments (2.5 billion euros)
- sectoral measures adopted as part of the recovery plan (3.4 billion euros)
- measures to meet exceptional expenditure (stabilisation fund for the *départements*, contribution towards the acquisition of protective masks, CFE rebate) : 594 million euros.

This support is augmented by non-budgetary mechanisms such as the scheme to stagger Covid expenditure over 5 years.

The 100 billion euros *France Relance* recovery plan, announced in September 2020 and adopted under the 2021 Finance Act, introduced several schemes and fundings aimed at local authorities (local investment support endowment (**DSIL**) and investment subsidies) including:

- 350 million euros in investment support for communes that build to pre-defined density thresholds ("*maires densificateurs*"), 1 billion euros for local authority buildings energy renovation, 900 million euros for public transport development (including 700 M€ for the Région Ile-de-France),
- a "cohesion" section providing 6.6 billion euros in support for local authorities and local area inclusivity, including 1 billion euros in additional DSIL.

Faced with rising prices and in particular for energy, new measures were adopted in 2022.

Around 30,000 communes benefit from a price protection scheme<sup>8</sup>. For these communes, the average increase in electricity bills is limited to 4% as of 1 February 2022.

The 2<sup>nd</sup> amending finance law adopted in August 2022 introduced a safety net for the 2022 financial year, funded to the tune of 430 million euros. Aimed at communes it partially compensates for the increase in energy costs, purchasing of food products and the revision of the index point for civil servants. This endowment covered, on the one hand, up to 70% of the increase in energy, electricity and urban heating and the purchasing of food products and, on the other hand, up to 50% of the increase in the wage bill resulting from the impact of the civil servants' index point increase.

---

<sup>8</sup> The beneficiaries are small local authorities with less than 10 employees, and less than 2 million euros in revenue, having subscribed for less than 36 kVa in energy and which are eligible for the special regulated electricity tariffs (TRVe).

The safety net has been widened, under the 2023 Finance Act, to all local authorities to help them deal with inflation in the cost of energy supplies. The cost of this measure is estimated at 1.5 billion euros.

Finally, the price protection scheme for the smallest communes was renewed in 2023. For the communes concerned, the increase in the price of electricity at 1 February 2023 is limited to 15%. For other local authorities, an “electricity buffer” provides for the State to take in hand half of the additional cost on electricity bills<sup>9</sup>. The cost of this buffer is estimated at 1 billion euros.

#### **4.5 Analysis of the potential impacts on the Issuer**

While several reforms applicable to Local Authorities have been adopted in recent years, these developments have mainly taken place in the period between 2014 and 2018. On the other hand, there have been more changes in local taxation. The abolition of the housing tax and henceforth certain production taxes and the tax compensations adopted modify the nature and structure of local authority revenues.

Such changes should nevertheless not have any significant impact on the Issuer.

Finally, since 2020, the economic and social consequences of the health crisis followed by the Russian-Ukrainian conflict have required that the State adopt budgetary support measures for Local Authorities. The financial health of Local Authorities remains robust and resilient thanks to their management discipline. Nevertheless, the globally favourable financial indicators must not mask the wide disparities existing between Local Authorities nor the challenges that they are all facing: the continuing inflationary shock and the investment “wall” to be financed in terms of ecological transition.

<sup>9</sup> Above a benchmark price of 180 euros per megawatt hour, for contracts already signed or to be signed in 2023, and up to a price cap which has been increased to 500€/MWh.

## 5. ADMINISTRATIVE, MANAGEMENT AND SUPERVISORY BODIES

The Agence France Locale Group's governance is based on a dual structure, as required by legislator, so as to separate the responsibilities with respect to management, control and shareholder representation in accordance with the recommendations of the Basel Committee.

ST's governance is described in paragraph 4.1 of the section entitled "Description of the Guarantors and the guarantee mechanism" of this Base Prospectus.

The Issuer's effective management is carried out by its executive board (the **Executive Board**) under the permanent control of a supervisory board (the Supervisory Board). This organisation makes it possible to have a checks and balance procedure in place and holds key stakeholders within the company more accountable.

## 5.2 Conflicts of interest

To the Issuer's knowledge, there is no actual or potential conflict of interest between the duties of the directors mentioned in paragraph 5.1 of this “Description of the Issuer” section with regard to the Issuer and their private interests and/or other duties.

However, it should be noted that certain members of the Supervisory Board not considered independent under its internal rules of procedure may be viewed as having ties with Local Authorities, and these local authorities may be both ST shareholders and the Issuer’s clients. To ensure complete independence in its management, the Issuer's articles of association stipulate that more than half of the Supervisory Board's members must be independent (see 6.2(a) below). In addition, the Supervisory Board has adopted a Code of Conduct and a conflict of interest management policy, requiring in particular prior declaration of any potential conflict of interest risk.

## 6. OPERATION OF THE ADMINISTRATIVE BODIES

### 6.1 Executive Board

#### (a) Membership of the Executive Board (article 14 of the articles of association)

##### (i) Membership and appointment procedures

The Executive Board has at least two (2) members and a maximum of five (5).

The members of the Executive Board and its Chairman are appointed by the Supervisory Board, acting by a simple majority.

A maximum of one-third of the Executive Board's members may be over 70 years old. If the number of its members over 70 years old exceeds more than one-third of the Executive Board, the oldest member will be deemed as having resigned automatically from office.

##### (ii) Length of the terms of office of the Executive Board members

The members of the Executive Board are appointed for a six-year term, renewable according to the aforementioned majority requirements. The term of office ends at the ordinary shareholders' meeting called to vote on the accounts for the recent financial year held during the year in which their term of office expires.

#### (b) Powers of the Executive Board (article 14 of the articles of association)

The Executive Board members collectively manage the Issuer.

The Executive Board is vested with the broadest powers to act on behalf of the Issuer. It exercises these powers within the limit of the corporate purpose and subject to those powers expressly conferred by French law or the articles of association to the Supervisory Board and the shareholders' meetings.

The Issuer is bound by the actions of the Executive Board even if such actions are beyond the scope of the corporate purpose, unless it can prove that the third party knew that the relevant action was beyond the scope of the corporate purpose or had constructive knowledge thereof in view of the circumstances. The publication of the Company's articles of association alone shall not constitute such proof.

The Executive Board submits, at least quarterly, a report to the Supervisory Board describing the major operations and/or events that have occurred in the Issuer's management.

Within three months of the financial year end, the Executive Board prepares and submits to the Supervisory Board the annual financial statements and, where relevant, the consolidated financial statements, for verification and control. It makes a proposal on how to allocate the profit or loss for the recently completed financial year.

The Executive Board convenes the general shareholders' meetings, sets the agenda and carries out the decisions made by the shareholders.

(c) Deliberations of the Executive Board (article 14 of the articles of association)

The Executive Board shall meet at least once a month or as frequently as the Issuer's interest requires. It shall be convened to meetings by its Chairman, its Chief Executive Officer (if such position exists) or by half of its members at its registered office or at any other location indicated in the meeting notice.

For a deliberation to be valid, at least half of the members have to effectively attend the meeting. Members attending Executive Board meetings via video-conferencing, which meets the technical specifications to confirm their actual attendance and transmit the deliberations live, shall be considered present when calculating quorum and majority requirements, except when adopting decisions provided for in Article L.225-37 of the French Commercial Code.

Deliberations are made by a simple majority. In the event of a tie, the Chairman has the casting vote.

(d) Corporate officers (dirigeants responsables)

The duties of the corporate officers, pursuant to Article L. 511-13 of the French Monetary and Financial Code, are collectively carried out by all of the Executive Board members, in accordance with the ACPR's position related to the appointment of "executive directors (dirigeants effectifs)" as this term is defined in Article L. 511-13 and Article L. 532-2, paragraph 4 of the French Financial and Monetary Code.

(e) Compensation of the Executive Board members

In accordance with article 16.4 of the Issuer's articles of association, the Supervisory Board determines the nature and amount of compensation paid to each member of the Executive Board and reviews it on an annual basis.

It is noted that the Issuer did not provide any share purchase or subscription options to the members of the Executive Board in 2022. Likewise, no performance shares were allocated to members of the Executive Board in the 2022 financial year.

## 6.2 Supervisory Board

### (a) Supervisory Board directors

- (i) Number of members and number of independent members (article 15 of the articles of association, Article 2 of the internal rules of procedure)

The membership of the Supervisory Board was selected in order to achieve the key objectives described below:

- ensure that the Supervisory Board has the proficiency and expertise with respect to the technical issues of overseeing the management of a specialised credit institution;
- ensure that the profiles of its members are diversified in order to have a deep understanding of as many issues as possible;
- ensure its independence with respect to the Executive Board, the Board of Directors and the Members of the Agence France Locale Group.

The drafting of the articles of association, following the amendments made by the general meeting of the Issuer's shareholders held on 4 May 2023, has further strengthened these competency and independence requirements.

Under the terms of the the articles of association, the Supervisory Board has a minimum of eight (8) and a maximum of eighteen (18) members, including:

- (a) the Chairman of ST's Board of Directors;
- (b) the Vice-Chairman of ST's Board of Directors;
- (c) ST's chief executive officer;
- (d) at least one expert with extensive knowledge on issues related to Local Authority financing;
- (e) a minimum of five (5) members recognised for their professional expertise in banking, finance and/or risk supervision; and
- (f) it may also include one or more members recognised for their professional expertise in any area relevant to the Company's proper supervision (other than the areas already listed in paragraphs (d) and (e) above), at the discretion of the Supervisory Board.

It is the responsibility of ST's Board of Directors, acting upon the recommendation of the Issuer's compensation, appointments and corporate governance Committee and ST's compensation, appointments and corporate governance Committee, to put forward for appointment members of the Supervisory Board (other than automatic members referred to in paragraphs (a), (b) and (c) above).

As stipulated in the Issuer's articles of association, the majority of the members of the Supervisory Board must in any event be recognised for their professional expertise in banking, finance and/or risk supervision.

Furthermore, the majority of the members of the Supervisory Board must be independent members, provided that, as may be necessary, by nature, the automatic members of the Supervisory Board referred to in paragraphs (a), (b) and (c) are not independent members.

The Supervisory Board's internal rules of procedure define the term “independence” of a member, in accordance with the criteria defined in the AFEP-MEDEF Code.

The independence of a member, which is deliberated on by the Issuer's Nomination, Remuneration and Corporate Governance Committee on a case-by-case basis and in light of each member's specific situation, implies (i) the absence of any relationship whatsoever with the Issuer, its group or its management and (ii) the absence of a specific interest with respect to the Issuer or its group. An assessment of the independence is made taking into careful consideration the following criteria:

- an independent member must not be or have been in the five (5) years prior to his or her appointment:
  - (i) an employee of the Issuer or ST;
  - (ii) a member of the Issuer's Executive Board; or
  - (iii) a member of ST's Board of Directors or its Chief Executive Officer, Deputy Chief Executive Officer or General Secretary;
- an independent member must not be a close relative with a person holding one of the positions specified in paragraphs (i) to (iii) above or with any other member of the Supervisory Board;
- an independent member must not be an officer in a company in which the Issuer holds, directly or indirectly, a corporate office;
- an independent member must not be:
  - a significant client, supplier, investment banker or adviser, of the Issuer or ST; or
  - a client, supplier, investment banker or adviser for which the Issuer or ST represents a significant proportion of their activities;
- an independent member must not be an elected representative or employee of a Local Authority that is a shareholder of ST;
- an independent member must not be or have been a statutory auditor (CAC) of, or audit service provider to, the Issuer or ST in the five (5) years prior to their appointment;
- an independent member cannot remain on the Supervisory Board for more than twelve years; it being herein stated that such member shall lose his/her independent status only at the end of the term of office during which the twelve-year term was exceeded.

No individual over 70 years of age shall be appointed to the Supervisory Board if his/her appointment increases to more than one-third the number of Board members over 70.

If the number of its members over 70 years old exceeds more than one-third of the Supervisory Board, the oldest member will be deemed as having resigned automatically from office.

- (ii) Length of the terms of office of the Supervisory Board (article 15 of the articles of association)

Supervisory Board members are appointed for a four (4) year term, renewable by a simple majority. The Issuer's shareholders determine the terms of their appointment under the same majority rules.

The Supervisory Board members' term of office ends at the ordinary shareholders' meeting called to vote on the accounts for the recent financial year held during the year in which their term expires.

Members of the Supervisory Board may be reappointed.

- (iii) The number of Issuer shares held by members of the Supervisory Board

There is no requirement in the Issuer's articles of association for the members of the Supervisory Board to hold shares of the Issuer.

- (b) The duties of the Supervisory Board

The Supervisory Board's internal rules of procedure supplement the legal, regulatory and statutory provisions on the rights and duties of the Supervisory Board members and reflect the recommendations set forth in the AFEP-MEDEF Code. They must comply with the obligations set forth in the Supervisory Board's internal rules of procedure (RI), whose terms are summarised below:

- (i) General obligations

Prior to accepting office, each Supervisory Board member should ensure that he or she is familiar with the general or specific obligations entrusted to him/her. In particular, he or she should familiarise himself/herself with relevant laws and regulations, the Issuer's articles of association and the Supervisory Board's internal rules of procedure that are binding upon him or her in all of their provisions.

- (ii) Duty of loyalty and management of conflicts of interest

The members of the Supervisory Board shall under no circumstance put their own interests before those of the Issuer.

Each member of the Supervisory Board has the duty to report to the Supervisory Board any actual or potential conflict of interest between him/her (or any individual who is a close family member or relative), the Issuer or a company in which the Issuer is a shareholder or a company with which the Issuer intends to enter into any type of agreement.

The Supervisory Board member in question must in particular refrain from attending and taking part in the vote on the resolution with which he or she has a conflict of interest as well as any discussions leading up to such vote, unless it pertains to a current agreement entered into on an arm's length basis.

(iii) General disclosure obligation

In accordance with applicable laws and regulations in both France and Europe, each Supervisory Board member shall submit to the Supervisory Board all of the information related to (i) the compensation and benefits-in-kind he or she received from the Issuer, (ii) offices held or duties performed for any other company or legal entity and (iii) any convictions.

(iv) Duty of discretion

As a general matter, all of the documents and material from the Supervisory Board meetings and disclosures obtained during or outside of these meetings pertaining to the Agence France Locale Group, its business and its outlook are confidential without exception, whether or not the disclosure was presented as confidential. Each Supervisory Board member should consider that he or she is bound by a strict duty of professional secrecy, extending beyond the mere duty of discretion provided for by the laws and regulations.

(v) Duty of care

Each Supervisory Board member must dedicate the necessary time and attention to their duties. Each Supervisory Board member shall be diligent to attend in person, or where necessary by video-conference or other telecommunications methods, all Supervisory Board meetings and any meeting of a committee set up by the Supervisory Board of which he or she is a member, except in the event of an unavoidable impediment.

(vi) Documentation obligation

The Supervisory Board is entitled to useful, complete, relevant, timely and honest information.

The Supervisory Board as a whole, together with each of its members in an individual capacity, can request any documents they believe to be useful or necessary to their work.

Members of the Supervisory Board have an obligation to obtain relevant documents and in turn they are entitled to obtain the information they request.

Members of the Supervisory Board address their requests for information to the Chairman of the Supervisory Board, who is tasked with ensuring that such requests are met.

The Supervisory Board must inform the Executive Board where is it not able to carry out its work with full knowledge of the relevant information.

Throughout the activities of the Issuer, each member of the Supervisory Board must alert the Supervisory Board and the Executive Board of any specific and urgent situations.

(vii) Training obligation

Under the aegis of the Nomination, Compensation and Corporate Governance Committee, each new member of the Supervisory Board is required to receive training on the structure and operation of the Issuer in order that he or she thoroughly

understands the division of the competences and role of ST's and the Issuer's respective governance boards to avoid any misunderstanding or non-transparency related to the structure.

The Issuer has put in place a comprehensive training programme, elaborated by the the appointments, compensation and corporate governance Committee, to give all Supervisory Board members a complete understanding of the Issuer's particular characteristics, its operations, business sector, and the regulations, risk management and controls required of it.

(c) Powers of the Supervisory Board (Articles of association and Internal Rules of Procedure of the Supervisory Board)

The Supervisory Board defines the overall strategic plan and is in charge of the permanent control of the Issuer's management and assesses its effectiveness on behalf of ST and the Members. It conducts the checks and controls it deems appropriate at any time throughout the year and may request any documents it considers necessary in performing its duties.

Within such context, the following decisions fall within the remit of the Supervisory Board acting by a simple majority:

- appointment of the Executive Board members and the setting of their compensation;
- candidate selection for the Chairman of the Executive Board;
- dismissal of the chairman of the Executive Board from his position;
- dismissal of members of the Executive Board;
- conferral of power of representation to one or more members of the Executive Board;
- co-opting members of Supervisory Board;
- authorisation, pursuant to the provisions of Articles L. 225-86 et seq. of the French Commercial Code, of agreements entered into either directly or through a third party with the Issuer and a member of the Executive Board or a member of the Supervisory Board or ST;
- authority to convene a general meeting;
- annual compulsory review of the Issuer's policy on equal work opportunities and equal pay;
- appointment of members on the Supervisory Board's sub-committees;
- approval of the Chairman's internal control report; and
- distribution of corporate officers' remuneration (formerly known as directors' attendance fees).

Furthermore, the Executive Board cannot make the following decisions without the prior authorisation of the Supervisory Board acting as a simple majority:

- sale of real estate assets, total or partial sales of shareholdings and grant of securities;

- key strategic, financial or technological decisions on behalf of the Issuer and the drafting of its annual funding policy;
- strategy and decisions pertaining to the launch of new businesses, takeover of companies, entry into any alliances or partnerships, any asset transfers, including universal asset transfers equal to or in excess of one million Euros (€1,000,000), and more broadly, any investment or divestment equal to or in excess of one million Euros (€1,000,000);
- decisions pertaining to the award of stock options or equivalent securities as well as free share grants to directors and officers;
- decisions pertaining to financial transactions that may substantially alter the Issuer's financial structure which were not taken into consideration in preparing the annual funding policy;
- draft resolutions to be submitted for the approval by the shareholders, pursuant to article L. 228-92 of the French Commercial Code, related to the issuance of securities that may or may not grant the right to a percentage of the share capital or voting rights and the setting of the terms and conditions of the issuances of such securities; and
- proposals to distribute dividends and related transactions.

(d) Deliberations of the Supervisory Board (Articles of association and Internal Rules of Procedure of the Supervisory Board )

The Supervisory Board meets at least quarterly and as frequently as the Issuer's interests require.

The Supervisory Board meetings are presided over by its Chairman or its Vice-Chairman in his absence. In the event there is no Vice-Chairman, the Supervisory Board elects from its members a meeting chairperson.

The Supervisory Board can only hold valid deliberations if at least one-third of its members are present. The decisions of the Supervisory Board are made acting on a simple majority of the votes of members in attendance or represented; each member in attendance can only represent one other member.

In the event of a tie, the acting chairman of the Supervisory Board shall have the casting vote.

Members attending Supervisory Board meetings via video-conferencing or other forms of telecommunication, which meet the technical specifications set forth by applicable laws and regulations, shall be considered present when calculating quorum and majority requirements according to the terms stipulated in the Supervisory Board's internal rules of procedure.

(e) Compensation of the Supervisory Board members

In recognition of the performance of their duties, the Supervisory Board members receive remuneration (formerly referred to as attendance fees), the amount of which is decided on by the general shareholders' meeting. The Supervisory Board is in charge of allocating the attendance fees among the members, as so advised by the Appointment, Remuneration and Corporate Governance Committee.

The Issuer's mixed General Meeting on 4 May 2023 set the maximum overall amount of this remuneration (formerly referred to as attendance fees) to be distributed among the members

of the Supervisory Board at €220,000 (two hundred and twenty thousand euros) for the financial year of 1 January 2023 to 31 December 2023. The Supervisory Board members who are responsible for verifying the prudential management receive a substantially larger portion of attendance fees.

Notwithstanding the foregoing, with respect to the legal framework as defined in the French Electoral Code (Code électoral) governing incompatibilities that apply to elected officials of national public office, no remuneration (attendance fees) shall be allocated under any circumstances to Supervisory Board members, if any, who are also elected officials of national public office.

The total amount of remuneration is paid, first, to the following members:

- (i) The Chairman of the Supervisory Board, who receives
  - a fixed amount of €10,000 except in the case of excessive absence; and
  - a variable amount capped at €20,000 per year (allocated on the basis of how regularly each has attended).
- (ii) The Chairman of the Audit and Risk Committee, the Chairman of the Remuneration, Appointments and Corporate Governance Committee and the Chairman of the Strategic Committee, who each receive
  - a fixed amount of €5,000 except in the case of excessive absence; and
  - a variable amount capped at €20,000 per year (allocated on the basis of how regularly each has attended).

The distribution of the annual overall amount of attendance fees includes, for each member:

- A fixed amount of €5 000 except in the case of excessive absence;
- A variable amount capped at €10,000 per annum (allocated on the basis of how regularly a member has attended); and
- An additional maximum amount of €5000 for committee members, depending on their effective participation.

It is possible for members of the Supervisory Board to be given exceptional remuneration as a function of the different activities they may be tasked with in addition to their usual role on the Supervisory Board.

Notwithstanding the above, in accordance with the legal regime of incompatibilities governing holders of a national elected mandate as defined in the French Electoral Code, no remuneration may be paid, in any circumstances, to members of the Supervisory Board who also hold national or local elected office, or are employed by a local authority, grouping of local authorities or a local public establishment.

Members of the Supervisory Board can be reimbursed reasonable expenses incurred in the exercise of their functions provided they provide relevant receipts (for travel, accommodation and meals) as well as other expenses incurred exclusively in the exercise of their mandate and in the interest of Agence France Locale. Expenses claims are addressed to the Secretary General of the Company who checks the receipts and reimburses any amounts owed and who

keeps available for members of the Supervisory Board an annual statement of expenses and fees reimbursed.

(f) Non-voting Supervisory Board members (*Censeurs*)

The general meeting of the Issuer's shareholders held on 4 May 2023 amended the Issuer's articles of association by authorising the Supervisory Board to appoint up to three natural persons as non-voting members (*censeurs*) on such board, with the aim of strengthening the collective competency of the Supervisory Board whilst at the same time identifying a potential pool of candidates whenever new members are being appointed to the Supervisory Board.

Each *censeur* must satisfy the following conditions:

- satisfy the independence criteria set out in the AFEP-MEDEF Code; and
- not be an elected official or employee of a local authority shareholder of ST.

They participate in a purely advisory capacity at meetings to which they are invited. They are subject to the same duties as other members of the Supervisory Board.

### 6.3 Supervisory Board Committees

In certain areas, the Supervisory Board's work and discussions are prepared by specialised committees, comprised of Supervisory Board members appointed by the Supervisory Board for the duration of their term of office. They handle matters that come under their authority or, where applicable, matters entrusted to them by the Executive Board. They report regularly on their work to the Supervisory Board and submit to it their observations, opinions, proposals and recommendations.

The Supervisory Board also relies on the work and diligence performed by the following three specialised committees:

- the Audit and Risks Committee;
- the Appointment, Compensation and Corporate Governance Committee; and
- the Strategic Committee.

(a) The Audit and Risks Committee

(i) Membership of the Audit and Risks Committee

The Audit and Risks Committee has at least three members, including its chairperson. They are chosen by the Supervisory Board from amongst its members, except for the Supervisory Board chairman, and who do not hold a management position at the Issuer.

The members of the Audit and Risks Committee as at the date of this Base Prospectus are identified in section 6.1 above.

(ii) Responsibilities of the Audit and Risks Committee

(A) Financial information and risk management

The Audit and Risks Committee oversees the process by which financial and accounting information is prepared and disseminated, assesses the relevance and consistency of the accounting principles and methods used to prepare the annual and quarterly financial statements and verifies the efficacy of the internal control and risk management systems. It takes all possible care to ensure the accuracy of the financial, accounting or risk management information submitted to the Supervisory Board in order to provide the Board with its assessment on the work and diligences carried out by the statutory auditors and its opinion as to whether to reappoint them.

(B) Internal control and risk management

The Audit and Risks Committee is also tasked with verifying the efficacy of the Issuer's internal control and risk management systems.

The Audit and Risks Committee examines the key focuses of the Issuer's risk management policy, based on measurements of risks and profitability provided to it in accordance with applicable regulations, as well as on its analyses of specific issues related to these matters and methods.

The Audit and Risks Committee also handles all compliance related issues, particularly in respect of reputation risk or professional ethics.

The Audit Committee reviews the report on risk measurement and monitoring. Twice a year it examines the internal control operations and findings, based on the information provided by the Issuer's general management, as well as the compliance and periodic control reports submitted by the permanent control managers. It reviews the exchanges of correspondence with the ACPR's Department of Legal and General Corporate Affairs.

(C) External control

The Audit and Risks Committee is also tasked with verifying the efficacy of the Issuer's external control, especially the external diligences performed by the statutory auditors.

(iii) Operation of the Audit and Risks Committee

The Audit and Risks Committee meets at least twice a year.

The Supervisory Board sets the dates for Audit and Risks Committee meetings, without prejudice to the provisions of its internal rules of procedure regarding convening committee meetings.

The Audit and Risks Committee shall be informed by the Issuer's Executive Board and the statutory auditors of any event that could expose the Issuer to a material risk. Under their sole responsibility, the Executive Board members or the statutory auditors assess the materiality of the risk.

(b) Appointment, Compensation and Corporate Governance Committee

(i) Membership of the Appointment, Compensation and Corporate Governance Committee

The Appointment, Compensation and Corporate Governance Committee has at least three members.

The chairman of the Appointment, Remuneration and Corporate Governance Committee shall be elected from among the independent members.

The members of the Appointment, Remuneration and Corporate Governance Committee as at the date of this Base Prospectus are identified in section 6.1 above.

(ii) Powers of the Appointment, Compensation and Corporate Governance Committee

With respect to the appointment process, the Appointment, Compensation and Corporate Governance Committee is tasked with the following:

- assisting the Supervisory Boarding in putting forward candidates for the Supervisory Board and its sub-committees and the Executive Board;
- selecting potential candidates for the Supervisory Board meeting the independence criteria and submit such list of candidates to the Supervisory Board;
- preparing the succession of the aforementioned candidates.

More generally, the Appointment, Compensation and Corporate Governance Committee is also in charge of submitting recommendations on the compensation plans for the members of the Supervisory Board, the executive compensation plan and any type of profit-sharing plan for the Issuer's employees and the members of the governance boards of entities controlled by the Issuer.

(iii) Operation of the Appointment, Compensation and Corporate Governance Committee

The Appointment, Compensation and Corporate Governance Committee is governed by the applicable laws and regulations as well as by the provisions of the Issuer's articles of association and the Supervisory Board's internal rules of procedure.

(c) Strategic Committee

(i) Membership of the Strategic Committee

The Strategic Committee has at least three members, including its chairperson.

The members of the Strategic Committee as at the date of this Base Prospectus are identified in section 6.1 above.

(ii) Powers of the Strategic Committee

The Strategic Committee reviews and oversees the roll out of the Issuer's strategy plan as well as any of its strategic projects or transactions. It therefore formulates its opinion on:

- the Issuer's key strategic focuses (including the medium-term business plan);
- the Issuer's development policy;
- the large-scale financing or refinancing projects or programmes that the Issuer expects to carry out.

The Strategic Committee also studies and examines:

- drafts of strategic agreements and partnerships, and more generally
- any type of significant project or undertaking. The Strategic Committee's chairperson assesses the materiality of a project submitted by the Issuer's management and makes his/her decision particularly in light of the amount of the commitments related to such project.

As a general rule, the Strategic Committee issues an opinion on any other strategic issue put forth by the Supervisory Board.

#### (iii) Operation of the Strategic Committee

The Strategic Committee is governed by the applicable laws and regulations as well as by the provisions of the Issuer's articles of association and the Supervisory Board's internal rules of procedure.

## 6.4 Corporate governance code

In the interests of transparency and information to the public, the Issuer has decided to comply with corporate governance principles, as defined by the recommendations issued by AFEP and the MEDEF in the AFEP-MEDEF Code.

In this context, the Issuer's Supervisory Board adopted a set of internal rules of procedures reflecting the key provisions of this code. In order to reflect its own specific circumstances, the Issuer has nevertheless decided to depart from or adjust certain of these provisions as set forth below.

- (i) Balanced representation of men and women on boards (Article 7.2 of the AFEP-MEDEF Code and Article L.225-69-1, para 1 of the Code de Commerce)

The AFEP-MEDEF Code recommends a balanced representation of men and women on the Supervisory Board. Article L.225-69-1, para 1 of the Code de Commerce resulting from law n°2011-103 of 27 January 2011 and as amended by the law no. 2019-486 of 22 May 2019 sets a target of 40% representation of women on the Supervisory Board.

The Issuer falls outside the scope of this law because (i) the shares comprising its share capital are not admitted to trading on a regulated market and (ii) the corporate and financial thresholds covered by this law are not met. However, the Issuer has voluntarily adopted the provisions of the AFEP-MEDEF Code and as a result enjoys greater flexibility in achieving this target.

As of the date of this Base Prospectus, the Supervisory Board is composed of 6 women and 7 men, i.e. a proportion of 46.15%/53.85%.

The Issuer upholds gender equality and diversity in general as one of its core values. At the time of this Base Prospectus, the Issuer's Executive Board comprises two women and two men, with a gender ratio for employees of 32% women to 68% men as of 31 March 2023.

- (ii) Representation of Company employees on the Supervisory Board (article 9 of the AFEP-MEDEF Code)

The Issuer has elected to disapply the provisions of article 9 of the AFEP-MEDEF Code: given its streamlined economic model, in particular its limited staff numbers, comprising around 30 permanent employees, its articles of association do not allow for the appointment of employee representatives to the Supervisory Board.

- (iii) Waiver of shares to be held by the Supervisory Board members (Article 24 of the AFEP-MEDEF Code)

Finally, contrary to the recommendations of the AFEP-MEDEF Code, the members of the Supervisory Board do not hold any shares in the Issuer or ST. This principle stems from the structure of the Agence France Locale Group, whose shareholding is intended to be composed solely of ST's shareholder members, in accordance with article L. 1611-3-2 of the local authorities general code (CGCT).

## **7. PRINCIPAL SHAREHOLDERS**

The description of ST, the Issuer's direct majority shareholder, is set out in paragraph 4 of the section "Description of the Guarantors and the Guarantee Mechanism" of this Base Prospectus.

## **8. LEGAL AND ARBITRATION PROCEEDINGS**

Please see paragraph 8 of the General Information section of this Base Prospectus.

- In accordance with the provisions of article 2 of the articles of association, the Issuer's corporate purpose consists of carrying out all or part of the transactions described in accordance with the license's terms, including:

- granting loans and, where applicable, receiving deposits or other reimbursable funds from the public and carrying out any related operation with a view, in particular, to granting loans to Members, local authorities, their groupings and local public establishments, as well as to any entity that would be legally authorised to participate in the mechanism implemented by the Agence France Locale Group, subject to their membership in accordance with the articles of association of ST;

- generally carrying out transactions of any kind, whether they be economic, legal, financial, civil or commercial in nature, that may be related, directly or indirectly, to any of the above purposes or to any similar or related purpose.

## **10. MATERIAL AGREEMENTS**

Other than the agreements described below, there are no material agreements (other than contracts entered into in the ordinary course of business) that confer rights, or place obligations, on the Issuer that may have a material impact on the Issuer’s ability to perform its obligations to the Noteholders under the Notes.

### **10.1 Agreements related to the set-up of the IT system**

In setting up its IT system, the Issuer has entered into contracts for supply, managed services and “software-as-a-service” (SaaS) hosting agreements with Sopra Banking Software, a recognised operator and publisher of banking software, EquensWorldline, a leader in the set-up and hosting of online portals and electronic payment solutions, Invoke, publisher of financial and regulatory reporting software, and Orchestrade, a market finance software company. The Issuer has also entered into a cloud hosting and operating services contract with Microsoft Azure in the form of an Infrastructure as a Service (IaaS) agreement.

With regard to Sopra Banking Software, the Issuer benefits from:

- the provision of integrated banking software based on SAB-AT modules supplied as standard by the company Sopra Banking Software, and adapted to the needs of the Issuer, as set out in its technical specification;
- SaaS hosting and operating of the banking solution, on the basis of the Issuer’s requirements particularly in terms of performance, service level, security and confidentiality of data and infrastructure, continuity and contingency plans in the event of system failures and system reversibility to allow, if necessary, for the Issuer to change supplier.

EquensWorldline provides the Issuer with:

- a web portal to receive and process members’ requests and interconnected with the SAB-AT banking solution provided by Sopra Banking Software, designed on the basis of the Issuer’s technical specification;

- portal hosting, operating and maintenance on the basis of the Issuer's requirements particularly in terms of performance and service level, data and infrastructure security and confidentiality, continuity and contingency plans in the event of system failures and system reversibility to allow, if necessary, for the Issuer to change supplier.

With regard to Orchestrade, the Issuer benefits from:

- software for managing its market operations, interconnected to the SAB-AT banking solution provided by Sopra Banking Software, to the Microsoft Azure decision-making environment and to Bloomberg quotation feeds, designed on the basis of specifications defined by the Issuer.
- software hosting, operating and maintenance on the basis of the Issuer's requirements particularly in terms of performance and service level, data and infrastructure security and confidentiality, continuity and contingency plans in the event of solution failures and solution reversibility to allow, if necessary, for the Issuer to change supplier.

With regard to Invoke, the Issuer benefits from:

- financial and regulatory data processing software to meet French and European requirements (RUBA, FINREP, COREP, ...), interconnected to the Microsoft Azure decision management environment, designed around the Issuer's specifications;
- the hosting, operation, and maintenance of this software taking the Issuer's requirements into account especially in terms of performance and service levels, data and infrastructure security and confidentiality, business continuity and contingency plans to remedy any solution failures, and reversibility of the solution supplied to allow the Issuer to change provider if necessary.

To do this, the Issuer has concluded:

- a contract with Sopra Banking Software which will expire on 31 March 2029.
- a contract with EquensWorldline which will expire on 31 December 2027.
- a contract with Orchestrade which will expire on 31 July 2030.
- a contract with Invoke which will expire on 23 March 2026.

As regards Microsoft Azure, the Issuer benefits from:

- essential cloud hosting IT resources: virtualized servers, processing capacity, data storage capacity and network components.
- Decisional and Collaborative software solution operating capacity, taking into account the Issuer's requirements in terms of performance and service levels, data and infrastructure security and confidentiality, business continuity and rescue and reversibility plans in order to remedy any failures of the IT resources employed.

Given the SaaS, IaaS and managed services models that have been selected, some of Agency France Locale's hardware (including all of the equipment and operating software infrastructure necessary for the business IT system) is outsourced to these service providers.

Sub-contractors of the service providers also provide certain functionalities and features.

The IT system is being developed in accordance with the guidelines validated by the Issuer. The main goal of these guidelines is to guarantee the performance, risk management, uniformity and scalability of the IT system.

## **10.2 Agreement related to the outsourcing of the Issuer's middle office activities**

The Issuer has outsourced the performance of certain middle office tasks relating to market activities to Société Générale.

This outsourcing includes collateral management, valuation, position keeping and reconciliation, management of the Issuer's EMIR obligations, and administrative management of market operations.

## **10.3 Agreement related to the Issuer's internal audit and permanent second-level accounting control**

The Issuer has outsourced the performance of second-level permanent accounting controls to ABCD under an annual contract.

The Issuer has outsourced the performance of periodic controls to PricewaterhouseCoopers Audit (or PwC) under the responsibility of the President of the Executive Board of the Issuer. In accordance with the French order of 3 November 2014, as amended, on internal control, the reporting entities must have a facility allowing for periodic checks. As set forth in the Issuer's Internal Control Charter, the purpose of the periodic checks is to verify the implementation and efficiency of the procedures for risk management, compliance and permanent control. This arrangement is governed by a 3-year contract which was renewed at the end of 2017 and in early 2021 for the same duration. The facility is implemented in accordance with a three-year plan which aims to cover all of the Issuer's tasks and functions, focussing on the main areas of risk. It provides quarterly reviews and monitoring of recommendations, and it generates an annual summary for review by governance bodies.

# **11. OPERATIONAL MANAGEMENT**

## **11.1 Asset and liability management**

The Issuer has put in place an asset and liability management (ALM) system, the purpose of which, with respect to its balance sheet mix and the risks to which it is exposed, is to minimise the exposure of its results and equity to market risks. This system is based on a framework of financial policies that aim to cover or manage all the risks arising from the Issuer's financial activities.

## **11.2 Investment policies for liquid assets**

In accordance with good management practice, liquidity policy-based management guidelines and regulation, the Issuer has a liquidity reserve comprising high quality assets, which represents the proportion of resources not paid out as loans and retained to ensure liquidity. Further, the Issuer relies on the following guidelines to ensure that its liquid assets are freely negotiable and transferable at all times:

- transferability of assets in the liquidity portfolio;
- credit quality of the investment vehicles; and
- interest rate risk hedging.

### *Investment policy for liquid assets*

This portfolio invests in high quality assets and has two compartments:

- a compartment to ensure that there is sufficient cash and cash equivalents on a day-to-day basis, the operational portfolio, which is invested in a range of products including short-term bank deposits and liquid and creditworthy securities; and

- a compartment to ensure that there is sufficient cash and cash equivalents over the medium term, the placement portfolio, which will be invested in fixed-rate and floating-rate debt issued mainly from the public sector and in covered bonds issued in the European Economic Area, North America and several countries (a list of which is held by AFL's Credit Committee) and benefiting from a high credit quality assessed with the level of rating of these issuers. These securities are swapped against a variable benchmark in accordance with the Issuer's interest rate risk hedging policy with the aim of neutralizing the effects of an adverse trend in interest rates on the value of these securities.

At least 70% of liquidity fund securities, according to the Issuer's management guidelines, bear the HQLA or highly liquid hallmark.

This system for managing the Issuer's liquidity reserve is inspired by that employed by the main local authority funding agencies as well as by the multilateral development banks. It has demonstrated its effectiveness in ensuring that these institutions have liquidity in a wide range of market conditions whilst minimizing any impact on their profitability.

### **11.3 The Issuer's capital and liquidity requirements**

#### **(a) Principles**

##### **(i) Solvency ratio**

For the purpose of the calculation, the ratio's denominator is comprised of the following three items:

- credit risk is calculated according to a standardised approach;
- market risk does not apply to the Issuer as it does not have a trading portfolio; and
- operating risk is calculated using the basic indicator approach.

As at 31 December 2022, the total own funds prudential requirement notified by the Prudential Supervisory Authority (Autorité de Contrôle Prudentiel et de Résolution) applicable to the Agence France Locale Group is 9.25%:

- the minimum requirement of 8%; and
- the additional "Pillar 2" capital requirement of 1.25%.

In addition, the AFL Group is required in principle to hold equity capital enabling it to comply with the requirement relating to the capital conservation buffer set at 2.5%.

Lastly, on 6 January 2022, the High Council for Financial Stability decided to maintain the countercyclical capital buffer level applicable to French exposures at 0%, such level remaining unchanged since 2 April 2020. This rate was increased to a level of 0.5% on 7 April 2023 and will increase to 1% on 2 January 2024. AFL holds sufficient capital to absorb these increases.

With a solvency ratio of 15.57% at 31 December 2022, the Agence France Locale Group exceeds the applicable prudential requirements. Since its formation, the Issuer imposes a solvency ratio limit of 12.5%, higher than the regulatory requirements.

The Issuer's prudential requirements are monitored at the Issuer level with respect to liquidity requirements and at the consolidated level with respect to liquidity requirements and capital requirements.

(ii) Leverage ratio

Article 429 (bis) paragraph 1. (d) of Regulation (EU) 575/2013 as amended, in particular by Regulation (EU) 2019/876 (the **CRR Regulation**) of the European Parliament and the Council of 27 November 2019 establishes a separate leverage ratio definition for public development credit institutions, allowing them to exclude certain assets, such as claims on central, regional or local governments or on public sector entities in connection with public investments, from the ratio denominator, with a minimum regulatory requirement set at 3%. On 11 March 2021, the Issuer was recognised by the ACPR as a public development credit institution.

The Issuer is recognised as a public development credit institution, authorising it to deduct claims on central, regional or local governments or on public sector entities in connection with public investments, from the ratio denominator. Consequently, the leverage ratio of the Agence France Locale Group was 7.81% as at 31 December 2022. Based on the current methodology applicable to credit institutions, the Group's leverage ratio on such date is 2.47%.

(b) Liquidity requirements

The 30-day Liquidity Coverage Ratio (LCR) is to ensure that each institution maintains a sufficient level of high-quality assets, easily transformable into liquidity, to meet its actual or potential commitments over 30 days.

The one-year liquidity ratio (the Net Stable Funding Ratio or NSFR) ensures that the Issuer has stable funding to finance its stable assets.

The one-year liquidity ratio (Net Cash Requirement Ratio) aims to ensure that the Issuer has sufficient resources to meet its potential commitments over one year.

The Issuer has set the objective of maintaining its liquidity ratios above 100%.

At 31 December 2022, the LCR ratio was 500% and the NSFR ratio was 144%.

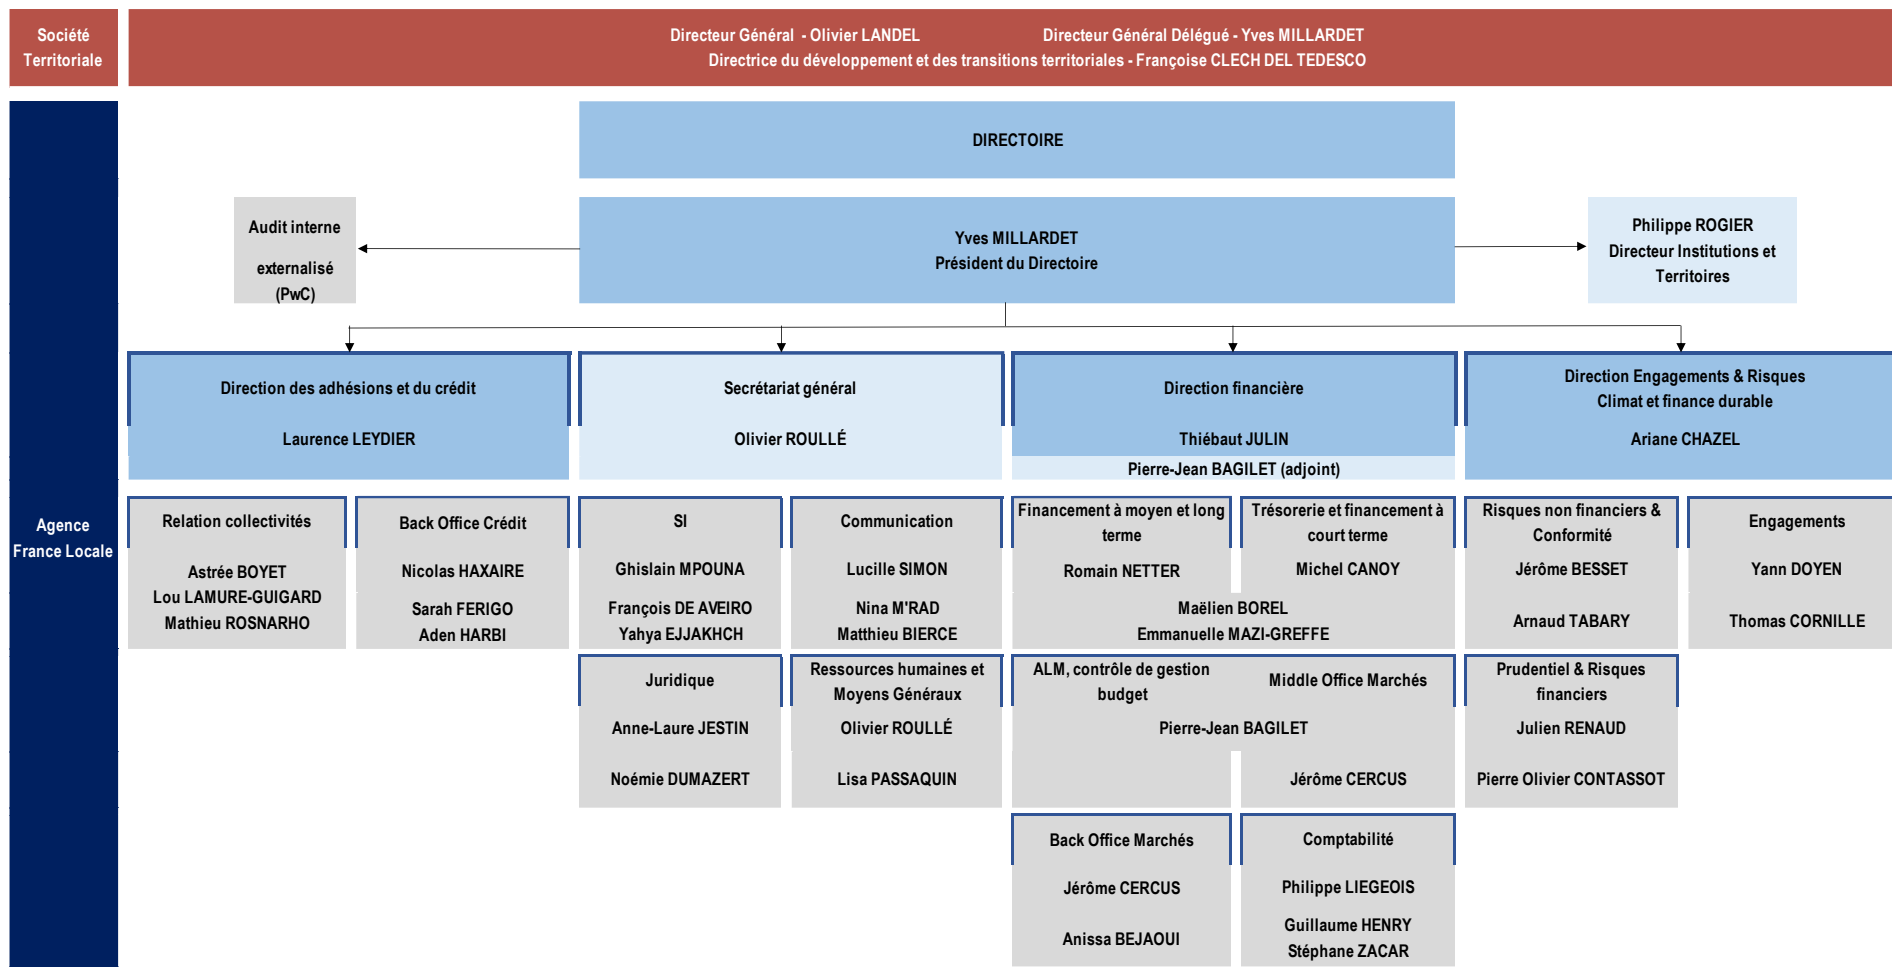

## 11.4 Organisational structure

The Issuer is the employer of almost the entire staff at the Agence France Locale Group.

At 31 December 2022, the Issuer had 42 employees and one non-salaried corporate officer. According to the Issuers' current estimates this number will gradually increase over time, in line with its activity.

## DESCRIPTION OF THE GUARANTORS AND THE GUARANTEE MECHANISM

### 1. DESCRIPTION OF THE GUARANTEE MECHANISM

The Notes issued by the Issuer benefit from a dual guarantee mechanism granted by (i) each of the Members, the Member Guarantees, and (ii) ST, the ST Guarantee:

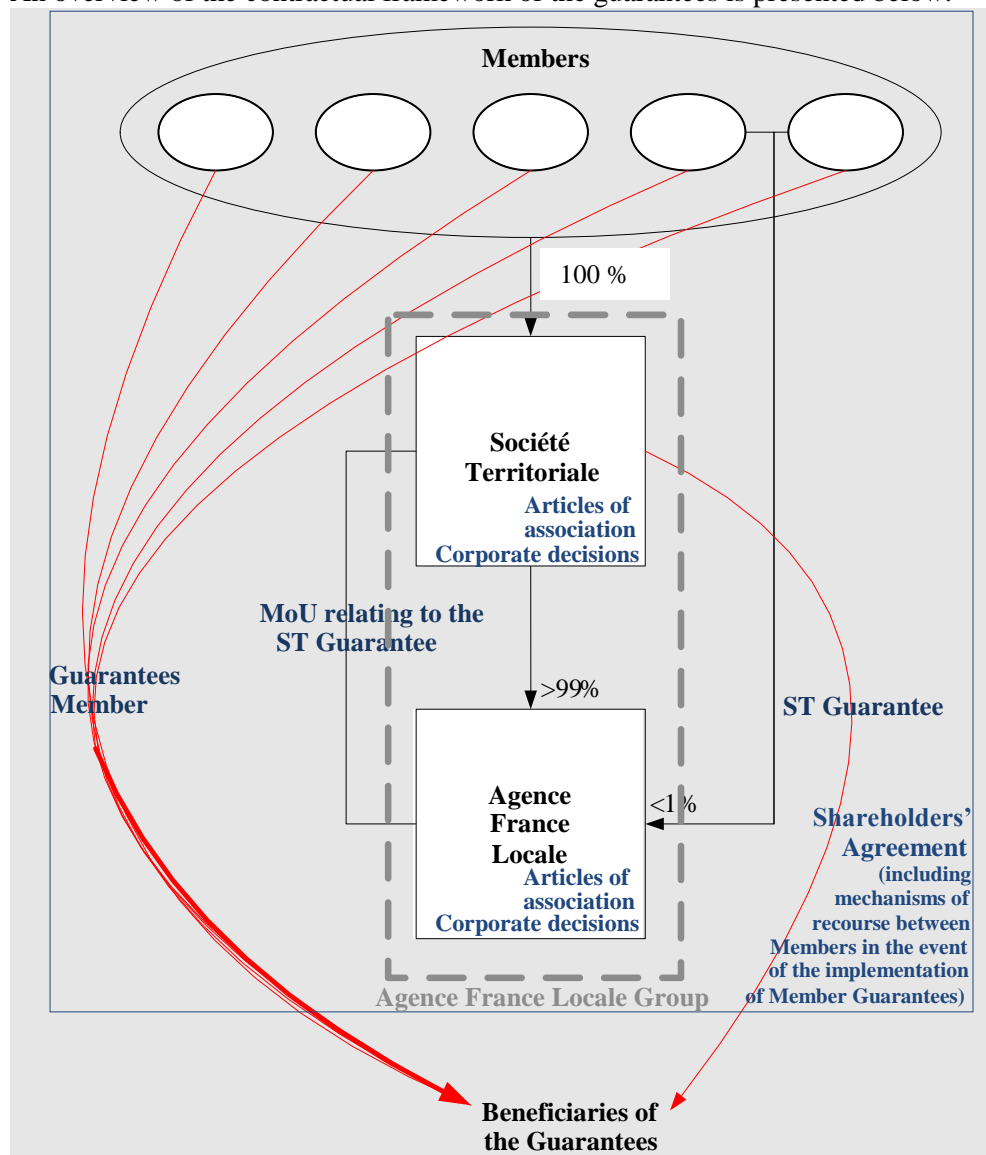

- at the time of subscribing to a Medium-Long Term Loan with the Issuer, each Member grants a guarantee commitment capped at a level equal at all times to the total amount of its outstanding Medium-Long Term Loans vis-à-vis the Issuer;
- ST grants a guarantee the amount of which changes periodically. For each Tranche of Notes issued under the Programme the Individual Ceiling (as defined below) of the ST Guarantee is disclosed in the Final Terms relating to the relevant issue and may not be less than the total amount of the issue.

The business plan actually indicates, without constituting a commitment from the Issuer, that approximately 70% of the total amount of borrowings issued by the Issuer on the market (including Notes issued under the Programme) will be used to extend Medium-Long Term Loans to Members. The remaining 30% will be held back both to ensure that the Issuer has available cash resources, in accordance with its regulatory obligations and good management practices and to enable Liquidity Facilities to be offered to Members on the terms and subject to the limits set by the Issuer's financial policies, as set out in paragraph 2.5 of the "Description of the Issuer" section of the Base Prospectus.

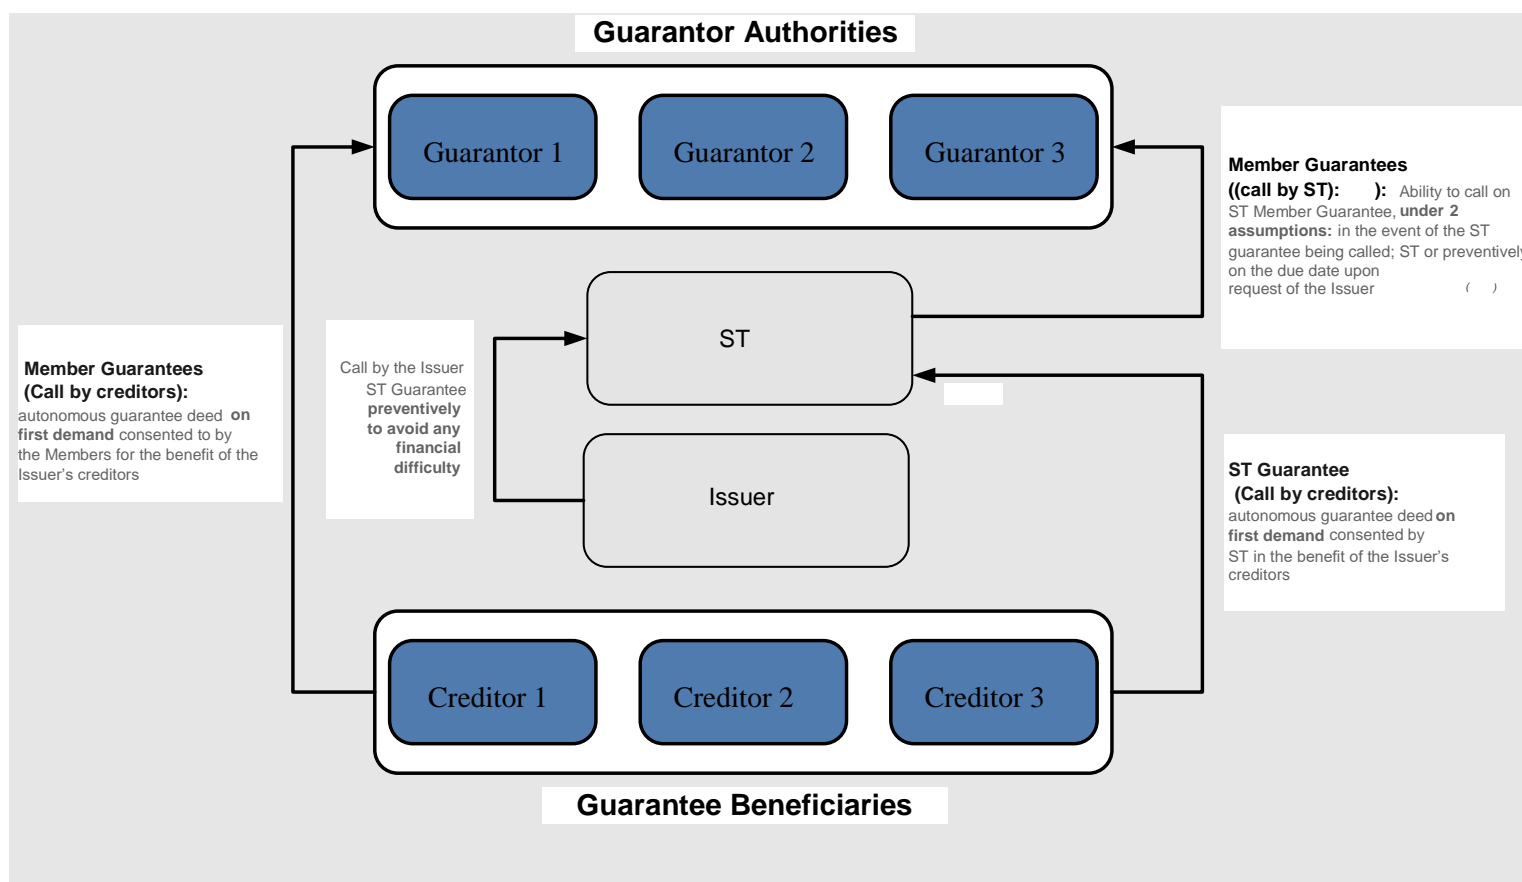

In terms of the ST Guarantee, the total guaranteed amount under the ST Guarantee is expected to be at least equal to the amount of funds raised by the Issuer on the capital markets principally through the issuance of bonds under the Programme and notes issued under the Issuer's euro commercial paper programme as well as other financial commitments (such as banking facilities and hedging operations) that the Issuer has entered into and which both benefit from the ST Guarantee.

The total amount guaranteed under the ST Guarantee cannot in any circumstances be greater than a maximum amount set by ST's Board of Directors (the **ST Guarantee Maximum Ceiling**). The ST Guarantee Maximum Ceiling has been increased by a decision of ST's Board of Directors on 28 September 2018 and thereby raised from 5,000,000,000 euros to 10,000,000,000, then increased again by decision of ST's Board of Directors of 13 June 2022 to 15,000,000,000 euros.

An overview of the contractual framework of the guarantees is presented below:

An overview of how the guarantees operate is set forth below.

## 1.1 Member Guarantees

The description of the Member Guarantee set out below represents version 2016.01 of the Member Guarantee set out in this Base Prospectus which entered into force on 30 April 2016 (the **Date of Entry into Force**). It replaces version 2014.01 of the Member Guarantee set out in the Base Prospectus dated 6 March 2015 (see paragraph (c) "Changes to the model of Member Guarantee" below for more details) on the Date of Entry into Force. Notes issued after the Date of Entry into Force benefit from version 2016.01 of the Member Guarantee or any other replacement Member Guarantee in accordance with clause 2.3 of version 2016.01 of the Member Guarantee.

### (a) Principle

Each Medium-Long Term Loan granted by the Issuer to one of its Members is contingent upon a guarantee commitment by such Member for a maximum amount corresponding to such funding.

The entry into a Liquidity Facility does not lead to the granting by the beneficiary Member of a guarantee. Indeed, the Member Guarantee is only intended to guarantee Beneficiaries up to the amount of the Medium-Long Term Loans drawn down by the relevant Member from the Issuer.

From this principle, it therefore ensues that the maximum amount guaranteed per Member pursuant to the Member Guarantees is designed to be equal to the value of the Medium-Long Term Loans granted by the Issuer to such Member.

As at 31 December 2022, the total outstanding amount of Medium-Long Term Loans, in accordance with IFRS standards, stood at 4,690 million euros.

Each form of Member Guarantee must have the prior approval of each Member's deliberative body.

The guarantee commitments deriving from the same form of Member Guarantee are:

- all identical and refer to a form of first demand guarantee defined by ST's Board of Directors upon a proposal from the Issuer's Executive Board with a recommendation from its Supervisory Board, and which Members must comply with;
- undertaken each time a Medium Long Term Loan is granted.

(b) Main provisions

In accordance with the form of guarantee, the Member Guarantees are based on the following principles:

- Each Member Guarantee is an autonomous first demand guarantee;
- Its beneficiaries are the Beneficiaries. Beneficiaries are the holders of any issued instruments or the co-parties to any of the deeds entered into by the Issuer stipulating that such instruments and/or deeds are covered by the Member Guarantees. Hence, all of the holders of the instruments issued under the Programme are covered by the Member Guarantees;
- The activation of the Member Guarantee by a Beneficiary, by the representative of Beneficiaries or by ST is contingent upon complying with the proper form and time period prescribed in such guarantee, failing which it is invalid; and
- A specific early call system for the Member Guarantee which may be activated by ST in order to prevent potential financial difficulties.

The option to call the Member Guarantee is extended to ST in the following cases:

- call of the ST Guarantee; and
- request to this effect from the Issuer.

The guarantee calls made by ST on the Member Guarantees are neither for its benefit nor that of the Issuer: they are made on behalf of the Beneficiaries. The sums received

from these calls will be deposited in an escrow account opened in the name of ST with the CDC. In accordance with the instructions that ST is to give to the CDC (article 9.4.3 of the Member Guarantee), the amounts deposited in the account will be directly paid to the Beneficiaries on the due date of their receivable. The main terms and conditions of the escrow agreement are available on the Issuer's Website.

In cases where the Issuer makes a claim on the ST Guarantee, activating the Member Guarantee, the Shareholders' Agreement provides a system to distribute the claim evenly among the Members.

In the case where a Beneficiary of the Member Guarantees directly makes the guarantee claim, the Beneficiary has the option of either claiming against a single Member for the full amount of its request<sup>10</sup> (subject to such Member's applicable guarantee ceiling) or to distribute the amount of the request among several Members. The total of the amounts activated by a Beneficiary under the Member Guarantees may not exceed the total amount due to such Beneficiary.

In the interest of full disclosure to the Beneficiaries, each Member's outstanding Medium-Long Term Loans vis-à-vis the Issuer and therefore the maximum amount of their guarantee is published each Business Day (as defined in the model Member Guarantee set out below) on the Issuer's Website<sup>11</sup> ([https://www.agence-france-locale.fr/page-investisseurs\\_fr/notation/](https://www.agence-france-locale.fr/page-investisseurs_fr/notation/)).

At 8 June 2023, the total outstanding amount guaranteed by Members totalled 5,752,591,243.70 euros<sup>12</sup>.

### **List of maximum amounts guaranteed by each Member at 8 June 2023**

<sup>10</sup> Such request to correspond to the Beneficiaries' debt to the Issuer.

<sup>11</sup> Where there are several versions of a Member Guarantee in existence for the same Member, such Member's outstanding Medium-Long Term Loans published on the Issuer's Website will show, for each version of the Member Guarantee, the relevant amount of outstanding Medium-Long Term Loan guarantee under that version.

<sup>12</sup> The indicated total guaranteed amount represents the principal amount remaining due for each member under its member guarantee. The indicated total guaranteed amount does not include interest accrued but not due and therefore does not cover all amounts guaranteed by each member.

(c) Changes to the model of Member Guarantee

*Principles*

According to the Shareholders’ Agreement, any change to the model of Member Guarantee must be approved by ST’s Board of Directors, upon a proposal by the Issuer’s Executive Board following a recommendation of its Supervisory Board.

Where the model of Member Guarantee is amended, Local Authorities that were already Members at the date of entry into force of the new model will be bound by the new model of Member Guarantee (the **New Model of Member Guarantee**) with regard to any guarantee signed after the date of entry into force of the New Model of Member Guarantee (the **Date of Entry into Force of a New Model**).

- **Consequences of the introductions of a New Model of Member Guarantee on the Member Guarantee attached to Notes issued before the Date of Entry into Force of a New Model**

Noteholders of a Tranche issued before the Date of Entry into Force of a New Model will benefit until the signing of any new Member guarantee commitment signed under the New Model of Member Guarantee, of Member guarantee commitments governed by the previous Model of Member Guarantee (the **Previous Model of Member Guarantee**).

Beginning on the signing date for any Member guarantee commitment signed under the New Model of Member Guarantee and until the signing date of any Member guarantee commitment signed under any model of Member Guarantee replacing the New Model of Member Guarantee, the abovementioned Noteholders will benefit from guarantee commitments governed by the New Model of Member Guarantee.

However, in accordance with clause 2.3 of the 2016.01 Model Member Guarantee, where a call is made with regard to a Member guarantor having entered into Member Guarantees governed by several models of Member Guarantee, the Noteholders benefitting from guarantee commitments governed by the Previous Model of Member Guarantee, may for each Member, up to the total outstanding Medium-Long Term Loans of such Member, choose between the Previous Model of Member Guarantee or any subsequent Model of Member Guarantee accepted by such Member guarantor in a subsequent guarantee commitment; it being noted that any guarantee call may only refer to one model of Member Guarantee.

- **Consequences of the introduction of a New Model of Member Guarantee on Notes issued after the Date of Entry into Force of a New Model**

Holders of Notes issued after the Date of Entry into Force of a New Model will benefit, for each Member, up to the total amount of the outstanding Medium-Long Term Loans of such Member, from the guarantee commitments governed by the New Model of Member Guarantee until the signing date of any Member guarantee commitment signed under the any model of Member Guarantee replacing the New Model of Member Guarantee.

***Entry into force of Member Guarantee model 2016.01, which supersedes Member Guarantee model 2014.01***

The Issuer has expanded its offer by proposing Liquidity Facilities to Members, to allow the Local Authorities to optimise their liquidity management through daily drawdowns and repayments.

As such, the Issuer wanted to distinguish short term products linked to liquidity loans from medium and long term products and to reflect this change in its legal

documentation, including the model Member Guarantee, by expressly indicating that the Member Guarantee will only cover Medium-Long Term Loans.

Following the revision of the Shareholders' Agreement and the Issuer's articles of association, two model Member Guarantees co-exist, Member Guarantee 2016.01 and Member Guarantee 2014.01.

Holders of Notes issued after the Date of Entry into Force will benefit from Member Guarantee 2016.01 or any other subsequent Member Guarantee in accordance with clause 2.3 of Member Guarantee 2016.01.

(d) Available remedies among the Members called under the guarantees

In accordance with Clause 17.5.1.1 of the Shareholders' Agreement, in the event that the Member Guarantee is activated, the Members that were called shall have subrogation rights (recours subrogatoire) against the Issuer. However, in the interest of safeguarding the Issuer and ensuring its sustainability, each Member waives in advance:

- in accordance with clause 17.5.1.1 (a), any recourse against the Issuer for as long as the Issuer is in a financial position that prevents it from honouring its repayment obligation without undermining its ability to continue operating; and
- in accordance with clause 15.5.1.1 (b), any right to offset the receivable they hold pursuant to their right of subrogation vis-à-vis the Issuer with the debt repayment on their outstanding Medium-Long Term Loans taken out with the Issuer.

The Members that were liable, on the other hand, have a right to effective remedy against the other Members as a way to allow the guarantee mechanism to operate as a whole and guarantee claims to be evenly distributed. Each Member is ultimately expected to pay for the claims made in proportion to its outstanding Medium-Long Term Loans from the Issuer as of the date of such claims.

ST handles and centralises the recovery of any payable sums between the Members in the interest of organise any claims among Members. Under the Shareholders' Agreement, each Member has entrusted ST with a mandate to recover any amounts that it may be due with respect of the collection of payments among Members. Under the Shareholders' Agreement, each Member has undertaken to sign any appropriate document or deed to initiate the collection procedures.

## **1.2 ST Guarantee**

The provisions of the ST Guarantee were defined and authorised by ST's Board of Directors upon a proposal from the Issuer's Executive Board with a recommendation from its Supervisory Board.

Each issue of Notes (including the Notes issued under the Programme and notes issued under the Issuer's euro commercial paper programme) by the Issuer and/or other financial commitments (such as banking facilities and hedging operations) of the Issuer, benefitting from the ST Guarantee, gives rise to the grant of a guarantee, known as a statement of guarantee (the

**Statement of Guarantee**) which is based on the terms of the ST Guarantee decided by ST's Board of Directors.

Each Statement of Guarantee specifies the maximum amount guarantee under such issue or financial commitment (the **Individual Ceiling**). The Individual Ceiling is calculated at the Issuer's discretion (and notified to ST) on the basis of the form and terms of the notes and/or financial commitments guarantees and the amounts due in principal, interest and other amounts. For each Tranche of Notes issued under the Programme, the Individual Ceiling of the ST Guarantee defined in the corresponding Statement of Guarantee is specified in the Final Terms for the relevant issue and is equal at least to the total amount of the issue.

The sum of the Individual Ceilings represents an amount which is at least equal to the total of the funds raised by the Issuer on the capital markets through any means (Notes issued under the Programme and notes issued under the Issuer's euro commercial paper programme) and other financial commitments (such as banking facilities and hedging transactions), that the Issuer has entered into and both of which benefit from the ST Guarantee.

The total cap guaranteed under the ST Guarantee, is always equal to the sum of the Individual Ceilings. The total amount guarantee under the ST Guarantee may not in any event be greater than the Maximum Ceiling of the ST Guarantee, which is equal, at the date of this Base Prospectus to 15,000,000,000 euros.

While not enforceable against third parties, in particular against the Noteholders, the Issuer has agreed, in a Memorandum of Understanding with ST in relation to the ST Guarantee, published on the Issuer's Website, to ensure that the total amount guaranteed under the ST Guarantee is set at an amount at least equal to the total amount of funds raised by the Issuer on the capital markets through any means (Notes issued under the Programme and notes issued under the Issuer's euro commercial paper programme) and other financial commitments (such as banking facilities and hedging operations) that the Issuer has entered into and that both benefit from the ST Guarantee.

Except as set out above, the ST Guarantee is founded on principles that are very similar to the terms and conditions of the Member Guarantees.

- The ST Guarantee is an autonomous first demand guarantee;
- Its beneficiaries are the holders of any issued instruments or co-parties to any of the contracts entered into by the Issuer stipulating that such instruments and/or contracts are covered by the ST Guarantee; these beneficiaries are the same entities which are also Beneficiaries of the Member Guarantees; and
- The activation of the ST Guarantee by a Beneficiary, the representative of Beneficiaries or by the Issuer is exclusively contingent upon complying with the proper form and time period prescribed in such guarantee, failing which it is void.

The Issuer also has the option of calling the ST Guarantee in the name of and on behalf of the Members. The sums received from such calls shall be deposited in an escrow account opened in the name of ST with the CDC. In accordance with instructions that the Issuer shall give to the CDC (article 9.4.3 of the model ST Guarantee), the amounts deposited in that account will be paid directly to the Beneficiaries on the due date of their receivable. The main terms and conditions of the escrow agreement are available on the Issuer's Website.

### 1.3 Investor information related to the actual guarantees and the Members' financial position

The Issuer's Website (<https://www.agence-france-locale.fr/>) provides the Beneficiaries with information on the guarantee systems and the guarantors, as well as up-to-date information on the maximum amounts guarantees under the Member Guarantees and the ST Guarantee.

In accordance with the provisions of the Member Guarantees and the ST Guarantee, the Issuer is required to publish and update the information so that that on a daily basis the Beneficiaries may access (i) the list of Members guaranteeing the Instruments and which may therefore be called upon and (ii) specific disclosure on the guarantee, particularly the amount, that each one of them as well as ST have granted.

The Issuer makes the following information accessible to the Beneficiaries:

(a) Beneficiary information on the ST Guarantee and the Member Guarantees

(i) ST Guarantee

- the total amount guaranteed under the ST Guarantee on the second Business Day preceding the day on which the Website is updated or on any later date;
- the total amount guaranteed under the ST Guarantee as estimated between the tenth and thirtieth Business Day following the day on which the Website is updated if there are no issuances of new Notes covered by the ST Guarantee;
- the allocation of ST's commitments according to the version of ST Guarantee;
- the name and address of the individual to whom a guarantee claim must be sent for the ST Guarantee;
- the amount of the guarantee claims under the ST Guarantee of which ST is aware.

The above information is updated each business day so that the Beneficiaries have access to the most recent information as possible.

(ii) Member Guarantees

- the actual outstanding Medium-Long Term Loans of each Member on the first Business Day preceding the day on which the Website is updated or on any later date;
- the estimated outstanding Medium-Long Term Loans of each Member, if there is no early repayment of all or part of the loan, on the tenth Business Day following the day on which the Website is updated;
- the breakdown of the Members' outstanding Medium-Long Term Loans according to the version of the Member Guarantee<sup>13</sup>;
- the name and address of the individual to whom a guarantee claim must be sent for each Member;

---

<sup>13</sup> Where there are several models of Member Guarantee in existence at the same time for the same Member, the outstanding Medium-Long Term Loans of the such Member published on the Issuer's Website will show, for each model Member Guarantee in force, the amount of outstanding Medium-Long Term Loans guaranteed under such model Member Guarantee.

- the amount of the guarantee claims under the Member Guarantees of which the Issuer is aware.

The above information is updated each Business Day so that the Beneficiaries have access to the most recent information as possible.

(b) Member's financial position

- the Member's legal population as of 1 January of the relevant financial year;
- a summary of the Member's operating revenues and expenses and investment revenues and expenditures of the relevant financial year;
- financial data to assess the Member's cash flow;
- data on the Member's debt as well as the related annual debt payments.

Given the significant and ever structurally changing number of Members, the inclusion in this Base Prospectus of financial information on the Members would be incompatible with the aim of clarity and legibility of the financial information required to be made available to Noteholders under the Prospectus Regulation.

Accordingly, the information required under heading 3 of Schedule 21 to Delegated Regulation (EU) 2019/980 has been omitted from the information to be included in this Base Prospectus within the meaning of article 18 of the Prospectus Regulation.

## 1.4 Guarantee Call

When the guarantee call is not decided upon by the Issuer and/or ST, the Beneficiaries or their representatives may make the guarantee calls under the Member Guarantee and the ST Guarantee pursuant to the terms such guarantee, by using the form guarantee call appended to each of these guarantees.

As noted above, each guarantee call by a Beneficiary, the representative of the Beneficiaries, the ST in the case of the Member Guarantee or the Issuer in the case of the ST Guarantee, must be made in the form and within the time limit set out in such guarantee, failing which it will be invalid.

The person making the guarantee call(s) is required to take the lead on such call(s) on the guarantors which it has selected. It is hereby stipulated that the caller must state that it did not call upon several guarantors to recover an amount greater to the amount due to such caller under his security. The callers may factor into their decision-making process the following facts:

- The ST Guarantee base covers, for each Tranche of Notes issued, the Individual Ceiling specified in the Final Terms;
- The Issuer's Website provides information on each Member's Guarantee base on a permanent basis;
- It may have to, in the event of a call of the Member Guarantee, divide its claims proportionately among several Members with respect to their base Member Guarantees and that each call that a Member receives thereby proportionately reduces its commitment under its Member Guarantee;
- ST (unlike the Local Authorities) is subject to French legislation on collective insolvency procedures and may enter into receivership or compulsory liquidation proceedings if it cannot honour its outstanding commitments with its available assets;

- ST has the option to call on Member Guarantees itself using objective criteria in the event that the ST Guarantee is activated and where it does not think that it alone can honour its own commitments.

- 2.1.2 The headings used in this model guarantee have been included for readability purposes only and shall not affect either the meaning or interpretation of this Guarantee.

- 2.1.4 All references to another document shall equally apply to any amendments or substitutions of the said document.
- 2.1.5 Examples following the terms "include", "including", "notably", "in particular" and other similar terms shall not be exhaustive.

### **2.2 Authorisation**

On 5 June and 18 November 2014, in accordance with the provisions of Article L. 225-35 of the French Commercial Code (Code de commerce), the Board of Directors of Société Territoriale authorised the granting of a guarantee to Agence France Locale, the maximum amount of which is equal to that of the Maximum Guarantee Ceiling.

On 13 June 2022, the Board of Directors of Société Territoriale authorised, in accordance with the terms of the Model Guarantee and the Memorandum of Understanding, an increase in the Maximum Guarantee Ceiling, as specified in Article 5.1 of this Model Guarantee.

## **SECTION II TERMS AND CONDITIONS OF THE GUARANTEE**

### **3. PURPOSE OF THE GUARANTEE**

The Guarantor unconditionally and irrevocably undertakes to pay any Beneficiary, on first demand, any amount specified in the Guarantee Call up to a maximum of the Guarantee Ceiling as set out in Article 5. The Guarantee Call must strictly comply with the requirements set out in Section III of this Guarantee.

### **4. BENEFICIARIES OF THE GUARANTEE**

- 4.1 The Guarantee is provided for the benefit of any person or entity holding an eligible instrument, where the holding of such an eligible instrument is the result of:

- (a) the account registration in the register held by Agence France Locale or by a financial intermediary as a holder of a financial security, the terms of which specify that the said person or entity is eligible to benefit under the Guarantee; or
- (b) holding of a document signed by Agence France Locale specifying that the said document confers eligibility to benefit under the Guarantee;

(hereinafter a *Guaranteed Instrument*).

- 4.2 The Guarantee relates to existing Guaranteed Instruments already issued and to any future Guaranteed Instruments yet to be issued.

### **5. GUARANTEE CEILING**

- 5.1 The guarantee ceiling (the *Actual Guarantee Ceiling*) provided by the Guarantor shall at any time be equal to the sum of Individual Ceilings (as defined below) notified by Agence France Locale to the Guarantor, of which the Expiry Date (as defined below) is yet to occur, less any Guarantee Call

excluding the Guarantee Call for the purposes of which the Actual Guarantee Ceiling is to be calculated.

Under no circumstances may the Actual Guarantee Ceiling exceed the maximum amount of **fifteen billion euros (€15,000,000,000)** (the **Maximum Guarantee Ceiling**). Should the sum of Individual Ceilings (as defined below) exceed the Maximum Guarantee Ceiling, the Actual Guarantee Ceiling shall be equal to the Maximum Guarantee Ceiling.

**5.2** Whenever a Guaranteed Instrument is issued or created, Agence France Locale will forward to Société Territoriale a declaration (the **Statement of Guarantee**) which shall contain:

- (a) the maximum amount guaranteed by Société Territoriale as a result of the issue or creation of the said Guaranteed Instrument (the **Individual Ceiling**);
- (b) the date upon which the commitment relating to the Individual Ceiling expires (the **Expiry Date**).

**5.3** The Individual Ceiling is established on a discretionary basis by Agence France Locale according to the nature and terms of the Guaranteed Instrument and to the sums that may become due in principal, interest and accessories under the Guaranteed Instrument. Except in the case of manifest abuse, the setting of an Individual Ceiling shall automatically increase the Actual Guarantee Ceiling.

**5.4** It is furthermore specified that any Beneficiary may at any time within the context of a Guarantee Call claim the sum of the Guarantee Ceiling as published by Agence France Locale on its website (the **Website**) in accordance with Article 16.1, where such a figure shall be deemed to be authentic unless any Party is able to prove otherwise.

## **6. LEGAL NATURE OF THE GUARANTOR'S OBLIGATION**

**6.1** This Guarantee constitutes an autonomous guarantee within the meaning of Article 2321 of the French Civil Code.

**6.2** Consequently, the Guarantor may not oppose or claim any exception or objection of any nature whatsoever (excluding those set out in Article 2321 of the French Civil Code (Code civil)), and notably any exception or objection that Agence France Locale may hold against the Beneficiary, subject, however, to compliance with the provisions of this Guarantee.

**6.3** Subject to the provisions of Article 14, all the provisions of this Guarantee shall remain fully effective irrespective of any changes to the financial, legal or any other position of Agence France Locale or of the Guarantor. The Guarantee shall in particular retain its full effect vis-à-vis the Beneficiaries should Agence France Locale request the appointment of an ad hoc administrator (*mandataire ad hoc*) or conciliator (*conciliateur*) (or should it be the subject of any such request), or enter into an agreement with its creditors, or be the subject of any of the proceedings set out in Book VI (*Livre VI*) of the French Commercial Code (*Code de Commerce*).

## **SECTION III CALL OF THE GUARANTEE**

- (d) a sworn statement by the Representative that no Guarantee Call has taken place under one or more Member Guarantees with a view to recovering the same sums (or that any such calls have not been honoured in accordance with the terms of the said guarantees); under no circumstances may any such declaration prejudice the right of the originating party to divide its call;
- (e) the details of the accounts to which the amounts called are to be transferred, subject to the terms of the Guaranteed Instruments concerned not requiring payment via a securities clearing or settlement system;
- (f) a copy of the document by which the Representative was appointed or is entitled to act on behalf of the Beneficiaries.

- 2.1.2 The headings used in this Model Guarantee have been included for readability purposes only and shall not affect either the meaning or interpretation of this Model Guarantee.
- 2.1.3 Unless otherwise required by the particular context, all references to legal provisions equally apply to any amendment, substitution or codification, provided that any such amendment, substitution or codification is applicable or may become applicable to the transactions covered by this Model Guarantee.
- 2.1.4 All references to another document shall equally apply to any amendments or substitutions of the said document.
- 2.1.5 Examples following the terms "include", "including", "notably", "in particular" and other similar terms shall not be exhaustive.

## **2.2. Model Guarantee and Guarantee Commitments**

- 2.2.1 This Guarantee is based on the Model Guarantee, version 2016.01, as established by the Board of Directors of Société Territoriale on 26 November 2015.
- 2.2.2 On the conclusion of any contract or deed increasing the Outstanding Indebtedness of credit granted to a Member, the latter shall be invited to sign a Guarantee Commitment under which it shall undertake to provide a Guarantee pursuant to and in accordance with the provisions of this Model Guarantee, up to a maximum of the sum of Initial Ceilings stipulated in the said Guarantee Commitment and in previous and non- expired Guarantee Commitments.

- 2.3.3 Holders of Guaranteed Instruments issued up to the date of signature of the Guarantee Commitment referring to a specific Model Guarantee may, in respect of the totality of the Outstanding Indebtedness, invoke either the last Model Guarantee accepted by the Guarantor in a Guarantee Commitment at the issue date for such Guaranteed Notes, or later Model Guarantees also accepted by the Guarantor in a subsequent Guarantee Commitment, it being specified, however, that all Guarantee Calls must only refer to a single Model Guarantee.
- 2.3.4 The holders of Guaranteed Instruments issued after the date of signature of the Guarantee Commitment referring to a Model Guarantee later than version 2016.1 may only invoke the later Model Guarantees accepted by the Guarantor.

## **TITRE II TERMS AND CONDITIONS OF THE GUARANTEE**

### **3. PURPOSE OF THE GUARANTEE**

The Guarantor unconditionally and irrevocably undertakes to pay any Beneficiary, on first demand, any amount specified in the Guarantee Call up to a maximum of the Guarantee Ceiling as set out in Article 5. The Guarantee Call must strictly comply with the requirements set out in Section III of this Guarantee.

#### **4. BENEFICIARIES OF THE GUARANTEE**

- 4.1. The Guarantee is provided for the benefit of any person or entity holding an eligible instrument, where the holding of such an eligible instrument is the result of:
- (a) the account registration in the register held by Agence France Locale or by a financial intermediary as a holder of a financial instrument, the terms of which specify that the said person or entity is eligible to benefit under the Guarantee;
  - (b) holding of a document signed by Agence France Locale specifying that the said document confers eligibility to benefit under the Guarantee;
- (hereinafter a ***Guaranteed Instrument***).
- 4.2. The Guarantee relates to existing Guaranteed Instruments and to any future Guaranteed Instruments or those yet to be issued.

#### **5. GUARANTEE CEILING**

- 5.1. The Guarantee Ceiling (the *Guarantee Ceiling*) provided by the Guarantor shall at any time be equal to the total amount of its Outstanding Indebtedness vis-à-vis Agence France Locale:
- (a) less any Guarantee Call, excluding the Guarantee Call for the purposes of which the Guarantee Ceiling is to be calculated;
  - (b) plus any payment received by the Member in question pursuant to any Actual Reimbursement;
  - (c) less any Reimbursement Request.
- 5.2. It is furthermore specified that:
- (a) elements which lead to a reduction in the Guarantee Ceiling are no longer enforceable against Beneficiaries from the date on which they made the Guarantee Call;
  - (b) in the event of multiple Guarantee Calls and/or Reimbursement Requests,
    - (i) in order to calculate the Guarantee Ceiling, demands received on the Business Day preceding the calculation date shall be taken into account;
    - (ii) demands received after the Business Day preceding the calculation date shall not be taken into account and, where the Guarantee Ceiling is less than the total of the said demands, the Guarantor's payment obligation shall benefit the Beneficiaries in proportion to their individual demands;
  - (c) any Beneficiary may at any given time within the context of a Guarantee Call claim the estimated Outstanding Indebtedness as of the tenth (10<sup>th</sup>) Business Day following the date of the Guarantee Call, as published by Agence France Locale on its website (the ***Website***) for each Member in accordance with Article 17.1, where such figures shall be deemed to be authentic unless any Party is able to prove otherwise
- 5.3. In order to avoid the possibility of any ambiguity, under no circumstances may the Guarantee Ceiling exceed the sum of each Initial Ceiling as set out in each Guarantee Commitment whose Expiry Date is not yet to fall.

## **6. LEGAL NATURE OF THE GUARANTOR'S OBLIGATION**

- 6.1. This Guarantee constitutes an autonomous guarantee within the meaning of Article 2321 of the French Civil Code (Code Civil).
- 6.2. Consequently, the Guarantor may not oppose or claim any exception or objection of any nature whatsoever (excluding those set out in Article 2321 of the French Civil Code (Code Civil)), and notably any exception or objection that Agence France Locale may hold against the Beneficiary, subject, however, to compliance with the provisions of this Guarantee.
- 6.3. Subject to the provisions of Article 14, all the provisions of this Guarantee shall remain fully effective irrespective of any changes to the financial, legal or any other position of Agence France Locale or of the Guarantor. The Guarantee shall in particular retain its full effect vis-à-vis the Beneficiaries should Agence France Locale request the appointment of an ad hoc administrator (*mandataire ad hoc*) or conciliator (*conciliateur*) (or should it be the subject of any such request), or enter into an agreement with its creditors, or be the subject of any of the proceedings set out in Book VI (*Livre VI*) of the French Commercial Code (*Code de Commerce*).

(C) General secretary

As of the date of this Base Prospectus, the Board of Directors has not nominated a General Secretary and has no plans to do so at such time.

(D) Conflicts of interest

To the Issuer's knowledge and as at the date of this Base Prospectus, there is no actual or potential conflict of interest between the duties of the individuals mentioned in paragraphs (A) and (B) above with regard to ST and their private interests or other duties.

(d) Operation of the administrative bodies (article 16 of the articles of association)

(i) Board of Directors

(A) Membership of the Board of Directors

## I. Membership and appointment procedures

The Board of Directors has a minimum of ten (10) and maximum of fifteen (15) members. No director over 70 years of age shall be appointed to the Board if his/her appointment increases to more than one-third the number of directors over 70. If the number of its directors over 70 years old exceeds one-third of the Board, the oldest member will be deemed as having resigned automatically from office.

During each Board membership review, each category of Local Authority may elect a certain number of directors. Such number is determined in proportion to the relevant Local Authority's weighting in the local government debt compared to the aggregate amount of such debt borne by all of the Local Authorities as at the date of the review.

## II. Duration of terms of office

The members of the Board of Directors are appointed for a six-year term, renewable according to the aforementioned majority requirements. The term of office ends at the ordinary shareholders' meeting called to vote on the accounts for the recently completed financial year held in the year in which their term of office expires.

## III. Powers of the Board of Directors

The Board of Directors decides on ST's business strategy and oversees its roll-out. It examines any and all issues related to the efficient running of ST, and makes any and all business decisions within its remit, subject to those powers expressly conferred to the shareholders' meetings and within the limit of the corporate purpose.

Accordingly, the Board of Directors, acting by a simple majority, makes decisions within its authority in light of applicable laws and regulations and also decides on the following:

- general measures related to ST's organisation and running,
- adoption of the scoring method to identify which Local Authorities are eligible to join the Agence France Locale Group,
- ST's budget,
- ST's management report,
- preparation of the financial statements and proposal on the appropriation of ST's profits,
- general terms on hiring, employment and wages,

- the roll-out and the monitoring of the guarantee structure,
- use of the initial capital contributions made by ST's new shareholders, and
- the specific financial requirements for Local Authority candidates to meet in order to become a ST shareholder.

The Board of Directors also has the authority at any time to (i) request from its Chief Executive Officer the documents validating his decision that a certain Local Authority was eligible to join the Agence France Locale Group and (ii) conduct any investigation it deems necessary to ensure that the scoring method was correctly applied at the time of membership.

Moreover, the Board of Directors:

- receives from the Issuer yearly updates on the Members' financial positions,
- prepares any resolution coming under the authority of ST's shareholders' meeting,
- presents the financial statements of the most recently completed financial year and the budget for the upcoming year at ST's ordinary shareholders' meeting, and
- formulates the instructions provided to ST's Chief Executive Officer, defines his role in representing ST and ensures that the Board decisions are carried out.

The Board of Directors makes any checks and controls that it deems appropriate. Each director receives all the necessary information to perform his or her duties and he or she may request any document considered useful.

#### IV. Deliberations of the Board of Directors

The Board of Directors meets at least quarterly and as frequently as ST's interests require.

The Board of Directors may only hold deliberations validly if at least half of its members are in attendance or deemed present.

#### V. Chairmanship of the Board of Directors

The Board of Directors appoints from among its members a chairman who must be a natural person lest the appointment be null and void. The Chairman does not receive compensation for the performance of his duties.

The Chairman is appointed for a renewable six-year term, which cannot exceed the term of his appointment as director. He is eligible in any event for re-appointment.

The Chairman organises and heads up the work conducted by the Board of Directors and reports on it to the shareholders' meeting. He oversees that ST's boards are running properly and, in particular, that the directors are capable in carrying out their mandate.

The Board of Directors also appoints from among its members a Vice Chairman whose role is to replace the Chairman in the event the latter is prevented from attending to his duties or dies. The Vice Chairman does not receive compensation for the performance of his duties.

#### VI. The Board of Directors' committees

The Board of Directors may form committees to analyse and issue an opinion on any matters put forth to it by the Board of Directors or its Chairman.

The Board of Directors determines the membership and the powers of the committees, which operate under its responsibility.

The Board of Directors places reliance on the work and diligence performed by the following two (2) specialised committees:

- an audit and risks committee; and
- an appointment, compensation and corporate governance committee

#### VII. The Board of Directors' compensation

The members of the Board of Directors are not paid any compensation for the performance of their terms of office. However, they may request reimbursement for any reasonable expenses that they made in connection with their duties upon submitting the appropriate receipts and documents.

### (ii) General management

#### (A) Appointment

The Board of Directors appoints the Chief Executive Officer. At the Chief Executive Officer's proposal, the Board of Directors may appoint one to three individuals to assist him as Deputy Chief Executive Officer(s).

The Chief Executive Officer and Deputy Chief Executive Officer cannot be more than 70 years old. When the Chief Executive Officer or Deputy Chief Executive Officer reaches this age during their term office, such term shall automatically terminate at the end of the upcoming ordinary shareholder's meeting convened to approve the financial statements for the recently completed financial year.

(B) Powers

The Chief Executive Officer is vested with the broadest powers to act in all circumstances on ST's behalf. He exercises the powers within the limit of the corporate purpose and subject to those powers expressly conferred to the shareholders' meetings and the Board of Directors, powers that are attributed, where relevant, to the General Secretary.

The Board of Directors may also reduce the scope of the Chief Executive Officer's power in a specific manner.

The Chief Executive Officer represents ST in its dealings with third parties. ST is bound by the actions of the Chief Executive Officer even if such actions are beyond the scope of the corporate purpose, unless it can prove that the third party knew that the relevant action was beyond the scope of the corporate purpose or had constructive knowledge thereof in view of the circumstances.

Under the Board of Directors' permanent control, the Chief Executive Officer ratifies the list of Local Authorities that are eligible to join the Agence France Locale Group according to the scoring method defined by the Board of Directors.

The provisions of ST's articles of association and the Board of Directors' decisions reducing the Chief Executive Officer's powers are not binding on third parties.

In agreement with the CEO, the Board of Directors shall determine the scope and duration of the powers granted to the Deputy CEOs. They shall have the same powers with respect to third parties as the Chief Executive.

(C) Compensation

The Board of Directors sets the compensation for the Chief Executive Officer and the Deputy Chief Executive Officer(s).

(D) Duration of terms of office

The Chief Executive Officer and the Deputy Chief Executive Officer(s), where relevant, are appointed for renewable six-year terms.

(E) Dismissal and impediment

The Board of Directors may dismiss the Chief Executive Officer at any time. The Deputy Chief Executive Officers may likewise be dismissed at the Chief Executive Officer's proposal.

In accordance with law, the Chief Executive Officer and/or any Deputy Chief Executive Officer who has been dismissed without just cause may claim damages from ST for the losses suffered resulting from such unjustified dismissal.

When the Chief Executive Officer ceases to perform or is prevented from attending to his duties, the Deputy Chief Executive Officers remain in office and conserve their powers until the appointment of a new Chief Executive Officer, unless otherwise decided by the Board.

(e) Additional information

(i) Share capital

On 14 March 2023, ST concluded its 35<sup>th</sup> share capital increase. As a result of this capital increase, ST's share capital stands at two hundred and twenty million seven hundred and forty six thousand five hundred euros (€220,746,500), divided into two million two hundred and seven thousand four hundred and sixty five (2,207,465) shares of a par value of 100 euros each, all of the same class and fully subscribed and paid-up.

(ii) Indebtedness represented by securities

At 31 March 2023, no debt was recorded in ST's company accounts. In its consolidated accounts, ST only held Issuer debt. At 31 March 2023, the amount of debt represented by a security of the Issuer, in accordance with the IFRS as adopted by the European Union, totalled 6,901 million euros. Between 1 April 2023 and the date of this Base Prospectus, the Issuer made 2 bond issues for a total principal amount of 525 million euros.

(iii) Memorandum and articles of association

In accordance with the provisions of article 2 of the articles of association, ST's corporate purpose consists of:

- establishing and becoming a shareholder of the Issuer, whose corporate purpose is to contribute funding to the Local Authorities;
- helping its shareholders generate first and foremost savings and not profits;
- guaranteeing the Issuer's financial commitments;
- defining the strategic focuses of the Agence France Locale Group, whose legal and operating structures include ST and the Issuer;
- managing the Agence France Locale Group's guarantee system;
- providing, where necessary, certain resources and services to the Issuer;
- and generally, carrying out transactions of any kind, whether they be economic, legal, financial, civil or commercial in nature, that may be related, directly or indirectly, to any of the above purposes or to any similar or related purpose.

(f) Material agreements

Other than the agreements described below, there are no material agreements (other than contracts entered into in the ordinary course of business) that confer rights, or place obligations, on ST or the Issuer that may have a material impact on ST's ability to perform its obligations to the Noteholders under the ST Guarantee.

## 4.2 Description of ST's shareholders

(a) Shareholder structure

ST's shareholder base is exclusively comprised of Local Authorities, which have obtained the requisite authorizations from their relevant governance boards and whose financial position makes them eligible to become Members of the Agence France Locale Group.

The number of ST shareholders is expected to increase in lock step with the Agence France Locale Group's expansion to the extent where, in accordance with the provisions Article L. 1611-3-2 of the CGCT, the Issuer may only grant loans to Members who have also become ST shareholders. ST therefore regularly, and in the context of its normal business, increases its capital in order to include these new Members into its share capital. In addition, this increase in the number of shareholders will lead to a correlative drop in each Member's relative weighting in ST's share capital; therefore, no controlling shareholders will exist.

As of the date of this Base Prospectus, ST's share capital is held by 521 Local Authorities and is distributed among the following Local Authority Members:

By joining the Agence France Locale Group, the Local Authority can benefit from the services offered by the Issuer, and its enrolment and payment of the ICC provide the equity that the Agence France Locale Group needs to make its business sustainable.

(i) Membership request

Only Local Authorities may apply to become members of the Agence France Locale Group and, simultaneously, ST shareholders.

The assessment of membership applications is based exclusively on objective indicators to assess, in particular, the relevant Local Authority's financial capacity, by reference to the criteria defined by the Decree (for all new entrants since 12 May 2020) and in accordance with Agence France Locale Group's scoring assessment methodology.

The evaluation process and scoring method adopted by ST's Board of Directors, based on the Executive Board's proposal and the Supervisory Board's opinion, are based on following three indicators: (i) solvency, (ii) budget sustainability and (iii) the Local Authorities' indebtedness. These three indicators have been weighted in relation to their size.

The criteria defined by the Decree and Agence France Locale Group's scoring assessment methodology are more fully described in paragraph 2.5(a) of the "Description of the Issuer" section of this Base Prospectus.

Under the supervision of the Board of Director or pursuant to a Board decision, ST's Chief Executive Officer sends formal acceptance of the membership.

(ii) Initial Capital Contribution

Membership is contingent upon payment of the ICC by the Members. The ICC payable at the time of joining is in principle valid for the Member's entire membership with the Agence France Locale Group except in the event of (i) capital increases or

contributions made pursuant to legal or regulatory requirements or (ii) changes in the scope of membership (transfer of competences).

In principle, pursuant to ST's articles of association (*statuts*), payment by Members of the ICC may be staggered over a maximum period of three (3) calendar years. As an exception, above a certain threshold set by the Board of Directors, Members may request to pay their ICC in installments over a maximum period, increased by decision of ST shareholders' combined general meeting of 27 May 2021, to ten (10) calendar years.

As an exception to the above, payment by instalment by Local Authorities of their ICC may be made by reference both to the amount of the ICC payable, as defined in the *statuts*, and also to the amount of borrowing by way of medium and long-term financing entered into by the Local Authority with the Issuer during the financial year n (the Borrowing Volume). The request to pay by instalments must be specified in the Membership Request and will be accepted subject to certain conditions set forth in the *statuts* :

- (i) undertaking to pay a fixed amount on the date membership commences (the First Instalment). In accordance with the *statuts*, the First Instalment is determined by ST's Board of Directors, on the proposal of the Executive Board and the opinion of the Supervisory Board of the Issuer. ST's Board of Directors establishes a single fixed amount applicable to all Local Authorities paying an ICC of an amount equal to or greater than 12 million euros and a single fixed amount applicable to all Local Authorities paying an ICC of an amount less than 12 million euros;
- (ii) undertaking to pay an annual portion (the **Portion**) of the balance of the total remaining unpaid ICC (the **Balance**) the amount of which is determined objectively each year by ST depending on the Borrowing Volume of the relevant Local Authority with the Issuer. In accordance with the *statuts*, the Portion is an amount equal to the higher of the following indicators, the values of which are determined by ST's Board of Directors, on the proposal of the Executive Board and the opinion of the Supervisory Board of the Issuer:
  - i. a percentage of the Borrowing Volume;
  - ii. a single fixed amount applicable to all Local Authorities paying an ICC of an amount equal to or greater than 12 million euros and a single fixed amount applicable to all Local Authorities paying an ICC of an amount less than 12 million euros.

In this regard, ST's Board of Directors at a meeting held on 23 June 2021 changed the value of the indicators used to determine the amount of the ICC portions to be paid, as follows:

In respect of the single fixed amount:

- The single fixed amount applicable to all members paying an ICC of an amount equal to or greater than 12 million euros is reduced from 1.5 million euros in the first year to 1 million euros in the first year;

- The single fixed amount applicable to all members paying an ICC of an amount less than 12 million euros is reduced from 1 million euros in the first year to 500,000 euros in the first year;

In respect of the above-mentioned Portion of the Balance:

- A percentage of the Borrowing Volume (whatever the ICC amount), unchanged at 3%; and
- A single fixed amount applicable to all Members paying an ICC of an amount equal to or greater than 12 million euros, unchanged at 500,000 euros; and
- A single fixed amount applicable to all Members paying an ICC of an amount less than 12 million euros, reduced from 250,000 euros to 125,000 euros.

Furthermore, the ST combined shareholders' general meeting, held on 17 May 2018, approved amendments to its bylaws establishing the possibility for Members to become members based exclusively on one or more ancillary budget(s), irrespective of the main budget.

The amount of the ICC is calculated as follows:

The amount of the ICC, expressed in euros, will equal:

**Max ( $k_a \cdot 0.80\% \cdot \text{Total Debt}$ ;  $k_a \cdot 0.25\% \cdot \text{Operating Revenue}$ )**

Where: **Max (x; y)** is equal to the highest value among x and y.

**Total debt** corresponds to the total outstanding loans recognised in management account of the Local Authority applying for membership, with respect to the third-to-last year preceding the date on which the decision on the Local Authority's membership becomes enforceable, unless such Local Authority has not closed out a minimum of two financial years as of the date thereof. In this case, and only where the Local Authority was not created as a result of a Transfer of Competence, the Total Debt presented in the administrative account of the preceding financial year (if one exists) or in the preliminary budget for the financial year in which the decision became enforceable shall be used.

The relevant Total Debt figure shall be that published by the General Directorate of Public Finances (the **DGFIP**), or, if applicable, the General Directorate of Local Authorities (the **DGCL**), and in the event that the DGCL and the DGFIP stop publishing such information, their replacement body, or if there is no replacement, the relevant Local Authority under the control of the Issuer on the relevant date. It is noted that:

- (i) Total Debt shall not include any debt related to project financing of private-public partnerships where the borrowing entity is not a shareholder of the Company. The following is also excluded from Total Indebtedness, since the amendments to the

articles of association made by the ST Shareholders at the Extraordinary General Meeting on 27 May 2021:

- debts subscribed by the Local Authority concerned and relating to repayable advances,
  - in the case of a Local Authority which is a public housing office, the debts contracted with the Caisse des Dépôts et Consignations.
- (ii) in the event where the Local Authorities decided not to include certain budgets (main and ancillary) in their Total Debt at the time of membership, such budgets shall not receive any funding from the Agence France Locale until they have been effectively included.
- (iii) The municipalities that belong to a tax-raising inter-communal cooperation public entity (EPCI) or a territorial public establishment as referred to in article L.5219-2 of the CGCT may request that the debts they allocated to such public entity are not included in their Total Debt so long as they submit to the ST documents proving such allocation.

**Operating Revenues** correspond to the total actual operating revenues recognised in the management account of the Local Authority applying for membership, with respect to the third-to-last year preceding the date on which decision on the Local Authority's membership becomes enforceable unless such Local Authority has not closed out a minimum of two financial years as of the date thereof. In this case, and only where the Local Authority was not created as a result of a transfer of competence, the Operating Revenues presented in either the administrative account of the preceding financial year (if one exists) or in the preliminary budget for the financial year in which the decision became enforceable shall be used.

The relevant Operating Revenues figure shall be that published by the DGFIP, or, if applicable, the DGCL, and in the event that the DGCL and the DGFIP stop publishing such information, their replacement body, or if there is no replacement, the relevant Local Authority under the control of the Issuer on the relevant date. It is noted that:

- (i) in the event where the Local Authorities decided not to include certain budgets (main and ancillary) in their Operating Revenues at time of membership, such budgets shall not receive any funding from the AFL until they have been effectively included;
- (ii) Tax refunds allocated as a payment by the EPCIs shall not be included in the amount of their Operating Revenues.

**$k_n$  and  $k_n'$**  are coefficients that are equal to or greater than one (1), determined by ST's Board of Directors at the proposal of the Executive Committee and with the opinion of the Issuer's Supervisory Board for each of the periods over which payment of the CCI can be phased, based on economic and financial criteria with the main goal of ultimately ensuring the Agence France Locale Group's capital adequacy in light of its mandate.

The final amount is rounded up to avoid the appearance of broken figures during the ST capital increases allowing the inclusion of ICCs.

The combined ST shareholders' general meeting, held on 30 September 2016, approved the amendments to the articles of association enabling Members, which so expressly request on the date of their accession, to benefit from an adjustment of the terms of payment of their ICC, allowing them to pay the amount of their ICC by instalments and over a period potentially exceeding three years.

These provisions of the articles of association are also valid for local authorities having become members based exclusively on one or more ancillary budget(s).

The amount of the ICC payable by Local Authorities opting to take advantage of adjusted ICC payment terms, expressed in euros, is determined as follows:

**Max (ka \*0.80%\* Total Debt; ka' \*0.25%\*Operating Revenue)**

Where:

**Max (x; y)** has the meaning given thereto above;

**Total Debt** has the meaning given thereto above;

**Operating Revenue** has the meaning given thereto above;

**ka et ka'** are coefficients greater than or equal to one (1) which shall be determined by ST's Board of Directors upon the proposal of the Executive Board and an opinion of the Issuer's Supervisory Board by reference to economic and financial criteria to ultimately ensure the Agence France Locale Group's capital adequacy in light of its mandate.

The final amount shall be rounded up to avoid any fractional entitlements whenever the share capital of ST is increased.

The combined ST General Meeting of shareholders, held on 30 September 2016, also approved the amendments to the articles of association enabling Local Authorities, which so expressly request on the date of their accession, to benefit from an adjustment of the method of calculation of their ICC (**Adjusted ICC**), and thus to take into account in calculating their ICC, subject to certain strictly defined conditions in ST's articles of association, the actual amount of their indebtedness.

The Adjusted ICC amount payable by Local Authorities that have expressly opted for an adjusted ICC calculation method is determined as follows:

Any Local Authority wishing to opt for Adjusted ICC must first determine the ICC amount payable pursuant to one or other of the formulae specified above by calculating the ICC based (a) on Total Debt and (b) Operating Revenue.

If the ICC amount calculated by reference to Operating Revenue is higher than such amount calculated by reference to Total Debt, the Local Authority may not adjust its ICC amount and must pay its ICC without benefitting from Adjusted ICC.

If the Local Authority is permitted to adjust the amount of its ICC, it shall nominate the reference calendar year to be used as the basis for determining its total indebtedness (**Reference Total Debt**).

A provisional ICC shall be calculated based upon the recorded or anticipated indebtedness in respect of the reference calendar year nominated for the purpose of either of the formulae referred to above (**Provisional Adjusted ICC**).

At the end of the nominated reference calendar year, the actual ICC amount shall be calculated as provided below (**Actual Adjusted ICC**).

Reference Total Debt shall mean (i) total debt for the calendar year preceding its accession or (ii) total debt of the calendar year in which it requested accession or (iii) total debt for the calendar year following that in which it requested accession.

If the relevant Local Authority decides not to include certain budgets (main or ancillary) in the definition of Reference Total Debt on the date of Request for Accession, the relevant budgets may not be financed by Agence France Locale until such budgets have effectively been included.

The amount of the Provisional Adjusted ICC as defined on the date of request for accession may not in any event be less than 80% of the amount of the ICC as calculated pursuant to one or other of the aforementioned formulae.

At the end of such reference calendar year, the Actual Adjusted ICC amount is calculated by reference to the total actual debt recorded for the reference calendar year (**Actual Debt**) and by reference to the actual operating revenue recorded for the reference calendar year (**Actual Operating Revenue**) pursuant to one or other of the aforementioned formulae.

Where the Actual Adjusted ICC amount calculated by reference to Actual Debt is less than the amount calculated by reference to Actual Operating Revenue, the Actual Adjusted ICC amount shall be determined by reference to Actual Operating Revenue.

The actual amount of Actual Adjusted ICC payable is determined as follows:

- (i) if the Actual Adjusted ICC is greater than the Provisional Adjusted ICC, the difference between the two such amounts must be paid, exceptionally, by single payment during the financial year following the reference calendar year and must be paid by the Local Authority no later than 31 December, upon demand by the Chief Executive Officer of ST. If the Local Authority fails to make such payment, it may be treated as a Dormant Member;
- (ii) if the Actual Adjusted ICC is less than the Provisional Adjusted ICC, the difference so determined shall be applied, as from the financial year following the reference calendar year, against the Actual Adjusted ICC amount.

The Adjusted ICC amount shall be rounded up to avoid any fractional entitlements whenever the share capital of ST is increased to incorporate ICCs into the share capital

(c) Stability of the shareholder base and changes impacting Members

(i) Stability of the shareholder base

The Agence France Locale Group's success is intrinsically linked to its shareholder base that provides both equity and the guarantees that it needs to carry out its mandate.

The contractual framework in place therefore maintains the stability of ST's shareholder base by stipulating the following:

- At the time of taking out any loan with the Issuer, Local Authorities must be Members, and in turn ST shareholders, to receive funding from the Agence France Locale Group and shall remain so until the loan has been fully paid back (forfeiture or loss of membership triggers an early repayment of the loans granted to Members);
- As part of the Shareholders' Agreement, ST's shareholders agree to hold on to their shares until the tenth (10<sup>th</sup>) anniversary of the full payment of their ICC;
- ST's articles of association set forth that the Board of Directors must approve any sale of shares;
- Any third party that purchases ST shares without the Board of Directors' approval shall be required to become a party to the Shareholders' Agreement without becoming a Member.

ST's Board of Directors may decide, by the unanimity of its members, to reduce the lock-up period mentioned above under exceptional circumstances.

Neither ST nor the Issuer shall be required to repurchase a Member's shares, except where approval has been denied or membership revoked.

(ii) Creation, regrouping and phase-out of Local Authorities

In the event a Local Authority's sphere of competence is amended, either by a transfer of competence, merger, regrouping or otherwise, ST's Board of Directors has the right to review the financial position of the Member(s) involved in these proceedings and may make them, where necessary, ineligible for loans granted by the Issuer by downgrading them to a Sleeping Member. The mechanism set forth in the Shareholders' Agreement may be activated in connection with the entry into force of the MAPTAM Law and the potential transfers of competence this law could result in.

In the event that such Local Authorities continue to be full Members, they are required to pay an additional ICC for the acquired competences if the transferring Local Authority did not pay an ICC for them. The calculation of the additional ICC is set forth in detail in the Shareholders' Agreement.

(d) Option to expel a Member

In certain exceptional circumstances, the Agence France Locale Group may expel a Member subject to the Board of Directors' decision with respect thereto.

Acting on a proposal of the Executive Board and the Supervisory Board, the Board of Directors may pass a decision, by a majority of two thirds of its members in attendance or represented, to expel a Member in one of the following cases:

- material breach by the relevant Member of one of its commitments under the Shareholders' Agreement, the Member Guarantees, ST's articles of association or, where relevant, the Issuer's articles of association;
- material breach by the relevant Member of one of the rules of the Agence France Locale Group's code of conduct and ethics;
- significant deterioration of the relevant Member's financial position to such an extent that it is no longer able to meet the solvency criteria its membership in the Agence France Locale Group is contingent to; or
- the relevant Member is a Sleeping Member that no longer has loans outstanding with the Issue

## **5. DESCRIPTION OF THE ISSUER'S INDIRECT SHAREHOLDERS: THE LOCAL AUTHORITIES**

### **5.1 Financial Information on the Members**

In light of the large and continually growing number of Members, incorporating the information on each of them in this Base Prospectus would be inconsistent with the objective under the Prospectus Regulation of providing easily understandable and readable information to the Noteholders.

Accordingly, the information required under section 3 of Schedule 21 of Delegated Regulation (EU) no. 2019/980, has been intentionally omitted from this Base Prospectus within the meaning of article 18 of the Prospectus Regulation.

### **5.2 Description of the Members and their institutions**

Article L. 1611-3-2 of the CGCT provides that the capital of Société Territoriale, and therefore indirectly of the Issuer, is wholly owned by the local authorities, their groupings and the local public establishments (EPLs).

This list of entities likely to be Members of the AFL Group is the result of several legislative changes that have progressively allowed new legal entities to be shareholders of Société Territoriale.

Thus, Law 2013-672 of 26 July 2013 only allowed local authorities and EPCIs with their own tax status to subscribe to the capital of Société Territoriale. The NOTRe Law opened up this possibility to the EPTs. The Engagement and Proximity Law has extended the possibility of subscribing to the capital of Société Territoriale to all groups of local authorities and EPLs, provided they meet the financial conditions specified in its implementing decree no. 2020-556 dated 11 May 2020, which was published on 12 May 2020 (see paragraph 2.5 (a) "Rating Policy" in the "Description of the Issuer" section).

These latest legislative changes, by allowing new entities to hold the capital of Société Territoriale, have opened up a new field of development for the Agence France Locale Group.

#### **5.2.1. Local Authorities**

Article 72 of the Constitution of 4 October 1958 provides that the local authorities include: *communes* or municipalities, departments, regions, special-status authorities and overseas authorities.

### 5.2.1.1. Municipalities

Created by a decree of 14 December 1789, the "*communes*" or municipalities are governed, in particular, by Articles L. 2111-1 to L. 2581-1 of the General Code for Local Authorities (CGCT). On 1 January 2023, there were 34,944 municipalities in mainland France and the overseas departments<sup>23</sup>. 97% of all the municipalities have a population of less than 10,000 inhabitants.

The municipal council, whose members are elected by direct universal suffrage in municipal elections, is the legislative body of this local authority. It is composed of the mayor, the deputy mayors and the municipal councillors. Its powers are very broad since the municipal law of 1884, which entrusts it with regulating "*through its deliberations the affairs of the commune*" (Article L. 2121-29 of the General Code for Local Authorities (CGCT)). The first of its prerogatives is to elect the mayor from among the municipal councillors.

The competences of the municipalities are vast; they benefit in particular from a general clause of competence, and can intervene in all the matters which present a communal public interest as long as they do not encroach on the competences attributed by the law to the State or to another territorial authority. In addition, many laws give the municipalities specific competences in various areas.

The municipal council may delegate some of its powers to the mayor. Article L. 2122-22 of the General Code for Local Authorities (CGCT) sets out a restrictive list of tasks that may be delegated to the mayor. The mayor alone is responsible for matters of policing. Mayors exercise this power through decrees, under the control of the prefect.

Almost all the municipalities are members of an EPCI with tax-raising powers or, where applicable, of the Métropole de Lyon, which is a territorial authority. There are four mono-communal islands enjoying special legislative dispensation (Ile d'Yeu, Ile de Bréhat, Ile de Sein and Ile de Ouessant).

The number of municipalities is relatively stable. Nevertheless, mergers of neighbouring municipalities are encouraged, and the merged municipalities constitute new municipalities. As of 1 January 2023, France has 795 new municipalities throughout the mainland, for a total of 2,553 *communes* and 2.5 million inhabitants.

The creation of new communes was provided for by Law 2010-1563 of 16 December 2010 on the reform of local authorities in order to make it easier to merge municipalities and to better combat municipal fragmentation. In the first four years of the law's application, only 13 new municipalities were created. In order to encourage the creation of new municipalities, Law 2015-292 of 16 March 2015 on the improvement of the regime of the new municipality, for strong and lively municipalities, completed the system by giving more prominence to the municipal councillors of the former municipalities.

New municipalities can be created to replace one or more neighbouring municipalities<sup>24</sup>. Such a merger follows a precise procedure, described by the General Code for Local Authorities (CGCT) (notably in its Article L. 2113-2). In this respect, only certain players can request the creation of a new municipality, namely the municipal councils of the merged municipalities and the prefect.

The new municipalities created in this way are subject to the rules applicable to municipalities<sup>25</sup> and only the newly created municipality has the status of a local authority. The former municipalities that make it up form delegated municipalities (*communes déléguées*).

### 5.2.1.2. Departments (*départements*)

The departments were created by the law of 22 December 1789 on the constitution of primary assemblies and administrative assemblies<sup>26</sup>. The department is a decentralised territorial authority

administered by a departmental council, its legislative body, and a president of the departmental council, which is the executive branch.

There are 96 departments in mainland France and 5 overseas departments (Guadeloupe, Reunion, Guyana, Martinique and Mayotte).

The departments are governed by Articles L. 3111-1 *et seq.* of the General Code for Local Authorities (CGCT). Their competences have been modified, the NOTRe law having notably abolished the general competence clause for these territorial authorities. In particular, this law reaffirms the vocation of the department to promote solidarity and territorial cohesion.

#### **5.2.1.3. Regions**

The region became a territorial authority, on a par with the communes and departments, by Law 82-213 of 2 March 1982.

The charter regulating the regions was redesigned under the law of 16 January 2015 on the shape of regions, regional and departmental elections and amending the electoral calendar. There are now 13 regions in "metropolitan" France, which includes Corsica, and 5 overseas regions (Guadeloupe, French Guiana, Réunion, Martinique and Mayotte).

Each of the regions is administered by:

- the regional council, its legislative body;
- the president of the regional council, its executive body;
- the regional economic, social and environmental council, an unelected body with advisory powers.

The NOTRe law also abolished the general competence clause for the regions and established the region as the competent level for economic development (Article L. 4221-1 of the General Code for Local Authorities (CGCT)).

#### **5.2.1.4. Special-Status Local Authorities**

As of the date of this Base Prospectus, only four special-status local authorities, as defined by Article 72 of the French Constitution, have been set up by lawmakers.

The first is the Corsican Regional Authority (*Collectivité territoriale de Corse* - CTC), established under Law no. 82-214 of 2 March 1982 relating to the special status of the Corsica region, which conferred for the first time ever a status separate from that of the other regions. This law was superseded by Law no. 91-428 of 13 May 1991 and then by Law no. 2002-92 of 22 January 2002 relating to Corsica.

The CTC has a specific institutional framework under which it is largely independent in managing its affairs and has authorities that are normally conferred upon regions. Additionally, the scope of some of the matters over which it has control has been broadened, such as national heritage conservation.

The second special status local authority is the Métropole de Lyon, which was established with deferred effect as of 1 January 2015 under the MAPTAM Law. Although is called a "metropolitan area," the Métropole de Lyon is actually a "special status local authority" as defined under Article 72 of the French Constitution. In addition to the competences of a metropolitan area as listed in Article L. 5217-2 of the CGCT, the Métropole de Lyon now has competence in all the matters that were previously performed by the Rhône department.

In addition, Law no. 2017-257 of 28 February 2017 on the status of Paris and metropolitan planning also created a single special-status authority called "Ville de Paris". This special-status local and regional authority has exercised the powers of the municipality and department of Paris since 1 January 2019.

Finally, since 1 January 2021, the departments of Haut-Rhin and Bas-Rhin have been merged into the European Collectivity of Alsace. This new authority created by Law 2019-816 of 2 August 2019 on the competences of the European Collectivity of Alsace is endowed with specific competences, more extensive than those of a department, adapted to the specific characteristics of Alsace.

Corsica and the Métropole de Lyon are still local authorities in their own right despite having an ad hoc status. Unless otherwise stipulated by law, they are both subject to the same rules and main principles.

### **5.2.2. Groupings of local and regional authorities**

On 1 January 2023, only four municipalities in mainland France were not members of an EPCI with tax raising powers (or of the Métropole de Lyon). These are mono-communal islands that enjoy a special legislative dispensation (Ile d'Yeu, Ile de Bréhat, Ile de Sein and Ile de Ouessant).

Groupings of local and regional authorities can be classified into two categories: tax-raising EPCIs and EPCIs without tax raising powers.

#### **5.2.2.1. Tax-Raising EPCIs**

Article L. 5210-1-1A of the CGCT states that the different categories of tax-raising EPCIs are municipality communities (*communautés de communes*), urban communities (*communautés urbaines*), conurbation communities (*communautés d'agglomération*) and metropolitan areas (*métropoles*).

##### **5.2.2.1.1. Urban communities**

Created by Law no. 66-1069 of 31 December 1966, urban communities have been the subject of several reforms (in particular Law no. 2010-1563 of 16 December 2010 on the reform of local and regional authorities and the MAPTAM Law). As at 1 January 2023, there were 14 urban communities in France.

The status of urban community is reserved for urban areas grouping together several municipalities located on a continuous strip of land without any enclosures, and with a population of at least 250,000 inhabitants, except in the case of previously created urban communities (Article L. 5215-1 of the French General Code for Local Authorities (CGCT)). The lowering of the previous threshold (450,000 inhabitants) is a consequence of the creation of the metropolitan area, which replaces the urban community to govern the largest urban areas.

The urban community exercises the competences transferred to it in place of the member municipalities. Urban communities only have mandatory competences (in particular the creation, development, maintenance and management of industrial, commercial, service, craft, tourist, port or airport activity zones, economic development actions and the local housing programme), unlike municipality communities, which can exercise optional competences.

A community council made up of delegates from the member municipalities administers the urban community.

##### **5.2.2.1.2. Conurbation communities**

The conurbation community, provided for in Article L. 5216-1 *et seq.* of the CGCT, was created by Law no. 99-586 of 12 July 1999. It is an EPCI with its own tax status. As at 1 January 2023, there were 227 conurbation communities in France.

The conurbation community brings together several municipalities located on a continuous strip of land without any enclosures. At the date of its incorporation, it must form a group of more than 50,000 inhabitants around one or more core municipalities of at least 15,000 inhabitants, unless an exemption is granted. The conurbation community is created for an indefinite time period and may span one or more departments. The decree issued to create the conurbation community sets forth where its seat

shall be located, based on the understanding that the perimeter of the conurbation community cannot be exactly the same as that of a department.

The conurbation community is governed by a community council (legislative body) made up of elected officials from the member municipalities and a chairperson (executive body) elected from among the council members. Councillors from municipalities with more than 1,000 inhabitants have been elected directly since the March 2014 municipal elections following the entry into force of Law no. of 16 December 2010, as amended by Law no. 2013-403 of 17 May 2013. Councillors from small-sized municipalities (fewer than 1,000 inhabitants) are still elected from within the municipal council.

The competences of conurbation communities are derived from Article L.5216-5 of the CGCT. These competences are diverse, and can be mandatory, optional and discretionary. Mandatory competences include economic development actions, local trade policy and support for commercial activities of community interest, the promotion of tourism, the comprehensive zoning and development plan and sector blueprint or the management of aquatic environments.

#### **5.2.2.1.3. Municipality communities**

Framework Law no. 92-125 of 6 February 1992 on the local administration of the French Republic led to the creation of “municipality communities”. On 1 January 2023, there were 992 municipality communities in France.

A municipality community combines together several municipalities that are required, from a territorial standpoint, to be on a continuous strip of land without any enclosures. It may be established for either an indefinite period of time or a definite period of time as stipulated in the decree of incorporation.

The municipality community is governed by a council (legislative body) made up of the elected officials from the member municipalities and a chairperson (executive body) elected from among the council members. Councillors from municipalities with more than 1,000 inhabitants have been elected directly since the March 2014 municipal elections following the entry into force of Law no. of 16 December 2010, as amended by French law no. 2013-403 of 17 May 2013. Councillors from small-sized municipalities (fewer than 1,000 inhabitants) are still elected from within the municipal council.

The powers of municipality communities are derived from Article L.5214-16 of the CGCT. These include mandatory, optional and discretionary powers. The main powers include, for example, the collection and treatment of household waste.

#### **5.2.2.1.4. Metropolitan areas (*métropoles*)**

*Métropoles* "were created by Law no. 2010-1563 of 16 December 2010 on the reform of local and regional authorities. EPCIs which form a group of more than 400,000 inhabitants on the date of creation, as well as urban communities created by Law no. 66-1069 of 31 December 1966, may become *métropoles*. A *métropole* is therefore created by the transformation of an EPCI with tax raising powers that has already been incorporated. Upon its creation, the *métropole* automatically replaces the EPCIs that are entirely included within its scope.

Law no. 2017-257 of 28 February 2017 on the status of Paris and metropolitan planning extended the possibility of transformation into a *métropole* to all EPCIs with more than 400,000 inhabitants, to those that are centres of an employment basin with more than 400,000 inhabitants and those with more than 250,000 inhabitants or that include within their scope, as at 31 December 2015, the seat of a region, which are centres of an employment basin with more than 500,000 inhabitants.

The *métropole* exercises a certain number of competences within the metropolitan scope, in place of municipalities (e.g. management of services of collective interest such as water and sanitation), the department (e.g. school transportation) and the region. The State can also delegate its competences in the field of housing to the *métropole*. As at 1 January 2023, there were 21 *métropoles* in France.

#### **5.2.2.2. Tax-raising EPCIs (*établissements publics de coopération intercommunale à fiscalité propre*)**

#### **5.2.2.2.1. Single-purpose inter-communal unions (*syndicats intercommunaux à vocation unique* - SIVUs)**

Created by the Law of 22 March 1890 on the associations of municipalities (*syndicats de communes*), (single- or multiple-purpose) inter-communal syndicates (*syndicats intercommunaux*) is a grouping (Article L. 5212-1 of the CGCT) that represents the least integrated category of EPCI.

The purpose of the SIVUs is limited to a single work or service of inter-communal interest. These associations or syndicates are known as "specialised" unions. They may nevertheless ensure the management of several works or services of inter-communal interest provided that they are complementary.

The *syndicat* committee is the legislative body of a SIVU. It is composed of delegates elected by the municipal councils of its member municipalities. It is essentially subject to the rules applicable to municipal councils.

The executive board of the association can comprise the president, one or more vice-presidents and possibly one or more other members of the legislative body. The functioning of the executive board is determined by the rules of procedure adopted by the *syndicat* committee.

The president of the *syndicat* is the executive body of the SIVU. He/she is elected by the *syndicat* committee. The powers of the president of a SIVU are in particular to prepare and execute the deliberations of the *syndicat* committee, to order expenditures, to prescribe the execution of the proceeds of the *syndicat*, and to represent the SIVU before the courts.

On 1 January 2023, there were 4,626 SIVUs in France.

#### **5.2.2.2.2. Multi-purpose *syndicats* (*Syndicat intercommunal à vocation multiple* (SIVOM)):**

SIVOMs are similar to SIVUs. Thus the bodies of the SIVOM are identical to those of the SIVU. The objects of the *syndicat* are not limited to one single work or one single object of inter-communal interest, but include several purposes.

When a municipality joins a SIVOM for only part of its powers, the SIVOM is categorised as an à la carte *syndicat*. Article L. 5212-16 of the CGCT sets forth the specific rules applicable in such cases (specific operating rules, voting, the ability to set special representation rules, transfer and re-transfer of powers, determining contributions).

On 1 January 2023, there were 1,207 SIVOMs.

#### **5.2.2.2.3. The Public Territorial institutions (EPT) of the Greater Paris Metropole (MGP)**

Established by the MAPTAM Law and enhanced by the NOTRe Law, the Greater Paris Metropolis (MGP) came into being on 1 January 2016.

Following consultation with the relevant local authorities, on the basis of Article 12 of the MAPTAM Law, the area of territory making up the MGP was established in a series of decrees dated 11 December 2015. The MGP is divided into 12 territories (T1 to T12), comprising Paris and 11 territories from 300,000 to 700,000 inhabitants, which together with the MGP make up a system of inter-municipal associations. On 1 January 2023, the 11 EPTs of the Greater Paris Métropole had an average population of 452,160 inhabitants<sup>27</sup>.

It should be noted that the EPTs have a legal status, their own competences and competences shared with the MGP. Furthermore, EPTs could, under the terms of Article L. 1611-3-2 of the CGCT, join the Agence France Locale Group in place of the EPCIs they had replaced.

With regard to their legal regime, the EPTs of the MGP are subject to the provisions applicable to associations of municipalities and described above (Article L. 5219-2 of the CGCT).

### 5.2.2.3. Syndicats mixtes

*Syndicats mixtes* are public inter-communal cooperation institutions that do not have their own tax status. Conversely, they are not EPCIs if they are also in associations with entities that are not municipalities. A *syndicat mixte* must include at least one local authority or grouping of local authorities and may not become a member of another *syndicat mixte* except in the limited cases provided by law.

*Syndicats mixtes* can be divided into two categories: open (*syndicats mixtes ouverts*) and closed (*syndicats mixtes fermés*).

#### 5.2.2.3.1. Syndicats mixtes ouverts

*Syndicats mixtes ouverts* (Articles L. 5721-1 to L. 5722-9 of the CGCT) are associations of local authorities, groupings of local authorities and other public law legal entities (Article L. 5721-2 of the CGCT). It is possible to form associations between inter-regional common utility institutions, regions, inter-departmental ententes or institutions, *départements*, inter-communal cooperation public establishments (all categories), communes, chambers of commerce and industry, chambers of agriculture, trade bodies and other public institutions. They are created by unanimous agreement of their members.

The *syndicats mixtes ouverts* have as their object the realisation of works or services which are useful to each of their legal entity members.

As regards membership of a *syndicat mixte* to another *syndicat mixte*, in a decision of 5 January 2005, the Conseil d'Etat held that a closed *syndicat mixte* (*syndicat mixte fermé*), in other words including only municipalities and EPCIs, could not become a member of an open *syndicat mixte*, insofar as the legislature, by not having established a specific procedure for consulting its members, would appear not to have authorised this.

On 1 January 2023, there were 796 open *syndicats mixtes*<sup>28</sup>.

#### 5.2.2.3.2. Closed syndicats mixtes

Closed *syndicats mixtes* are governed by Articles L. 5711-1 to L. 5711-4 of the CGCT. In contrast to the open *syndicats mixtes*, closed *syndicats mixtes* involve exclusively municipalities and EPCIs or only EPCIs.

However, the rules governing their operation are identical to those applicable to the inter-municipal *syndicats* (*syndicats intercommunaux*).

On 1 January 2023, there were 1,977 closed *syndicats mixtes*<sup>29</sup>.

#### 5.2.2.3.3. Metropolitan hubs

Metropolitan hubs (*pôles métropolitains*) were created by the Law of 16 December 2010 on the reform of local authorities. These are public institutions set up by agreement between EPCIs with their own tax status and, where appropriate, the Lyon *métropole*, with a view to actions of metropolitan interest, in order to promote a model of planning, sustainable development and territorial solidarity (Article L. 5731-1 of the CGCT). Some new municipalities may also join a metropolitan hub.

At least one of the EPCIs with tax raising powers that are members of a metropolitan hub must have more than 100,000 inhabitants. Under certain conditions, this threshold is lowered to 50,000 inhabitants.

<sup>28</sup> <https://www.banatic.interieur.gouv.fr/V5/accueil/index.php>

<sup>29</sup> <https://www.banatic.interieur.gouv.fr/V5/accueil/index.php>

The rules governing the operation of a metropolitan hub are the same as those applicable to *syndicats mixtes*. However, the rule for the distribution of seats among the members of a metropolitan hub is subject to specific provisions (Article L.5731-3 of the CGCT).

On 1 January 2023, there were 26 metropolitan hubs in France.

#### **5.2.2.3.4. Local and rural equilibrium hubs (PETR)**

The local and rural equilibrium hub (*pôle d'équilibre territorial et rural*) is an EPCI constituted by agreement between several EPCIs with tax raising powers and, where appropriate, a new municipality, on a continuous strip of land without any enclosures (Article L.5741-1 of the CGCT). These EPCIs are intended to group together territories, whether rural or not, located outside the *métropoles*.

Local and rural equilibrium hubs must draw up a territorial project on behalf of and in partnership with the EPCIs that make them up. This document defines the conditions for economic, ecological, cultural and social development within the perimeter of the local and rural equilibrium hub. It specifies the actions in the field of economic development, spatial planning and the promotion of ecological transition which are carried out by the EPCIs or, in their name and on their behalf, by the local and rural equilibrium hub. It must be compatible with the comprehensive zoning and development plans applicable within the perimeter of the hub. It may include provisions on any other matter of territorial interest.

The local and rural equilibrium hub is, unless otherwise stated, governed by the rules applicable to *syndicats mixtes* (Article L.5741-1 of the CGCT).

It comprises a council (*conseil syndical*), its legislative body, on which the EPCIs that make up the *syndicat* are represented, taking into account the population size of the members, it being specified that each EPCI member has at least one seat. It also includes a development council which must be consulted on the main orientations of the *conseil syndical* of the hub and which may be consulted (or give its opinion) on all issues of territorial interest. Finally, it also includes a conference of mayors consisting of mayors of the municipalities located within the perimeter of the local and rural equilibrium hub. This body is mainly consulted during the drafting, modification and revision of the territorial project.

On 1 January 2023, there were 125 PETR in France

#### **5.2.2.4. Local Public Institutions (*établissements publics locaux* - EPLs)**

Any public institution, whether national or local, is defined by three criteria: (i) it is a legal person (ii) under public law and (iii) with a special purpose. These three definitional criteria correspond to three main principles governing local public institutions: autonomy, affiliation and speciality.

Firstly, there is a principle of autonomy of the EPL, due to its legal personality. It has legal capacity, its own governing bodies and assets that are separate from those of the public entity to which it is affiliated. It also has its own budget. The bodies of the EPLs and their composition are defined by the specific statutes of each institution. They usually comprise a board of directors acting as the legislative body and a chairman or chief executive acting as the executive body.

Secondly, the principle of affiliation is the counterbalance to the principle of autonomy. It allows the founding community to appoint its elected representatives to the board of directors (organic affiliation) and to exercise a right of control over the most important decisions (functional affiliation). However, the principle of affiliation “*does not in itself imply any subordination*” (CE, opinion, 16 June 1992, *Chambre de commerce et d'industrie*, no. 351654).

Thirdly, the EPL is governed by a principle of speciality. Even if the case law admits the exercise activities complementary or ancillary to the main activity, especially when this activity is of an industrial and commercial nature (CE, opinion, 15 July 1992, EDCE, 1992, p. 435), the public institution can only act in order to achieve the purpose for which it was created (CE, 23 October 1985, *Commune de Blaye-les-Mines*, AJDA, 1986, p. 48).

When used by local authorities for the management of their public services, the public institution formula is very similar to the "*régie personnalisée*" system, where the institution has the status of legal entity, for which it is sometimes mistaken. There are, however, a number of specific public institutions which, at local level, are in charge of public services, without being constituted in the form of *régie personnalisée*.

The creation of both national and local public institutions is subject to a rigid formalism that derives from the legislator's competence under Article 34 of the Constitution to "*create categories of public institutions*". On the other hand, the creation of institutions within a pre-existing category and the determination, within the legislative framework, of the statutory rules of the institution is a matter for regulation. The creation of a new EPL must always be the subject of a specific decision by the local authority.

There is no precise and comprehensive typology when it comes to EPLs. The status of EPL covers a wide range of structures, such as municipal social action centres (Article L. 123-4 of the Social Action and Family Code), school funds (Article L. 133-10 of the Education Code), departmental fire and rescue services (Article L. 1424-9 of the CGCT), local civil service management centres, educational EPLs, public housing offices, public development institutions, local public land institutions and autonomous ports.

### 5.3. Budgetary principles and regulations applicable to Members

#### 5.3.1. Key budgetary principles

Like the State budget, the presentation of the budget of local authorities must respect the principles of classic budgetary law. These principles are included in the CGCT and the accounting nomenclatures applicable to Members.

These principles are as follows:

- The **principle of annuality** requires that the budget be programmed for a twelve-month period starting on 1 January and ending on 31 December and that each Member adopts its budget for the upcoming year prior to 1 January. They may request a legal extension until 31 March in the year to which the budget applies or until 15 April for the years in which the local legislative assemblies were renewed. Nevertheless, the application of this principle has been relaxed since the entry into force of French decree of 26 August 2005 (on simplifying and managing budgetary and accounting rules applicable to local authorities) due to the growing use of the plurality budgeting process.
- The **principle of equilibrium**: this implies that budget is based on a fair assessment of revenues and expenditures and that total operating and investment revenues equal total operating and investment expenditure.
- The **principle of unity** implies that all revenue and expenditure must be provided for and authorised by a single budget document, the Member's general budget. However, the general (or main) budget is often supplemented by ancillary budgets in which certain specialised local services such as water and sanitation are accounted for. These budgets make it possible to isolate the real cost of a service provided to users.
- The **universality principle** implies that all revenue and expenditure are entered in full without any adjustment against each other in the budget. It consists of two rules: non-compensation, which could lead to the presentation of a single non-itemised balance, and the prohibition of allocating a revenue to a specific expenditure.
- The **principle of expenditure specification** consists in authorising an expenditure to only one specific service or purpose. Therefore, loans are appropriated to a service or a group of services and are divided into chapters grouping together expenditures according to type and

purpose. The amount and nature of the planned operations are specified in an appropriate budget nomenclature.

- The **principle of sincerity**, inspired by private accounting law, which implies the completeness, consistency and accuracy of the financial information reported.

In cooperation with the regional accounting office (chambre régionale des comptes - CRC), the Prefect audits the principles under which the local budgets are prepared.

### **5.3.2. Members' budget system**

#### **5.3.2.1. Members' applicable budgetary and accounting instructions**

The budgetary and accounting instructions that apply to Local Authorities, EPCIs and combined *syndicats* vary in relation to each Authority. The accrual basis of accounting is used with a double-entry method (credit and debit) maintained by an accountant at the Treasury. The budgetary and accounting instruction applicable to the Members depends on the category in which they belong. The numerical references to the applicable charts of accounts are as follows:

- for municipalities, EPCIs and their administrative departments and establishments, municipal and inter-municipal social action centres and school funds, the applicable chart of accounts is the **M14** nomenclature;
- for entities managing industrial and commercial public services, in particular public corporations with legal personality and financial autonomy or sole financial autonomy, the **M4** is used;
- **M71** for the regions;
- **M52** for the departments;
- **M57** for the local authorities of French Guiana, Martinique, Corsica and the City of Paris. All local authorities and their public institutions may, by deliberation of their legislative assembly, choose to adopt this budgetary framework ( Article 106 III. of the NOTRe Law);
- **M22** for public social and medical-social institutions and services.

Social housing organisations are subject to the common law accounting rules applicable to private persons.

#### **5.3.2.2. The Members' budgetary framework**

Given that they are legal entities, the Members have their own assets and prepare their own budget. To implement their competences, each Member has financial autonomy recognised by law.

This financial autonomy is reflected in the annual vote of the primary budgets (**BP**) which forecast and authorise revenue and expenditure. The preparation of the budget is the responsibility of the executive body of the Member concerned. All expenditure must be reported truthfully and relate only to the Member's areas of competence. The budget is then voted by the Member's assembly.

The recognised transactions are then recorded in the administrative accounts (AA) voted on by the Members.

It may be necessary over the course of a year to prepare supplementary or amending budgets to adjust the revenues and expenditures to reflect the actual inflows and outflows.

For all Local Authorities, the budget is divided into two sections—operating and investment:

**(A) The operating section includes:**

- all expenses necessary for the functioning of the Local Authority (general expenses, personnel, current management, depreciation, provisions, elected representatives' allowances, contributions to the expenses of external bodies, financial expenses [including interest on debt], exchange rate losses, etc.);
- all revenue that the Local Authority may receive from transfers of expenditures, provision of services, government contributions, taxes and any reversal of depreciation and provisions that the Local Authority is able to make.

**(B) The investment section mainly comprises:**

- in expenditure: essentially operations that result in a modification of the consistency or assets of the Local Authority (purchase of durable equipment, construction or fitting out of buildings, infrastructure works, acquisition of shares in companies, etc.) as well as the capital repayment of loans and various expenses that have the effect of reducing the equity capital (write-backs or reversals, capital losses, etc.);
- in revenue: loans, State grants and subsidies, certain tax revenues, allocations from the Value Added Tax Compensation Fund, proceeds from the increase in the rate of road traffic fines, depreciation of fixed assets (for municipalities and EPCIs with a population of 3,500 inhabitants or more), the amount of participation instituted in development sectors, proceeds from the sale of fixed assets, the available result of the operating section, proceeds from the sale of financial fixed assets, gifts and bequests in kind and in cash.

**5.3.2.3. Local finance golden rules**

The CGCT imposes a financial restriction on local authorities that prohibits them from borrowing to reimburse the principal on their debt.

Article L. 1612-4 of the CGCT sets forth such restriction as follows: "*The budget of the local authority is in true balance when the operating and investment sections voted are in balance, revenue and expenditure having been assessed truthfully, and when the drawdown of revenue in the operating section for the benefit of the investment section, added to the revenue specific to this section, and excluding the revenue of loans and any provisions to amortisation and provisions accounts, provides adequate resources to cover the reimbursement of principal of loan payments to fall due during the year.*"

Moreover, borrowings can only be made to finance capital expenditure and not for operating expenses.

In addition, there is a "reinforced golden rule" which is not binding on local authorities. The golden rule which limits the purpose of borrowing to the financing of capital expenditure (excluding the repayment of debt principal) was reinforced by the LPFP 2018-2022 (Art. 29). Indeed, a national benchmark cap is now used to measure a local authority's or Tax-Raising EPCI's deleveraging capacity (ratio of outstanding debt to gross savings – main budget and ancillary budgets – defined by number of years). This cap, which varies according to the type of local authority or EPCI with tax raising powers (for municipalities and their groupings: 12 years; for departments: 10 years; for regions: 9 years), is not binding but makes it possible to identify local authorities whose financial situation is deteriorating.

**5.4. Budget control procedures for Members**

French law. of 2 March 1982 abolished all ex ante control over the acts of local authorities. The budgets voted by each Local Authority are now enforceable as a matter of law upon promulgation and transmission to the Prefect, who is the State representative in the department.

The budgetary acts of the local authorities fall under two ex post facto controls:

- as administrative acts, they are subject to the common law control of legality;
- as budgetary acts, they are subject to the special budgetary, judicial and management control procedures conducted by the CRCs.
- The legislative and regulatory framework in force for Members is defined in particular by:
- the CGCT;
- French decree of 7 November 2012 on budgetary management and public accounting;
- finance laws (*loi de finances*);
- applicable budgetary and accounting instructions;
- codifying instruction no. 11-022-M0 of 16 December 2011 on the collection of revenue by local authorities and local public institutions.

#### **5.4.1. Control by the public accountant**

The public accountant, an agent of the Public Finance Department, has a monopoly on the holding and use of public funds. He/she is therefore the only person authorised to collect revenue and pay expenditure. The public accountant performs the financial transactions and keeps a management account to record all of the Local Authority's expenditure and revenue.

He or she inspects that the expenses are recorded in the appropriate budgetary chapter and that the revenues come from a legal source. He or she cannot make any inspection as to appropriateness. Indeed, the public accountant cannot assess the relevance of the choices with respect to policy made by the local authorities since they govern themselves freely. Otherwise, the instructing party can "place a demand" on the accountant, i.e., force him/her to pay.

The accountant rejects any payment authorised by the instructing party whenever he or she detects an illegality.

Public accountants are held personally and financially liable for the payments they make. In the event of a discrepancy, the Minister of Finances can issue a reversal order that forces the accountant to pay out of his/her own pocket the corresponding sum immediately.

The EPCIs are subject to the provisions of Chapter VII of the single title in Book VI of the first part of the CGCT on the public accountant that are applicable to groupings of local and regional authorities. The specific texts for each category of local public institution may also refer to these provisions.

#### **5.4.2. Prefect's control of legality**

Article L.2131-6 of the CGCT provides that the Prefect defers any acts he/she deems contrary to the law to the administrative court within two months following their transmission to the Prefecture. The control of legality focuses on the conditions under which the budgetary documents and their appendices are prepared, adopted and presented.

As a rule, the deliberations of the Members' decision-making bodies must be submitted to the Prefect so he can perform the control of legality. This applies, in particular to deliberations in which the Guarantee Commitment of Members are authorised and will therefore, in principle, will be submitted to the control of legality.

The provisions of the CGCT on the control of legality and enforceability of the acts of the municipal, departmental and regional authorities are also applicable to EPCIs.

### 5.4.3. Control of the Regional Accounting Offices

The French law of 2 March 1982 established the Regional Accounting Offices (abbreviated "CRC") comprised of permanent magistrates, thereby counter-balancing the elimination of the government's a priori control over the acts of the local authorities. The powers of these courts are defined by law, but are also reflected in Articles L. 211-1 et seq. of the French Financial Jurisdiction Code (Code des juridictions financières).

The power of a CRC extends to all the local authorities within its geographical jurisdiction, whether they are municipalities, departments or regions, but also to their public institutions (including EPCIs and mixed syndicats).

In this context, the CRC's power of control is threefold. The first one is a budgetary control, which replaced the control exercised by the Prefect prior to the French Law of 2 March 1982. The second control is legal in nature and ensures that the transactions undertaken by the public accountant are compliant with applicable rules. The third control relates to management to verify ultimately that revenue received and expenditure incurred is made in a lawful and regular manner.

#### 5.4.3.1. Budgetary control

The control of the CRCs concerns the primary budget, the amending decisions and the administrative account.

The CRC takes action in four cases when:

- the preliminary budget is adopted post-deadline (after 15 April, except for years when the legislative assemblies are renewed and the deadline is extended to 30 April of that year). Beyond a two-week submission period, the Prefect must notify the CRC, which makes its recommendations within a month (Article L. 1612-2 of the CGCT);
- the voted budget is not actually balanced (revenues do not cover expenditures). This triggers three consecutive periods: (i) thirty days month for the Prefect to notify the CRC, (ii) another thirty-day period for the CRC to makes its recommendations, and (iii) one month for the Local Authority's decision-making body to bring itself in compliance and correct the budget (Article L. 1612-5 of the CGCT);
- If a compulsory expenditure is not recognised in the budget, or the recorded sum is insufficient, the same time periods apply, but the CRC, who may also be contacted by the public accountant, sends a formal notice to the Local Authority in question (Article L. 1612-15 of the CGCT);
- the budget is running a deficit (i.e., the sum of results of the two sections of the administrative account is negative) of more than 5% or 10% of the revenues of the operating section. Depending on the size of the Local Authority, the CRC puts forth measures for rectifying this within one month as from the date it was notified. The CRC also validates the primary budget for the following year (Article L. 1612-14 of the CGCT).

#### 5.4.3.2. Jurisdictional control

The CRC assesses all the accounts of public accountants of local authorities and their public institutions as well as the accounts of persons it has declared to be *de facto* accountants (Article L. 211-1 of the Financial Jurisdiction Code). This judicial control is the original mission of the CRC. It is a control to ensure that the transactions made by the public accountants are lawful and regular. It not only consists in checking that the accounts are accurate, but verifying that the accountant has indeed exercised all the controls he/she is required to make. However, conducting any control as to appropriateness is prohibited under French law of 21 December 2001 on the CRC and the Public Finance Courts. The CRC determines and recognises accounts as accurate according to decisions as to whether irregularities have been found.

#### **5.4.3.3. Management control**

The CRCs is also mandated with controlling the management of local authorities. They verify, on the basis of documents and on-site, the regularity of the revenue and expenditure described in the accounts of the bodies under their competence. This control is to examine as to whether the management of these authorities is sound and in compliance. It concerns not only the regularity of the management acts and the economy of the means used, but also the evaluation of the results achieved in relation to the objectives set by the legislative assembly or by the legislative body. The appropriateness of these objectives cannot be commented on; the CRCs seek primarily to assist and encourage local authorities to comply with the law, in order to prevent any sanctions.

Three major issues are covered in the letters of observation:

- balanced use of public finances;
- contained management of public services;
- compliance with public service key principles.

This mandate does not, however, sufficiently cover the requirements as the CRCs send their final letters of observations two to five years after the financial year close. A copy of these letters may be sent to any citizen who requests one.

The "improvement and decentralising" law of 5 January 1988 required a preliminary meeting at the time of the check to be scheduled not only between the reporting magistrate and the head of the Local Authority, but also with any persons responsible during the time period under audit. These provisions endeavour to improve the external control (uniform practices over the entire territory and confidentiality).

The CRCs make it a priority to check the efficiency of public policies. While it is not up to them to judge the municipality's decisions themselves, they make sure that the municipalities have adopted a structured organisation for their services and defined clear objectives, which are formally evaluated as well as tracked by performance indicators.

## TAXATION

*The following is a summary of certain considerations concerning withholding taxes applicable to payments in respect of Notes.*

*This summary is based on tax law in force on the date of this Base Prospectus and is subject to modification (potentially with retroactive effect). Such summary is provided by way of general information and is not a comprehensive analysis of all tax considerations that may be relevant to Noteholders. Noteholders' attention is drawn to the fact that the tax legislation of the State of the Noteholder and that of the jurisdiction in which the Issuer was incorporated (i.e. France) may have an impact on the income derived from the Notes. It is therefore recommended that prospective investors should consult with their own tax adviser to examine their individual circumstances in detail.*

### **Withholding tax on payments made outside France**

*The following is a summary of certain withholding tax considerations that may be relevant to Noteholders who do not also hold shares of the Issuer.*

The payments of interest and other similar income made by the Issuer with respect to Notes are not subject to the withholding tax set out under Article 125 A III of the French General Tax Code, unless such payments are made outside France in a non-cooperative State or territory within the meaning of Article 238-0 A of the General Tax Code (a **Non-Cooperative State or Territory**) other than those mentioned in point 2 of 2 bis of this Article 238-0 A of General Tax Code. If such payments under the Notes are made outside France in a Non-Cooperative State or Territory other than those mentioned in 2o of 2 bis of such article 238-0 A of the Code général des impôts, a 75% withholding tax will be applicable (subject to certain exceptions and to the more favourable provisions of an applicable double tax treaty), by virtue of Article 125 A III of the Code général des impôts. The list of non-cooperative States is published by ministerial order, which may be updated at any time and, in principle, at least once per year. The latest list of non-cooperative States is dated 3 February 2023 and includes fourteen non-cooperative States<sup>30</sup>.

Furthermore, according to Article 238 A of the General Tax Code, interest and other similar income on such Notes will not be deductible from the Issuer's taxable income, if they are paid or accrued to persons domiciled or established in a Non-Cooperative State or Territory or paid to an account held with a financial institution established in such a Non-Cooperative State or Territory (the **Deductibility Exclusion**). Under certain conditions, such non-deductible interest and other similar revenues may be requalified as deemed distributed income pursuant to Articles 109 et seq. of the French General Tax Code, in which case such non-deductible interest and other similar revenues may be subject to the withholding tax provided for in Article 119 bis 2 of the French General Tax Code, (i) at a rate of 12.8% for payments to individuals who are not resident in France for tax purposes, (ii) at the normal corporate tax rate specified in the second paragraph of Article 219 I of the French General Tax Code (i.e. 25% for financial years beginning on or after 1 January 2022) for payments made to legal entities that do not have their registered office in France or (iii) at a rate of 75% for payments made outside France in a Non-Cooperative State or Territory other than those mentioned in point 2 of 2 bis of this Article 238-0 A of the French General Tax Code (subject to certain exceptions and more favourable provisions of an applicable tax treaty).

---

<sup>30</sup> The list includes the following non-cooperative States: Fiji, Guam, US Virgin Islands, Palau, American Samoa, Samoa, Trinidad and Tobago, British Virgin Islands, Anguilla, Seychelles, Panama, Vanuatu, Bahamas and Turks and Caicos Islands. The non-cooperative States mentioned in 2° of 2 bis of article 238-0 A are the following: Panama, Fiji, Guam, US Virgin Islands, Palau, American Samoa, Samoa, Trinidad and Tobago.

## SUBSCRIPTION AND SALE

Subject to the terms and conditions contained in a French-language dealer agreement which shall be signed no later than 14 June 2023 entered into between the Issuer, the Permanent Dealers and the Arrangers (the **Dealer Agreement**), the Notes will be offered by the Issuer to the Permanent Dealers. However, the Issuer reserves the right to sell Notes directly on its own behalf to Dealers that are not Permanent Dealers. The Notes may be resold at prevailing market prices, or at prices related thereto, at the time of such resale, as determined by the relevant Dealer. The Notes may also be sold by the Issuer through the Dealers, acting as agents of the Issuer. The Dealer Agreement also provides for Notes to be issued in syndicated Tranches that are jointly and severally underwritten by two or more Dealers.

The Issuer will pay each relevant Dealer a commission as agreed between themselves in respect of Notes subscribed by such Dealer. If appropriate, the commissions in respect of an issue of Notes on a syndicated basis will be specified in the relevant Final Terms. The Issuer has agreed to reimburse the Arrangers for the expenses incurred by them in connection with the Programme, and the Dealers for certain expenses in relation to their role under this Programme.

The Issuer has agreed to indemnify the Dealers against certain types of liability they may incur in connection with the offer and sale of Notes. The Dealer Agreement entitles the Dealers, under certain circumstances, to terminate any agreement they may enter into for the subscription of Notes prior to payment for such Notes being made to the Issuer.

### 1. GENERAL

These selling restrictions may be amended by mutual agreement between the Issuer and the Dealers in particular following any change to any applicable law, regulation or directive. Any such amendments shall be set out in a supplement to this Base Prospectus.

Each Dealer has undertaken to comply, to the fullest extent of the information in its possession, with all relevant laws, regulations and directives in each country in which it buys, offers, sells or delivers Notes or in which it holds or distributes the Base Prospectus, any other offer document or any Final Terms and neither the Issuer nor any of the Dealers shall incur any liability in respect thereof.

### 2. EUROPEAN ECONOMIC AREA

Each Dealer has represented and warranted, and each new Dealer must represent and warrant, that it has not made and will not make an offer of Notes to the public in a member state of the European Economic Area (EEA). Each Dealer may however make an offer of such Notes to the public in that member state of the EEA:

- a) if the Final Terms in relation to the Notes specify that an offer of those Notes may be made other than pursuant to Article 1(4) of the Prospectus Regulation in that member state of the EEA (a **Non-exempt Offer**), following the date of publication of a Base Prospectus in relation to such Notes which has been approved by the competent authority in that member state of the EEA or the United Kingdom or, where appropriate, approved in another member state of the EEA and notified to the competent authority in that member state of the EEA, provided that any such Base Prospectus has subsequently been completed by the Final Terms contemplating such Non-exempt Offer, in accordance with the Prospectus Regulation in the period beginning and ending on the dates specified in such Base Prospectus or Final Terms, as applicable;
- b) at any time to any legal entity which is a qualified investor as defined under the Prospectus Regulation;

- c) at any time to fewer than 150 natural or legal persons (other than qualified investors as defined in the Prospectus Regulation ), subject to obtaining the prior consent of the relevant Dealer or Dealers appointed by the Issuer for any such offer; or
- d) at any time in any other circumstances falling within Article 1(4) of the Prospectus Regulation, provided that no such offer of Notes referred to in (b) to (d) above shall require the Issuer or the Dealer(s) to publish a Base Prospectus pursuant to Article 3 of the Prospectus Regulation or any supplement to a prospectus pursuant to Article 23 of the Prospectus Regulation.

For the purposes of this provision, (a) the expression **offer of Notes to the public** in any member state of the EEA means the communication addressed in any form and by any means whatsoever to persons and providing sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide or not to purchase or subscribe for the Notes and the expression **Prospectus Regulation** means Regulation (EU) 2017/1129 of the European Council and Parliament dated 14 June 2017.
